1955 No. 577

The Brush and Broom Wages Council (Great Britain) Wages Regulation Order, 1955

Made - - - -	*15th April*, 1955
Coming into Operation	*4th May*, 1955

Whereas the Minister of Labour and National Service (hereafter in this Order referred to as "the Minister") has received from the Brush and Broom Wages Council (Great Britain) (hereafter in this Order referred to as "the Wages Council") the wages regulation proposals set out in the First and Second Schedules hereto;

Now, therefore, the Minister, by virtue of the powers conferred on him by section 10 of the Wages Councils Act, 1945(**a**), and of all other powers enabling him in that behalf, hereby makes the following Order:—

1. This Order may be cited as the Brush and Broom Wages Council (Great Britain) Wages Regulation Order, 1955.

2.—(1) In this Order the expression "the specified date" means the 4th day of May, 1955, provided that where, as respects any worker who is paid wages at intervals not exceeding seven days, that date does not correspond with the beginning of the period for which the wages are paid, the expression "the specified date" means, as respects that worker, the beginning of the next such period following that date.

(2) The Interpretation Act, 1889(**b**), applies to the interpretation of this Order as it applies to the interpretation of an Act of Parliament.

3. The wages regulation proposals set out in the First and Second Schedules hereto shall have effect as from the specified date and as from that date the Brush and Broom Wages Council (Great Britain) Wages Regulation Order, 1949(**c**), and the Brush and Broom Wages Council (Great Britain) Wages Regulation (Amendment) Order, 1954(**d**), shall cease to have effect.

Signed by order of the Minister of Labour and National Service this fifteenth day of April, 1955.

Godfrey H. Ince,
Secretary,
Ministry of Labour and National Service.

FIRST SCHEDULE

PART I. Application 2808
PART II. General minimum time rates for male workers 2809
Piece work basis time rate for male workers 2810
PART III. General minimum time rates for female workers 2811
Piece work basis time rates for female workers 2811
PART IV. Minimum rates for apprentices 2812
PART V. Waiting time and overtime... 2815
PART VI. General minimum piece rates 2817
PART VII. Minimum piece rates subject to the addition provided in Part VI:—
For male workers employed on pan work 2818
For male workers employed on machine pan work ... 2823
For male workers employed on hairs 2824
For male workers employed on hand finishing 2828
For male workers employed on painting brush making ... 2838
For male drawing hands on machine brushes 2854
For male workers employed on bone brush making ... 2856
PART VIII. Minimum piece rates subject to the addition provided in Part VI:—
For certain classes of female pan hands 2856
For female drawing hands for hand drawing 2857
For female drawing hands on machine brushes 2860

SECOND SCHEDULE

Holidays and holiday remuneration—Customary holidays falling on a Saturday 2862

FIRST SCHEDULE

The following minimum remuneration shall be substituted for the statutory minimum remuneration fixed by the Brush and Broom Wages Council (Great Britain) Wages Regulation Order, 1949 (Order M. (67)), as amended by the Brush and Broom Wages Council (Great Britain) Wages Regulation (Amendment) Order, 1954 (Order M. (77)).

STATUTORY MINIMUM REMUNERATION

PART I

APPLICATION

1. Subject to the provisions of this Schedule, the minimum remuneration payable to a worker to whom this Schedule applies for all work except work to which a minimum overtime rate applies under Part V is:—

(*a*) in the case of a time worker, other than a worker referred to in (*c*) of this paragraph, the general minimum time rate payable to the worker under Part II or Part III of this Schedule:

(*b*) in the case of a worker employed on piece work, other than a worker referred to in (*c*) of this paragraph;

(i) where a minimum piece rate is specified in Part VII or Part VIII of this Schedule, that rate, increased in accordance with Part VI of this Schedule;

(ii) where no such minimum piece rate applies, piece rates each of which would yield, in the circumstances of the case, to an ordinary worker at least the same amount of money as the piece work basis time rate applicable to the worker under Part II or Part III of this Schedule, or,

where no piece work basis time rate is applicable, at least the same amount of money as the general minimum time rate which would be applicable if the worker were a time worker;

(*c*) in the case of a female apprentice to pan setting or of a male apprentice to whom the provisions of Part IV of this Schedule apply respectively, the general minimum time rate or the piece rates specified in that Part of this Schedule: Provided that where a guaranteed time rate is applicable to a male apprentice who is employed on piece work, and the worker's minimum remuneration calculated on a time work basis at that guaranteed time rate exceeds the minimum remuneration calculated at the said piece rates, the worker shall be paid not less than that guaranteed time rate.

