1966. No. 223 **[C]**

ACCREDITED PIG HERDS AND PIG TESTING SCHEME (NORTHERN IRELAND) 1966

SCHEME, DATED 20TH SEPTEMBER 1966, MADE BY THE MINISTRY OF AGRICULTURE UNDER SECTION 9 OF THE AGRICULTURE ACT (NORTHERN IRELAND) 1949.

The Ministry of Agriculture for Northern Ireland by virtue and in exercise of the powers conferred on it by Section 9 of the Agriculture Act (Northern Ireland) 1949(a), and of every other power enabling it in that behalf and with the approval of the Ministry of Finance for Northern Ireland, hereby makes the following Scheme:—

Citation and Commencement

1.—(1) This Scheme may be cited as the Accredited Pig Herds and Pig Testing Scheme (Northern Ireland) 1966, and shall come into operation on 1st October 1966.

Revocation

2. The Accredited Pig Herds and Pig Testing Scheme (Northern Ireland) 1965(b) is hereby revoked save that any herd accredited under that Scheme may remain so accredited until the first assessment of the herd under this Scheme. No herd shall remain accredited under the 1965 Scheme after 30th September 1967.

Definitions

3. In this Scheme:—

"approved" means approved by the Ministry;

"authorised" means authorised by the Ministry;

"approved fattening farm" means a farm which has been approved by the Ministry as suitable for the purpose of fattening pigs off for slaughter and where the owner has agreed to mark all pigs being sold at bacon weight in accordance with sub-paragraph (*j*) of Article 6 of the Scheme;

"hog" means a castrated male pig;

"Pig Production Development Committee" means the Committee established in accordance with Section 1 of the Pig Production Development Act (Northern Ireland) 1964(c);

"sow" includes gilt;

"sib" means a pig from the same sire and dam as the boar to be tested;

"half-sib" means a pig from the same sire but not the same dam as the boar to be tested.

Register of Accredited Herds

4.—(1) With the object of aiding, improving and developing the breeding of swine in Northern Ireland, the Ministry shall set up a register of pig herds in two sections, the first to be called "The Register of Accredited Elite Pig Herds" and the second to be called "The Register of Accredited Multiplying Pig Herds", in which shall be entered the names and addresses of herd owners and particulars of their herds when the Ministry is satisfied that the owners have complied with the conditions of Part I or Part II of the Scheme as the case

(a) 1949. c. 2.
(b) S.R. & O. (N.I.) 1965, No. 7.
(c) 1964. c. 25 (N.I.).

may be and whose herds have attained the standards set out in the Third Schedule.

(2) All breeding stock in a herd shall be entered in the Scheme.

(3) An owner may enter portion of his herd in Part I and the remainder in Part II of the Scheme but in such a case not fewer than 30 sows shall be entered in Part I.

PART I—ELITE PIG HERDS

Entry to Part I

5. Entry of a herd to Part I of this Scheme shall be subject to the following Rules:—

(*a*) the application for entry shall be in the form set forth in the First Schedule save that such application need not be made in respect of a herd where recording is already being supervised by the Ministry prior to the commencement of the Scheme and where the herd fulfils the conditions of Article 6(*e*) below and provided also that the owner of such a herd shall give a written undertaking that he will comply with the conditions of the Scheme;

(*b*) only pedigree pigs of the Large White, Landrace or other approved breed or strain shall be eligible for entry into the Scheme and the following paragraphs of this Article refer only to such pigs;

(*c*) where the application is in respect of pedigree pigs of more than one breed, each breed shall be regarded as a separate herd for the purposes of this Scheme;

(*d*) the herd shall consist of not less than fifteen breeding sows based on a quarterly average of that number taken over a period of one year whilst recording in the Scheme, and such sows together with the stock boars shall be deemed to constitute the herd of the applicant for the purposes of the Scheme.

