EXPLANATORY NOTE

(This Note is not part of the Regulations.)

The Agricultural or Forestry Tractors (Type Approval) (Fees) Regulations 1976 prescribed fees payable for the testing of agricultural or forestry tractors and the issue of documents in connection with the type approval of such tractors for the purposes of Community Directives.

These Regulations re-enact both Schedule 1 (which sets out the standard scale of fees for tests) and Schedule 2 (which sets out the fees for the issue of documents), providing for an increase in all the fees payable under the Regulations.

In addition these Regulations prescribe fees for the testing of agricultural or forestry tractors in connection with the type approval of such tractors for the purposes of Community Directives relating to braking devices and passenger seats. Provision was made for type approval in respect of braking devices and passenger seats in the Agricultural or Forestry Tractors (Type Approval) (Amendment) Regulations 1976.