2. In this Schedule " a female pan hand " means a female worker (of any age) who is employed in pan setting, that is to say, the making or setting by hand of a pan knot or both such making and setting with or without the operations of boring and trimming or either of them.

3. This Schedule does not apply to workers employed as carmen, engineers, power-men, enginemen or stokers, but, save as aforesaid, applies to workers in relation to whom the Brush and Broom Wages Council (Great Britain) operates, that is to say, workers employed in Great Britain in the trade specified in the Regulations made by the Minister of Labour and dated the 10th day of July, 1919(a), with respect to the constitution and proceedings of the Brush and Broom Trade Board (Great Britain), that is to say:—

the manufacture of brushes (other than feather brushes) or brooms, including the following operations, where all or any of them are carried on in association with or in conjunction with the manufacture of such brushes or brooms:—

(*a*) the drafting, dressing or mixing of bass, whisk or similar fibres or animal bristles or hair and the working of wood, bone, ivory or celluloid;

(*b*) all finishing, warehousing, packing or other operations incidental to or appertaining to the manufacture of such brushes or brooms;

but excluding the following operations:—

The sawing and turning of wood as a preliminary operation to the manufacture of such brushes or brooms; the making of metal parts and the mounting of brushes with metal or tortoise-shell backs.

Part II

GENERAL MINIMUM TIME RATES AND PIECE WORK BASIS TIME RATE FOR MALE WORKERS

GENERAL MINIMUM TIME RATES

4.—(1) The general minimum time rates payable to male workers other than the apprentices to whom Part IV of this Schedule applies are as follows:—

	Per hour s.	d.
(*a*) Workers (of any age) who have completed an apprenticeship of not less than three years in one or more of the operations or branches of work specified in (*a*) of sub-paragraph (2) of this paragraph ...	3	0¾
(*b*) Workers (other than those specified at (*a*) of this sub-paragraph) who are employed in any of the operations or branches of work specified in (*a*) or (*b*) of sub-paragraph (2) of this paragraph and have had not less than three years' experience in one or more of them, being aged:—		
(i) 19 years or over	3	0¾
(ii) 18 years and under 19 years	2	7¾

(a) S.R. & O. 1919/969 (1919 II, p. 539).

	Per hour s. d.
(*c*) All other workers, being aged:—	
21 years or over	*2 10½*
20 years and under 21 years	*2 6*
19 years and under 20 years	*2 1½*
18 years and under 19 years	*1 9½*
17½ years and under 18 years	*1 7½*
17 years and under 17½ years	*1 5¾*
16½ years and under 17 years	*1 4¾*
16 years and under 16½ years	*1 3*
15½ years and under 16 years	*1 1½*
under 15½ years	*1 0¾*

Provided that where the worker is employed on any of the operations specified in (*b*) of sub-paragraph (2) of this paragraph, and has had more than six months' but less than three years' experience on one or more of such operations, the general minimum time rate otherwise payable to the worker shall be increased as follows but so as in no case to exceed *3s. 0¾d.* per hour:—

	Per hour d.
During the 2nd six months of such experience	½
During the 3rd six months of such experience	1
During the 4th six months of such experience	1½
During the 5th six months of such experience	2
During the 6th six months of such experience	2½

(2) The operations or branches of work referred to in the last foregoing sub-paragraph are as follows:—

(*a*) " Pan " (hair and bass), " Hairs," " Finishing " (that is, the work of all woodworkers employed in finishing or part-finishing brushes or brooms by hand or machine), " Boring or Drilling " (hand and machine), " Drawing," " Bone brush cutting," " Bone brush fashioning," " Bone brush drilling," " Bone brush profiling," the manufacture of artists', medical, painting, whitewash and tar brushes, and brushes not otherwise specified; and (i) the drafting, dressing (including cutting), or mixing of animal hair, bass, whisk or other fibre where the operative performs the aforesaid operations singly or in combination by hand or partly by hand and partly by machine; (ii) the working of ivory or celluloid; (iii) the turning of bone; where all or any of the operations specified in (i), (ii) or (iii) are carried on in association with or in conjunction with the manufacture of brushes (other than feather brushes) or brooms.