Acceptance to Part I

6. The Ministry, on receipt of an application, may intimate its acceptance of a herd into Part I of the Scheme provided that in its opinion the herd satisfies the conditions set forth in the Second Schedule and after receipt of notice of such acceptance the herd owner shall observe the following rules with respect to the herd:—

(*a*) mark all pigs to the satisfaction of the Ministry;

(*b*) register with the appropriate Breed Society all stock retained for breeding;

(*c*) give the Ministry written notice of his intention to transfer any pig into the herd at least 48 hours prior to such transfer;

(*d*) a pig which has been removed from a herd shall not be returned to that herd without the Ministry's written permission;

(*e*) maintain not less than fifteen sows of each breed of swine accepted in the Scheme based on a quarterly average of that number over a period of one year whilst recording in the Scheme;

(*f*) notify the Ministry of all births within one week of the date thereof;

(*g*) record the number of pigs born, the number alive at 21 days and 42 days old, abnormalities, ages and weights at slaughter and any other information that the Ministry may require;

(*h*) weigh and record the weights of all pigs at 21 days and 42 days old;

(*i*) arrange for the feeding on the farm or on an approved fattening farm and sale live at bacon weight to the Pigs Marketing Board for slaughter all pigs not retained or sold for breeding purposes;

(*j*) each pig being sold at bacon weight for slaughter shall have been marked with a numbered metal ear tag or other approved system of marking; the marked number shall be entered on a card provided by the Ministry for such purpose and forwarded with the pig to the bacon factory;

(*k*) submit each month on a form provided by the Ministry for the purpose details of stock sold for breeding and of stock which have died;

(*l*) submit on request to the Ministry the grading data including weight and age at slaughter of all pigs sold for slaughter from the herd during the preceding year;

(*m*) provide all the necessary facilities and assist the Ministry's officers in the weighing of pigs, checking of records and in all other matters connected with the Scheme;

(*n*) permit the Ministry to take blood samples of any pig being recorded in the Scheme or to carry out any post-mortem examination of any sick or dead pig as it may require;

(*o*) supply to the Ministry for performance testing or progeny testing at the Pig Testing Station such pigs as the Ministry may select.

Accreditation of Elite Pig Herds

7.—(1) When the Ministry is satisfied after its acceptance of a herd that the rules and conditions contained in Article 6 have been observed and that over a period of one year the standards laid down in the Third Schedule have been attained, the herd shall be registered as an Accredited Elite Pig Herd and shall, unless such registration is cancelled, so remain for a period of one year from the date of the registration. While such registration continues the herd owner shall as directed by the Ministry:—

(*a*) supply progeny of his stock boars for testing at the Ministry's Pig Testing Station with at least one boar to be tested each year for every ten sows being recorded in the herd and with a minimum of two boars undergoing test in any year;

(*b*) follow an approved programme of matings and farrowings.

(2) A herd which, on assessment, does not attain the prescribed accreditation standards or an Accredited Elite Pig Herd which fails to maintain the said standards at an annual re-assessment shall be re-assessed at intervals of three months on the basis of the herd records over the preceding twelve months and shall be registered, or re-registered as the case may be as an Accredited Elite Pig Herd at the first qualifying assessment.

(3) The owner of an Accredited Elite Pig Herd shall sell stock for breeding in Northern Ireland.

Performance and Progeny Testing

8.—(1) The Ministry shall have absolute discretion as to which pigs are tested at the Ministry's Pig Testing Station.

(2) Four pigs from each of six litters sired by each stock boar in an Accredited Elite Pig Herd shall be selected for testing. Each litter group shall subject to paragraph (1) consist of two boars selected by the owner, one gilt and one hog selected by the Ministry. In addition to taking part in the progeny test, the two male pigs in the litter shall be performance tested. The litters

from which the pigs are selected shall comply with the conditions set out in paragraphs (1) and (2) of Part I of the Fourth Schedule.

(3) Delivery of pigs to the Ministry's Pig Testing Station shall be in accordance with the paragraphs (3), (4) and (5) of Part I of the Fourth Schedule.

(4) The system of testing, the method employed and the standards applied shall be determined by the Ministry in consultation with the Pig Production Development Committee.

(5) The Ministry may at its discretion accept for testing pigs from pedigree or non-pedigree litters which are not born in an Accredited Elite Pig Herd or in a herd which has been accepted for entry into the Scheme provided that a request for such testing is received from the owner at least three weeks before each litter is born and provided also that the herd owner shall comply with sub-paragraphs (*f*), (*g*), (*h*) and (*m*) of Article 6 in respect of all such litters.

Assessment of Performance Tested Boars

9.—(1) A boar which has been performance tested at the Ministry's Pig Testing Station shall be assessed by the Ministry in accordance with the provisions set out in Part II of the Fourth Schedule.

