(*b*) of the remaining 31% of such expenditure as is specified in Regulation 3(2) and 3(3)(*a*) to (*e*) bears the same proportion thereto as the rateable value of the authority's area in the relevant financial year bears to the aggregate rateable value of the areas of all authorities in that year.

(2) The school population of an authority shall be treated as the aggregate of the numbers of—

Determination of each authority's share of advanced further education expenditure

7. The Secretary of State shall—

(*a*) apportion among authorities the amount specified by him each year in accordance with Regulation 5(1) in such shares as he, after consultation with such Associations of local authorities as appear to him to be concerned and any local authority with whom consultation appears to be desirable, may determine; and

(*b*) as soon as practicable for the financial year beginning in 1981, and for each subsequent financial year not later than the preceding 31st December, notify each authority of the amount of its share of the expenditure so determined.

Adjustment of block grant

8.—(1) The amount by which the block grant payable to each authority for any financial year shall be increased or decreased in pursuance of paragraph 6(2) or 5(2) of Schedule 10 to the Act shall be the amount by which the allowable expenditure of that authority within the meaning of paragraph (2)(*a*) or (*b*) below for that year exceeds or falls short of its share under Regulation 6 of the expenditure falling to be taken into account in pursuance of Regulation 5(1) or (2), as the case may be.

(2) For the purpose of this Regulation the allowable expenditure of each authority is—

(*a*) as regards expenditure falling within Regulation 3(1)(*a*) the amount determined by the Secretary of State as its apportioned share in accordance with Regulation 7(*a*);

(*b*) as regards expenditure falling within Regulation 3(1)(*b*) its expenditure which is to be taken into account in pursuance of Regulation 5(2).

(3) The amount by which the block grant payable to each authority for any financial year shall be increased or decreased in pursuance of paragraph 2(2) of Schedule 10 to the Act shall be ascertained by reference to the amount by which the block grant for that year is increased or decreased in accordance with paragraph 1 of that Schedule and shall be that proportion thereof as is mentioned in Regulation 6(1)(*a*) and (*b*) in relation to the expenditure falling within Regulation 5(1) of that authority.

(4) For the purpose of paragraph (3) above, the data regarding the school population and the rateable value of the area of an authority shall be the latest which is available for the year to which the increase or decrease of block grant under paragraph 1 of Schedule 10 to the Act relates.

Time for ascertaining adjustment to block grant

9.—(1) The estimated amount of the increases and decreases of block grant which fall to be made shall be ascertained as soon as is practicable for the financial year beginning in 1981 and for each subsequent financial year not later than the preceding 31st December.

EXPLANATORY NOTE

(This note is not part of the Regulations.)

The effect of these Regulations is to provide for the reallocation between local authorities of certain education expenditure. Regulation 3 specifies the relevant heads of expenditure, information as to which is, by Regulation 4, to be furnished to the Secretary of State. Regulation 5 prescribes the amount of expenditure under the respective heads which is to be taken into account for the purpose of the Regulations.

Regulation 6 specifies the formulae whereby such expenditure as is to be taken into account is to be apportioned between authorities.

Regulation 8 provides for any adjustment between an authority's expenditure allowable under the Regulations and its apportioned expenditure to be effected by way of addition to or subtraction from the authorities block grant. Regulation 7 makes provision for the Secretary of State to determine the amount of the allowable expenditure of each authority in respect of advanced further education.

The Regulations apply only to English local authorities; separate Regulations will apply to Welsh authorities. Insofar as there is expenditure of a cross border nature, any compensating adjustment between the English and Welsh block grants is provided for under Regulation 8(3).