(*b*) The dressing of bass or fibre by hand or by machine; the cutting and preparation of material for toilet or tooth-brush manufacture; the shaping (including the setting-up of knives and other incidental work) of wooden or plastic boards or handles by spindle moulding or automatic shaping machine or by both such machines; boring; hand finishing; hand drawing; machine filling; the flirting, brushing, trimming, examining of brushes; polishing or hand polishing, dipping and cellulose spraying; sand-papering and buffing, the making of twisted wire brushes; the making of artists' brushes.

PIECE WORK BASIS TIME RATE

5. The piece work basis time rate applicable to workers specified in (*a*) or (*b*) of sub-paragraph (1) of paragraph 4 is *3s. 3½d.* per hour.

PART III

GENERAL MINIMUM TIME RATES AND PIECE WORK BASIS TIME RATES FOR FEMALE WORKERS

6.—(1) The following rates apply to female workers other than the apprentices to pan setting to whom paragraph 7 of this Schedule applies:—

	General minimum time rates Per hour s. d.	Piece work basis time rates Per hour s. d.
(*a*) Pan Hands of any age employed on:—		
(i) Cocoa or any other fibre brooms or banisters of any length (except bass and bassine heads on stocks over 12 in. in length and more than 30 knots round, and whisk brooms and banisters). Bass heads up to 12 in. stock, 30 knots round.	1 11	2 1½
(ii) Broom heads up to 11½ in. stock, or banisters up to 8¼ in. blade, middles being made of all fibre or fibre and drafts mixed up to 3½ in., and outsides of any material up to and including 3¼ in. Banisters (whisk) up to 7½ in. blade made with common Venetian tops (imported as tops); sweeps' brushes up to and including 5 in. head, or toy hearth brushes up to and including 3½ in., both made with fibre, fibre and drafts, drafts only or china below 3 in. But excluding any brushes provided for in (*a*) (i) of this sub-paragraph.	2 7	2 8¼
(iii) Work other than that provided for in (*a*) (i) and (ii) of this sub-paragraph	3 0¾	3 2½
(*b*) Drawing Hands employed on drawing wire brushes (with or without the operation of trimming) of:—		
(i) 38 gauge wire or finer	2 2½	2 4
(ii) more than 38 gauge wire	2 6	2 7¾
(*c*) Workers employed on any of the operations specified in sub-paragraph (2) of this paragraph who have had not less than three years' experience in one or more of such operations	1 11	2 1½
(*d*) All other workers, being aged:—		
21 years of age or over	1 10	2 1½
20 and under 21 years	1 10	
19 and under 20 years	1 9½	
18 and under 19 years	1 8¼	
17½ and under 18 years	1 7½	
17 and under 17½ years	1 5¾	
16½ and under 17 years	1 4¾	
16 and under 16½ years	1 3	
15½ and under 16 years	1 1½	
under 15½ years	1 0¼	

Provided that where the worker is employed on any of the operations specified in sub-paragraph (2) of this paragraph and has had more than six months but less than three years' experience on one or more of such operations, the general minimum

time rate otherwise payable to the worker shall be increased as follows but so as in no case to exceed *1s. 11d.* per hour:—

	Per hour d.
During the 2nd six months of such experience	¼
During the 3rd six months of such experience	½
During the 4th six months of such experience	¾
During the 5th six months of such experience	1
During the 6th six months of such experience	1¼

(2) The operations referred to in (*c*) and (*d*) of the last foregoing sub-paragraph are as follows:—

The dressing of bass or fibre by hand or by machine; the cutting and preparation of material for toilet or tooth-brush manufacture; the shaping (including the setting-up of knives and other incidental work) of wooden or plastic boards or handles by spindle moulding or automatic shaping machine or by both such machines; boring; hand finishing; hand drawing (other than the hand drawing of wire brushes); machine filling; the flirting, brushing, trimming, examining of brushes; polishing or hand polishing, dipping and cellulose spraying; sand-papering and buffing, the making of twisted wire brushes; the making of artists' brushes; making painting brushes by sectional methods; finishing painting brushes by sectional methods; making shaving brushes by sectional methods; finishing shaving brushes by sectional methods.