(2) Boars qualifying for retention as stock boars as a result of the performance test shall be classified as Group I or Group II boars according to the results obtained and shall be sold to the entrants on such terms as the Ministry may in consultation with the Pig Production Development Committee determine; boars not classified as Group I or Group II shall be sold for slaughter;

Assessment of Progeny Tested Boars

10.—(1) A boar shall become approved when at least six litters sired by him have been tested at the Ministry's Pig Testing Station and have attained the required standards following assessment in accordance with Part III of the Fourth Schedule, provided that the Ministry may also approve a boar which has been progeny tested at another Testing Station where his progeny have attained standards which are deemed by the Ministry to be equivalent to those laid down in this Scheme.

(2) A boar which on test is found to be transmitting abnormalities shall be slaughtered.

PART II—MULTIPLYING PIG HERDS

Entry to Part II

11. Entry of a herd to Part II of the Scheme shall be subject to the following Rules:—

(*a*) the application for entry shall be in the form set forth in the First Schedule, save that such application need not be made in respect of a herd where recording is already being supervised by the Ministry prior to the commencement of the Scheme provided that the owner of such a herd shall give a written undertaking that he will comply with the conditions of the Scheme;

(*b*) the herd shall comprise not less than four breeding sows; and

(*c*) all female breeding stock intended for recording in the Scheme must be approved by the Ministry.

Acceptance to Part II

12. The Ministry on receipt of an application may intimate its acceptance of a herd into Part II of the Scheme provided that in its opinion the herd satisfies

the conditions set forth in paragraphs (1), (3) and (4) of the Second Schedule and after receipt of notice of such acceptance the herd owner shall observe the following rules with respect to the herd:—

(*a*) mark all pigs to the satisfaction of the Ministry;

(*b*) give the Ministry written notice of his intention to transfer any pig into the herd at least 48 hours prior to such transfer;

(*c*) obtain the permission of the Ministry prior to returning to the herd a pig which had been removed from the herd;

(*d*) notify the Ministry of all births within one week of the date thereof;

(*e*) record the number of pigs born, the number alive at 21 days and 42 days old, abnormalities, ages and weights at slaughter and any other information which the Ministry may require;

(*f*) feed on the farm and sell live at bacon weight to the Pigs Marketing Board for slaughter all pigs not retained or sold for breeding purposes. The number of pigs sold at bacon weight for slaughter shall be at least 40 per cent. of the total number of pigs weaned;

(*g*) each pig being sold at bacon weight for slaughter shall have been marked with a numbered metal ear tag or other approved system of marking; the marked number shall be entered on a card provided by the Ministry for such purpose and forwarded with the pig to the bacon factory;

(*h*) submit each month on a form provided by the Ministry for the purpose details of stock sold for breeding and of stock which have died;

(*i*) submit on request to the Ministry the grading data including weight and age at slaughter of all pigs sold for slaughter from the herd during the preceding year;

(*j*) provide all the necessary facilities and assist the Ministry's officers in the weighing of pigs, checking of records and in all other matters connected with the Scheme;

(*k*) all female breeding stock not bred in the herd must be bred in herds accredited as Elite Pig Herds under the Scheme or from a herd which has attained standards deemed by the Ministry to be equivalent to the standards set out in the Third Schedule;

(*l*) use only in the herd a stock boar bred in an Accredited Elite Pig Herd which has been classified as a result of performance testing in accordance with the provisions of Article 9, or a boar deemed by the Ministry to be of equivalent standard of such a boar;

(*m*) permit the Ministry to take blood samples of any pig being recorded in the Scheme or to carry out any post-mortem examination of any sick or dead pig as it may require.

Accreditation of Multiplying Pig Herds

13.—(1) When the Ministry is satisfied after its acceptance of a herd that the Rules contained in Article 12 have been observed and that over a period of one year the standards laid down in the Third Schedule have been attained, the herd shall be registered as an Accredited Multiplying Pig Herd, and shall, unless such registration is cancelled, so remain for a period of one year from the date of such registration.

(2) A herd which, on assessment, does not attain the prescribed accreditation standards of an Accredited Multiplying Herd which fails to maintain the said standards at an annual re-assessment shall be re-assessed at intervals of three months on the basis of the herds records over the preceding twelve months and

shall be registered, or re-registered, as the case may be as an Accredited Multiplying Herd at the first qualifying assessment.

(3) The owner of an Accredited Multiplying Herd shall sell stock for breeding in Northern Ireland and accreditation may be suspended or withdrawn where in the opinion of the Ministry a reasonable proportion of breeding stock from a herd is not sold for breeding in Northern Ireland.

