Coming into operation; Citation

4. This Order shall come into operation on the 12th day of March, 1951; and may be cited as the Aluminium Scrap Prices Order, 1951.

Dated this 8th day of March, 1951.

G. R. Strauss,
Minister of Supply.

THE SCHEDULE

[New Schedule substituted by S.I. 1951 No. 2308 below.]

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The Order provides for (i) maximum prices for the aluminium and aluminium alloy scraps specified in the Schedule, and (ii) for documents recording the sales.

The Aluminium Scrap Prices (No. 2) Order, 1951

1951 No. 2308

Made - - - -	*24th December,* 1951
Laid before Parliament	*28th December,* 1951
Coming into Operation	*1st January,* 1952

The Minister of Supply in exercise of the powers conferred on him by Regulations 55AA, 55AB, and 98, of the Defence (General) Regulations, 1939, as having effect by virtue of the Supplies and Services (Transitional Powers) Act, 1945(a) (as extended by the Supplies and Services (Extended Purposes) Act, 1947(b), and the Supplies and Services (Defence Purposes) Act, 1951(c), and continued in force by the Supplies and Services (Continuance) Order, 1951(d)), hereby orders as follows:—

Amendment of Principal Order

1. The Principal Order (that is, the Aluminium Scrap Prices Order, 1951(e)) is hereby varied—

(1) in Article 3 thereof, by substituting for everything after the first definition in that Article, the following—

"" standard type sale" means a sale at "*Basis—Price, Quality, and Delivery*" as described in paragraph (1) of Instruction 2 of the aforesaid "Instructions for Ascertaining Maximum Prices", being a sale the price of which is not ascertained by proportion under paragraph (2) of the said Instruction:

"new" means in relation to any scrap, that the scrap has arisen from the processing or other treatment of unwrought or of semi-fabricated material and that the scrap itself has not been utilized for any purpose since it arose from the operation producing it:

(a) 9 & 10 Geo. 6. c. 10; and S.R. & O. 1945 (Nos. 1618, 1611 and 1625) II, pp. 48, 39 and 56. (b) 10 & 11 Geo. 6. c. 55. (c) 14 & 15 Geo. 6. c. 25.
(d) S.I. 1951 No. 2116, p. 27 above. (e) S.I. 1951 No. 391, p. 483 above.

" pure aluminium scrap " means scrap of aluminium of 98 per centum purity: and the expression

" pure aluminium foil scrap for flake powder " means a scrap of foil of aluminium of not less than 99 per centum purity, having no foil of a thickness greater than 0·2 millimetres, and being fit for use in the production of an aluminium flake powder from which aluminium paste can be manufactured.' : and

(2) by substituting for the Schedule thereto the Schedule to this Order.

Coming into Operation; Citation

2. This Order shall come into operation on the 1st day of January, 1952; and may be cited as the Aluminium Scrap Prices (No. 2) Order, 1951, and the Principal Order and this Order may be cited together as the Aluminium Scrap Prices (Nos. 1 and 2) Orders, 1951.

Dated this 24th day of December, 1951.

Duncan Sandys.
Minister of Supply.

THE SCHEDULE

Instructions for Ascertaining Maximum Prices

1. Unless otherwise stated all prices are per long ton of 2,240 pounds avoirdupois.

2.—(1) *Basis—Price, Quality, and Delivery:* the *Basis* Price for each description of material in the Table of *Basis* Prices below is on the basis of that material being—

(*a*) ' *clean and in strict conformity to specification* ' in accordance with the custom of the trade; and

(*b*) ' *delivery ex works* ', that is, delivery of the material where lying.

(2) " *In proportion* " *prices:* a price given in the Table of *Basis* Prices as " in proportion " for any description of material means a price for that description of material bearing such relation to the price which would result from Heads (A) and (B) of Instruction 3 below for other Tabled descriptions of material, as may be agreed between the buyer and seller to be reasonable,

Provided that no such price shall be agreed at any figure in excess of the highest price which would result from those Heads for material being " clean aluminium alloy scrap ".

3. THE MAXIMUM PRICE for any purchase or sale of any description of material shall be ascertained by—

(A) taking its *Basis* Price as given in Column (3) of the " Table of *Basis* Prices " below (except where the material is therein priced " in proportion ", when Instruction 2 (2) above shall be followed):

(B) deducting from (A) immediately preceding (but not from the result of Instruction 2 (2) above) any proper allowance in accordance with the custom of the trade for *Inferior Quality* (that is, for the material not being in compliance with Head (*a*) of Instruction 2 (1) above): and

(C) applying to the result of (A) and (B) immediately preceding, or, as the case may be, to the result of Instruction 2 (2) above, such of the following *additions* as may be applicable—

(1) *delivery otherwise than ex works:* either—

(*a*) add so much of the seller's normal commercial rate for making that delivery from where the material is lying as, being in fact incurred for that delivery, does not exceed the cost of correspondingly making that delivery by services provided by the British Transport Commission, or

(*b*) but only where the seller is *bona fide* a Non-Ferrous Metal Scrap Merchant delivering at an address specified by the buyer, add to the *Basis* Price for—

(i) any turnings ... ... Not more than £11 0s. 0d. per ton, and

(ii) any material other than turnings ... Not more than £9 0s. 0d. per ton; and

(2) *bagging by the seller in non-returnable bags supplied by him:* add not more than 2s. 6d. per bag supplied and filled.

THE TABLE OF *BASIS* PRICES