PART IV

MINIMUM RATES FOR APPRENTICES

FEMALE APPRENTICES TO PAN SETTING

7.—(1) The general minimum time rate specified in column (2) of the next following Table is payable during the first six months of apprenticeship to female apprentices to pan setting employed in accordance with the conditions specified in this paragraph, and the piece rates specified in column (3) are payable to such workers during the remainder of their apprenticeship:

Provided that the said rates shall not be payable to a worker in respect of more than one such apprenticeship.

Column (1) Period of Apprenticeship	Column (2) General Minimum Time Rate	Column (3) Piece Rates
First six months ...	The general minimum time rate applicable to a female worker of 15½ and under 16 years as set out in (*d*) of sub-paragraph (1) of paragraph 6.	—
Second six months ...	—	One-half of the rates specified in sub-paragraph (2).
Third six months ...	—	Two-thirds of the rates specified in sub-paragraph (2).
Fourth six months ...	—	Three-quarters of the rates specified in sub-paragraph (2).

(2) The piece rates referred to in column (3) of the said Table are the general minimum piece rates which would be payable under Part VI of this Schedule if the worker were a female pan hand, or, where no such piece rate is payable, piece rates each of which would yield, in the circumstances of the case, to an ordinary worker at least the same amount of money as the appropriate piece work basis time rate applicable under sub-paragraph (1) (*a*) or (1) (*d*) of paragraph 6 of this Schedule to a female pan hand.

(3) Subject to the provisions of this Schedule the minimum rates of wages specified in this paragraph apply only where the following conditions are fulfilled:—

(*a*) the apprentice shall be employed during the whole of her time for a period of two years under a written contract of apprenticeship which has been duly executed and which contains the following provisions, which the Wages Council considers necessary for the effective instruction of the apprentice, or provisions substantially to the same effect and no provisions contrary thereto, that is to say,

(i) that whereas the apprentice is desirous of being trained in the branch of the brush and broom trade known as the operation of " pan setting " and the employer, being engaged in the said trade, is willing to give her such training, the employer shall receive and retain the said worker in his service as an apprentice for a period of two years, subject to the condition that if the apprentice wilfully disobeys any lawful order of the employer or otherwise wilfully misconducts herself towards the employer or those in his employment, it shall be lawful for the employer to discharge the apprentice from his service and absolutely determine the contract of apprenticeship;

(ii) that during the said term of service, the employer shall cause the apprentice to be well and sufficiently instructed in the said operation;

(iii) that, subject to the provisions of the agreement, the working hours shall be those applying for the time being to the female pan hands at the factory of the employer.

(*b*) *The number of female apprentices to pan setting employed at any time shall be one female apprentice where not more than three journeywomen are employed with one additional female apprentice for every three journeywomen in excess of three in the service of the employer in the branch of the trade to which the apprentice is bound:*

Provided that the temporary absence of a journeywoman or a casual vacancy for a short period in the number of journeywomen employed, shall not affect compliance with this condition.

(*c*) The apprentice shall be the holder of a certificate of registration of apprenticeship issued by, or on behalf of, the Wages Council or shall have made application for such a certificate which has been duly acknowledged and is still under consideration:

Provided that the Wages Council may refuse certification if it is not satisfied that facilities exist which will enable the conditions laid down by the Wages Council for female apprentices to pan setting to be complied with.

(4) In the event of any non-compliance with the conditions specified in the last foregoing sub-paragraph, the minimum rate payable to the apprentice shall be the appropriate minimum rate for a female pan hand other than an apprentice to pan setting.

(5) In this paragraph " journeywoman " means a female worker who has had not less than two years' experience in the pan setting branch of the trade.

MALE APPRENTICES

8.—(1) This paragraph applies to male apprentices to any one of the following branches of the trade: (i) pan work (hair and bass); (ii) hairs; (iii) the making throughout of whitewash brushes and tar brushes; (iv) the making throughout of painting brushes, where the conditions following are fulfilled:—

(*a*) The apprentice shall be employed during the whole of his time for a period of three years under a written contract of apprenticeship which has been duly executed and which contains the following provisions, which the Wages Council considers necessary for the effective instruction of the apprentice,

or provisions substantially to the same effect and no provisions contrary thereto, namely:—