(4) The owner of an Accredited Multiplying Pig Herd may breed, maintain and sell for breeding purposes, crossbred female stock from the herd provided that such stock result from an approved breeding programme.

GENERAL—ELITE AND MULTIPLYING HERDS

Fee

14. A fee of 5/- shall be payable to the Ministry in respect of each litter born and notified in accordance with Articles 6(*f*) and 12(*d*).

Cancellation of Acceptance, Registration or Approval

15. The Ministry shall have power to suspend or cancel any Acceptance, Registration or Approval granted in accordance with this Scheme and to remove from the Scheme any participant who fails to comply with any of the provisions of the Scheme.

Publication

16. The Ministry may at its discretion publish the names of owners of Accredited Elite or Multiplying Pig Herds, the standards attained by those herds, the standard of performance tested or progeny tested boars and any other information pertaining to herds accepted into both parts of this Scheme.

Entry of Pigs in Other Organised Tests

17. Pigs from accredited herds or herds which have been accepted for entry into the Scheme may with the approval of the Ministry be entered for other organised tests and the Ministry may accept for purposes of this Scheme data obtained during the course of such tests.

Incentive Payments

18. Nothing in this Scheme shall prevent the Pig Production Development Committee from authorising the Ministry to make incentive payments to the owners of accredited pig herds under the provisions of Section 2 of the Pig Production Development Act (Northern Ireland) 1964 or to withhold such payments where a herd ceases to be accredited or where the owner of the herd fails to comply with any of the requirements of the Scheme applicable to his herd.

Sealed with the Official Seal of the Ministry of Agriculture for Northern Ireland this 20th day of September 1966 in the presence of

(L.S.) *J. A. Young,*
Assistant Secretary.

The Ministry of Finance hereby approves of the foregoing Scheme.

Sealed with the Official Seal of the Ministry of Finance for Northern Ireland this 20th day of September 1966 in the presence of

(L.S.) *R. H. Kidd,*
Assistant Secretary.

FIRST SCHEDULE (Articles 5 and 11)

GOVERNMENT OF NORTHERN IRELAND

MINISTRY OF AGRICULTURE

ACCREDITED PIG HERDS SCHEME (NORTHERN IRELAND) 1966

Application for Entry to Part I or Part II

(1) I (Mr., Mrs., Miss) .....
(Give full Christian names and Surname in Capitals)

of .....

.....

Telephone No. ..... County .....
hereby apply for entry of my pig herd to Part I/Part II of the above-mentioned Scheme.

(2) The total number of pigs owned by me is as follows:—

(*a*) PEDIGREE BREEDING STOCK

Breed	Sows	Gilts	Boars

These are kept at .....

(*b*) OTHER PIGS

Breed	Sows	Gilts	Boars	Other Pigs

These are kept at .....

(3) Details of * pedigree/non-pedigree pigs which I apply to have entered in the Scheme.

*Insert Breed

Description (i.e., Sow, Gilt or Boar)	Herd Book No.	Ear No.	Description (i.e., Sow, Gilt or Boar)	Herd Book No.	Ear No.
			Continue overleaf if necessary		

(4) I hereby undertake, in the event of my herd being accepted into the Scheme, to comply with all the conditions and requirements of the Scheme. I understand that, in the event of my herd achieving Accredited status, failure to comply with the conditions and requirements of the Scheme shall result in the suspension or cancellation of the accreditation of my herd and that I shall cease to be eligible for any financial incentives to which accreditation may entitle me.

Date ..... Signature .....

SECOND SCHEDULE (Articles 6 and 12)

GOVERNMENT OF NORTHERN IRELAND

MINISTRY OF AGRICULTURE

ACCREDITED PIG HERDS SCHEME (NORTHERN IRELAND) 1966

Conditions to be satisfied before acceptance

(*Paragraph 2 does not apply to Multiplying Pig Herds in Part II of Scheme*)

(1) All swine on the applicant's farm shall be sound and healthy.

(2) All breeding stock in the herd shall have been registered in the Herd Book of an approved Breed Society or other approved register.

(3) The housing for the stock shall in the Ministry's opinion be adequate and suitable.

(4) The necessary facilities shall be available for the weighing of pigs, the checking of records and all other matters connected with this Scheme.

THIRD SCHEDULE (Articles 7 and 13)

GOVERNMENT OF NORTHERN IRELAND

MINISTRY OF AGRICULTURE

ACCREDITED PIG HERDS SCHEME (NORTHERN IRELAND) 1966

Standards for Accreditation

(*Applicable to both Elite and Multiplying Pig Herds*)

(1) The average number of pigs reared to 42 days old per litter over a period of one year shall not be less than eight.

