EXPLANATORY NOTE

(*This note is not part of the Order but is intended to indicate its general purport.*)

The Principal Order of 1953 and an amending Order of 1958 together prohibit, except under licence, the manufacture for sale or the landing in Northern Ireland from any country other than Great Britain any of the therapeutic substances, which includes vaccines, in accordance with the definition in the Principal Order.

This amending Order replaces an earlier Order which required that a licence be obtained for the importation from Great Britain of anti-abortion vaccine and fowl pest vaccine.

These provisions are now extended to include foot-and-mouth vaccine, swine fever vaccine and any poultry viral vaccine. The sale, purchase, or use of any therapeutic substances illegally manufactured or imported is prohibited.