(i) the employer shall keep the apprentice as his apprentice during the said term and to the best of his power, skill and knowledge instruct the apprentice or cause him to be instructed in the branch of the trade specified in the contract;

(ii) the employer shall keep the apprentice under his own supervision or place him under one or more fully qualified journeymen;

(iii) where on account of slackness of trade or other cause beyond the control of the employer the majority of the journeymen employed by the employer in the aforesaid branch of the trade are not working full time, notwithstanding anything contained in provisions (i) and (ii), the employer shall be bound to provide instruction or employment for the apprentice for at least as many hours as are being worked by such majority of journeymen, and, in respect of any hours in which the apprentice is not under instruction or employed, the employer shall not be bound to pay wages to the apprentice and the apprentice shall not be bound to serve the employer:

Provided that, if the employer in each of four successive weeks provides the apprentice neither with instruction nor with employment for at least one-half of the number of working hours constituting full time, the said contract may be determined by seven days' notice in writing given to the employer by the guardian and apprentice jointly.

(*b*) *The number of apprentices employed at any time shall be one male apprentice where not more than three journeymen are employed with one additional male apprentice for every three journeymen in excess of three in the service of the employer in the branch or branches of the trade to which the apprentice is bound:*

Provided that—

(i) the temporary absence of a journeyman or a casual vacancy for a short period in the number of journeymen employed, shall not affect compliance with this condition;

(ii) where an employer is himself performing the work of a journeyman he shall be treated as a journeyman for the purpose of this condition.

(*c*) The apprentice shall be the holder of a certificate of registration of apprenticeship issued by, or on behalf of, the Wages Council, or shall have made application for such certificate which has been duly acknowledged and is still under consideration:

Provided that—

the Wages Council may refuse certification if it is not satisfied that facilities exist which will enable the conditions laid down by the Wages Council for apprentices to be complied with.

(*d*) (i) A journeyman instructor shall have responsibility for the work of the apprentice during the first twelve months and supervision of the apprentice during the remainder of the apprenticeship in the journeyman's own section of the trade; and

(ii) during the first eighteen months of the apprentice's employment in the painting brush making branch of the trade and during the first nine months of the apprentice's employment in any other of the specified branches of the trade a journeyman shall be paid by the employer in each week in respect of the instruction of, and the responsibility for, the apprentice a sum equal to the difference between the actual piece work earnings of the apprentice in that week at the minimum rate applicable to him, and the sum which would be payable under this Schedule to a journeyman if employed on the same work as the apprentice.

(2) The minimum piece rates payable to the apprentices to whom this paragraph applies during the period of apprenticeship specified in column 1 of the next following Table are the rates specified in column 2.

Column 1 Period of Apprenticeship	Column 2 Minimum Piece Rates
1st six months	one-half of the piece rates specified in paragraph 10
2nd six months	seven-twelfths of the piece rates specified in paragraph 10
3rd six months	two-thirds of the piece rates specified in paragraph 10
4th six months	three-quarters of the piece rates specified in paragraph 10
5th six months	five-sixths of the piece rates specified in paragraph 10
6th six months	eleven-twelfths of the piece rates specified in paragraph 10

GUARANTEED TIME RATES

9. The following guaranteed time rates are applicable to apprentices to whom paragraph 8 of this Schedule applies—

(*a*) during the first twelve months of apprenticeship a rate equal to the general minimum time rate payable to a worker aged under 15½ years, under sub-paragraph (1) (*c*) of paragraph 4 other than the proviso thereto;

(*b*) during the first six months of employment in a section of the trade other than that in which he began his apprenticeship, a rate equal to the general minimum time rate payable to a worker of his age, under the said sub-paragraph (1) (*c*) other than the proviso thereto.

10.—(1) The piece rates referred to in column 2 of the Table to paragraph 8 (2) are—

(*a*) the general minimum piece rates which would be payable under Part VI of this Schedule if the apprentice were a journeyman; or

(*b*) where no such rate applies, piece rates each of which would yield, in the circumstances of the case, to an ordinary worker, at least the same amount of money as the piece work basis time rate specified in paragraph 5 of this Schedule.

(2) For the purposes of paragraphs 8 and 9 of this Schedule a "journeyman" is a male worker who has had not less than five years' experience in the branch or branches of the trade to which the apprentice is bound.

