(b) effects other transfers as between parishes.

The map forming part of this note shows the new parishes and the other areas transferred. Prints of the boundary maps referred to in article 3 of the order may be inspected at the offices of the district council, and may be purchased from the Department of the Environment's Map Library.

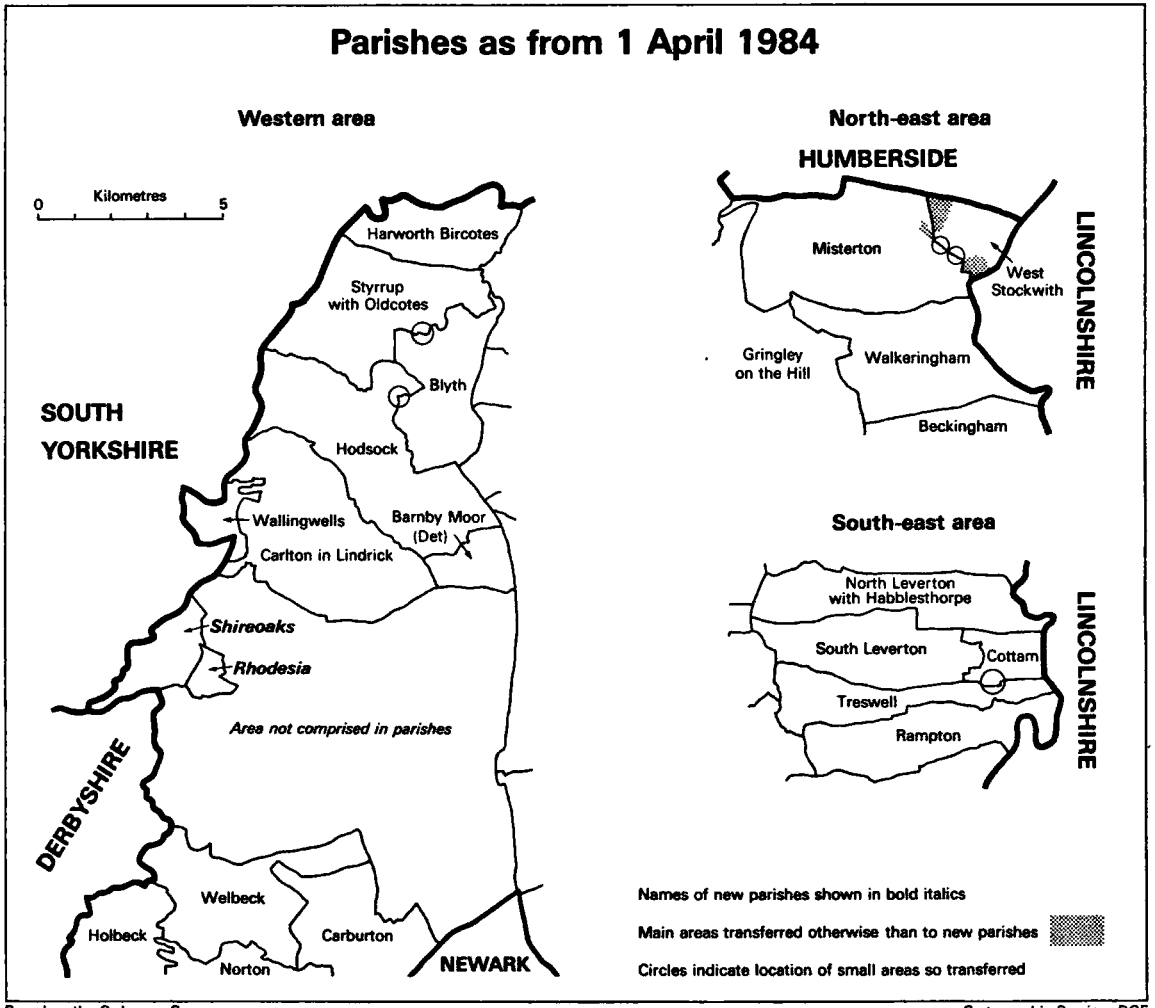

The approximate area, population and rateable value of the new parishes will be—

The Order establishes a parish council for each new parish. Incidental, consequential, transitional and supplementary provision for orders such as the present one is made by the Local Government Area Changes Regulations 1976 (see article 3).

The Regulations referred to will automatically transfer property within the definition of "parish matters" in Schedule 6 thereto to the new parish councils. A further transfer of property may be effected by a second order, when the district council and the new parish councils have been able to consider this together.