(2) The average standards over a period of one year for carcases of pigs slaughtered from litters notified under the Scheme shall be as follows:—

(*a*) age at slaughter, not more than 195 days;

(*b*) not less than 62 per cent. of carcases shall have maximum backfat measurements of 48 millimetres at the shoulder and 28 millimetres at the loin and not less than 15 millimetres at mid-back;

(*c*) carcase length not less than 795 millimetres.

FOURTH SCHEDULE (Articles 8, 9 and 10)

GOVERNMENT OF NORTHERN IRELAND

MINISTRY OF AGRICULTURE

ACCREDITED PIG HERDS SCHEME (NORTHERN IRELAND) 1966

PART I

Conditions for admission of Progeny to Pig Testing Station for performance and progeny testing

(*Applicable to Accredited Elite Pig Herds only*)

(1) All pigs in each litter shall be free from disease and congenital deformity.

(2) The number of pigs in each litter for test shall be not less than seven pigs at 42 days of age.

(3) The pigs for testing shall be delivered to the Ministry's Pig Testing Station by the owner at such times as the Ministry may require.

(4) On delivery the average weight of the four pigs for test shall be between 40 lb. and 50 lb.

(5) The Ministry shall pay the owner for the pigs by weight at a rate per pound determined by the Ministry so that the amount payable shall approximate to the current market value of the pigs and the pigs shall then become the property of the Ministry.

PART II

Standards required for Performance Tested Boars to be classified as Group I or Group II Boars

(*Applicable to Accredited Elite Pig Herds only*)

Boars which are performance tested in accordance with the provisions of Articles 8 and 9 shall be assessed by the Ministry by visual inspection and an index based on the following characters which may be available in relation to the boar or his sibs or half-sibs:—

(*a*) daily liveweight gain;

(*b*) efficiency of food conversion;

(*c*) average backfat thickness;

(*d*) the carcase length;

(*e*) the eye muscle area;

(*f*) such other characters as the Ministry may from time to time determine.

PART III

Standards required in Progeny of Boar for Approval

(*Applicable to Accredited Elite Pig Herds only*)

Boars which are progeny tested in accordance with the provision of Article 8 shall be assessed by the Ministry on the results achieved by all their progeny under test based on a selection index drawn up by the Ministry in consultation with the Pig Production Development Committee. The boars shall be classified on index into three categories and the first category, which shall not normally exceed one-third of the total number of boars progeny tested, shall be classified as approved boars. Boars in the third category which shall not normally be less than one-third of the total number of boars progeny tested shall not be used for breeding either in Elite or Multiplying herds and the owners of such boars shall be so advised by the Ministry. Where some of the progeny of a boar on test die before the test is completed the Ministry may at its discretion assess the boar on the results obtained by the remaining progeny.

EXPLANATORY NOTE

(This Note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme replaces an existing Scheme. The most important change is that for purposes of Accreditation pig herds may be registered either as Elite or Multiplying Herds. The purpose of the Elite herd is to produce top quality breeding stock and as the name implies the Multiplying herd is intended to increase the numbers of such stock for sale to commercial pig producers.

The Pig Production Development Committee has authorised the Ministry to make the following incentive payments out of the Pig Production Development Fund to the owners of Accredited pig herds:—

(1) £4 for every litter produced by each sow in the herd provided that the sow maintains an average of eight or more pigs reared to six weeks and an average farrowing index of not more than 200 days and provided that the maximum payable to any herd owner shall be limited to £800 in any period of 12 months.

(2) £2 10s. 0d., in addition to the market value per lb., for every pig accepted in the Pig Testing Station from an Accredited Elite Herd.

(3) Performance Tested Boars
Group 1—£25 per boar
Group 2—£15 per boar

These grants will be paid for boars used within the breeding unit or for boars sold for breeding. In the case of boars used within the breeding unit these payments will be limited to one boar per year for each unit of seven sows. Each boar that is finally passed as suitable for breeding will be returned to the breeder who entered it for testing at a fixed price of £30.

(4) £20 for each stock boar reaching approved standard on progeny test.

1966. Nos. 224, 225

These Orders have been exempted from printing by the Statutory Rules Act (Northern Ireland) 1958. Summaries are given in the List of Statutory Rules and Orders of a Local Character under the heading ROADS.