(3) Where the employment of a male apprentice does not comply with the provisions of paragraph 8 of this Schedule, the minimum rate payable shall be that payable to a male worker of the same age, who is not an apprentice.

PROSPECTIVE APPRENTICES

11. Notwithstanding the foregoing provisions of this Schedule, where an employer employs a worker as a prospective apprentice for a probationary period not exceeding four months and such of the foregoing provisions as to apprentices (other than those with regard to employment under a written contract of apprenticeship and certification by the Wages Council) as are appropriate to the case of that worker are fulfilled, the minimum remuneration applicable to that worker during the said period shall be that applicable to an apprentice employed in accordance with the appropriate provisions specified in paragraph 7, 8 or 9 of this Schedule, and, in the event of the worker being continued thereafter at his employment as an apprentice, the said probationary period shall, for the purposes of this Schedule, be treated as part of the period of apprenticeship.

PART V

WAITING TIME AND OVERTIME

WAITING TIME

12.—(1) A worker is entitled to payment of the minimum remuneration specified in this Schedule during all the time during which he is present on the premises of

the employer, unless he is present thereon in any of the following circumstances, that is to say:—

(*a*) without the employer's consent, express or implied;

(*b*) for some purpose unconnected with his work and other than that of waiting for work to be given to him to perform;

(*c*) by reason only of the fact that he is resident thereon; or

(*d*) during normal meal times in a room or place in which no work is being done, and he is not waiting for work to be given to him to perform.

(2) The minimum remuneration payable under sub-paragraph (1) of this paragraph to a piece worker when not engaged on piece work is that which would be payable if he were a time worker.

MINIMUM OVERTIME RATES

13. Subject to the provisions of this paragraph, minimum overtime rates are payable to any worker as follows:—

(*a*) In any week, exclusive of any time for which double time is payable under the provisions of (*b*) or (*c*) of this paragraph, for time worked in excess of 45 hours—

(i) for the first three hours so worked ... ... Time-and-a-quarter

(ii) thereafter ... ... Time-and-a-half

Provided that:—

(i) where in order to conform to any scheme proposed by a Regional Board for Industry or a Committee thereof for the purpose of spreading the load of industrial power it is necessary to re-arrange the ordinary working hours in the establishment in which the worker is employed, so that workers are required, during any period of two or three consecutive weeks, to attend for work for more than 45 hours in any week of the period but for not more than 90 hours in a two-weekly period or 135 hours in a three-weekly period then, in respect of any work done during that period (exclusive of any time for which double time is payable under the provisions of (*b*) or (*c*) of this paragraph), the said overtime rates of time-and-a-quarter and time-and-a-half shall be payable only for time worked in excess of 90 or 135 hours, according as the period is of two or three consecutive weeks;

(ii) where in any week a worker is allowed a holiday on any day of customary holiday, the period of 45 hours referred to in (*a*) of this paragraph (or, as the case may be, the period of 90 or 135 hours referred to in this proviso) shall be reduced by 9 hours in respect of each such holiday which is allowed on a day normally worked by the worker.

(*b*) On a Sunday or a customary holiday—

For all time worked ... ... Double time

(*c*) On a Saturday—

For all time worked after mid-day ... ... Double time

Provided that where in order to conform to any scheme proposed by a Regional Board for Industry or a Committee thereof for the purpose of spreading the load of industrial power, it is necessary to re-arrange the ordinary working hours in the establishment in which the worker is employed so that workers are required to attend for work beyond noon on Saturday the said overtime rate of double time shall not be payable on Saturday until after the time fixed for the termination of work under such rearrangement.

For the purposes of this paragraph " establishment " includes a branch or department of an establishment.

14. In this Schedule—

(1) The expression " customary holiday " means

(*a*) (i) In England and Wales—

Christmas Day (or, if Christmas Day falls on a Sunday, such week day as may be appointed by national proclamation, or, if none is

so appointed, the next following Tuesday), Boxing Day, Good Friday, Easter Monday, Whit Monday and August Bank Holiday;

(ii) In Scotland—

New Year's Day (or, if New Year's Day falls on a Sunday, the following Monday);

the local Spring holiday;

the local Autumn holiday; and

three other days (being days on which the worker normally works) in the course of a calendar year, to be fixed by agreement between the employer and the worker;

or (*b*) In the case of each of the said days (other than a day in Scotland fixed by agreement between the employer and the worker) a day substituted therefor by agreement between the employer and the worker, being a day recognised by local custom as a day of holiday in substitution for the said day.

(2) The expressions "time-and-a-quarter," "time-and-a-half" and "double time" mean respectively—

(*a*) In the case of a time worker, one and a quarter times, one and a half times and twice the general minimum time rate otherwise payable to the worker;

(*b*) In the case of a worker employed on piece work, other than a male apprentice to whom the rates specified in paragraph 8 or 9 of this Schedule apply—

(i) a time rate equal respectively to one-quarter, one-half and the whole of the piece work basis time rate otherwise applicable to the worker, or where none is applicable, of the general minimum time rate which would be payable if the worker were a time worker and a minimum overtime rate did not apply, and, in addition thereto,

(ii) the general minimum piece rate otherwise payable under Part VI of this Schedule, or where no such piece rate applies, piece rates each of which would yield, in the circumstances of the case, to an ordinary worker at least the same amount of money as the said piece work basis time rate, or, where none is applicable to the worker, at least the same amount of money as the general minimum time rate which would be payable if the worker were a time worker and a minimum overtime rate did not apply;

(*c*) In the case of a male apprentice to whom the rates specified in paragraph 8 or 9 of this Schedule apply and who is employed on piece work;

(i) a time rate equal respectively to one-quarter, one-half and the whole of the general minimum time rate which would be payable to a worker of the same age (other than an apprentice) if he were a time worker and a minimum overtime rate did not apply, and in addition thereto,

(ii) the minimum piece rate otherwise payable under Part IV of this Schedule.

PART VI

GENERAL MINIMUM PIECE RATES FOR MALE OR FEMALE WORKERS

15. The general minimum piece rates payable to the workers to whom this Schedule applies, other than the female apprentices to pan setting and the male apprentices to whom the minimum rates specified in Part IV respectively apply, are the piece rates specified in Part VII or Part VIII of this Schedule increased by *67½ per cent.*

PART VII

MINIMUM PIECE RATES FOR MALE WORKERS

PANWORK—BORING, SETTING AND TRIMMING UNLESS OTHERWISE STATED

16.—(1) Subject to the provisions of this paragraph, the minimum piece rates for pan work (boring, setting and trimming unless otherwise stated) are as follows:—

Description	Filling material		
	Materials other than bass and bassine, whisk and badger hair	Bass and bassine	Whisk
Col. 1	Col. 2	Col. 3	Col. 4
	Knots per penny	Knots per penny	Knots per penny
BANISTERS			
1. Other than those specified in items 2 to 14 below	6½	6	6
2. Comber or Fly (bodies) ...	6	—	—
3. Comber or Fly (wings) ...	5¼	—	—
4. Carpet	6½	6	5¾

(2) A Toilet or Toy banister has a blade which does not exceed 7 inches in length, and in the case of straight ended handles does not exceed 1 inch in diameter at the heel and 1½ inches at the nose, or in the case of spoon nose shapes does not exceed 1¾ inches at the widest point.

All work set with Badger hair shall be charged 4 Knots per penny.

(3) EXTRAS TO COLUMN 2 ARE AS FOLLOWS :—

	Knots less per penny
Banisters and dust (sweeps) with handles (excluding blade), 20 inches long or over	½
Setting brooms with Gumati	½
Setting brooms with Kitool	¼
Setting all work with a mixture of another material with Kitool, Gumati, bone or bassine	½
Setting all work with used hair	1½
Setting all work with riflings, drafts, rough undressed hair or "shake up"	1
Setting all work except stipplers with China 3 in. and up to and including 3¼ in.	½
Setting all work, except stipplers, with China under 3 in.	1
Setting all work, except stipplers, with any material (dressed or undressed) under 3 in., other than China	½
Cutting off toilet banisters	1

	Knots less per penny
Setting with glue...	·1½
Cement prepared by operator	1
Cutting off carpet banisters and brooms	½
Cutting cocoa 2d. per doz. brushes.	
Boring and setting banisters of over ⅝-in. and not exceeding ⅞-in. diameter	½
Boring and setting banisters ⅝-in. diameter and under	1
Setting brushes containing only 5 knots	½
Setting brushes containing only 4 knots	½
Setting brushes containing only 3 knots	1
Setting brushes containing only 2 knots	1½
Setting brushes containing only 1 knot	2
Work with synthetic monofilaments up to and including ·008-in. gauge	*1*
Work with synthetic monofilaments gauges ·009 to ·019-in. inclusive	¾
Work with synthetic monofilaments gauges ·020-in. and over ...	*1*
Work with mixtures containing synthetic monofilaments and materials other than kitool, gumati, bone or bassine	¾

Provided that not more than three of these extras on one job shall be counted being three giving the maximum yield to the worker.

(4) EXTRAS TO COLUMN 3 ARE AS FOLLOWS :—

Setting banisters with seconds or riflings	½
Setting banisters with used bass	1
Setting banisters with whalebone	½
Setting brooms with seconds or riflings	½
Setting brooms with used bass	1
Setting brooms with monkey bass	½
Setting brooms with cane	1½
Setting brooms with whalebone	½
Setting brooms with Union (mixture of bass with cane and/or whalebone)	½
Setting bass and bassine above 3 in. to 3½ ins.	½
Setting bass and bassine 3 ins. and under	½
If a ⅝-inch or larger bit is used in item 18 or in items 44 to 50 ...	½
Cutting off banisters	¾
Putting wire in bass or cane—each wire 3d. in 1s. extra.	
Putting wire in bass or cane if wire bent by pan hand—each wire 4d. in 1s. extra.	

(5) EXTRAS TO COLUMN 4 ARE AS FOLLOWS:—

Setting undressed whisk	½
If whisk is cut by pan hand	1

(6) OTHER EXTRAS TO COLUMNS 2, 3 AND 4 ARE AS FOLLOWS:—

	Knots less per penny
If pan hand is required to bore on a foot lathe	¼
All odd knots to be paid for at proportionate rates.	
When fewer than half-dozen brushes of one pattern are given out at a time—1d. per brush extra.	
For putting up and sharpening bits—bass pan work 4½d. in the £1.	
For putting up and sharpening bits—other pan work 3½d. in the £1.	

PANWORK—SETTING ONLY

17. For SETTING ONLY the minimum piece rates are the minimum piece rates for male workers on pan work (boring, setting and trimming) in paragraph 16 of this Part, subject to a deduction of 20 per cent.

PANWORK—SETTING AND TRIMMING ONLY

18. For SETTING AND TRIMMING ONLY the minimum piece rates are the minimum piece rates for male workers on pan work (boring, setting and trimming) in paragraph 16 of this Part, subject to a deduction of 12½ per cent.

PANWORK—BORING AND SETTING ONLY

19. For BORING AND SETTING ONLY the minimum piece rates are the minimum piece rates for male workers on pan work (boring, setting and trimming) in paragraph 16 of this Part, subject to a deduction of 7½ per cent.

MACHINE PAN WORK

20.—(1) Subject to the provisions of this paragraph, the minimum piece rates for machine pan work are as follows:—

Description	Filling material				
	All materials other than those specified in columns 3, 4, 5 and 6	Monkey bass bassine Gumati Kitool or mixtures of same	Bass or bass mixtures	Whisk	Badger or badger and drafts
	Col. 2	Col. 3	Col. 4	Col. 5	Col. 6
Col. 1	Knots per penny	Knots per penny	Knots per penny	Knots per penny	Knots per penny
Card, flock, cloth, weavers and burlers (hand brushes)	5½	5¼	—	—	—
Hollows for French worsted	5½	—	—	—	—
Hollows crossing brushes (velvet)	6	5½	—	—	—
Hollow or flat cord 29 in. and under	5½	5	—	—	—
Hollow or flat cord over 29 in.	5	4½	—	—	—
Lags, slips and other machine brushes not specified below ...	6	5¼	5	4½	4
Lags, slips—not exceeding 10 knots long ...	5½	5	4½	—	—
Lags, slips—Jig	5	—	—	—	4
Lags, slips—Press ...	5	—	—	—	4
Sieve (round)	5	—	—	—	4
Rollers: other than those specified below ...	5½	5¼	5	4½	4
Rollers: spiral	5	4¾	4½	4¼	3¾
Rollers: sieve or threshing machine	—	5	—	—	—
Rollers: sprinklets, dampers or stainers ...	5½	5¼	—	—	4
Wheel or Polishing ...	6	5¼	5	—	4

(2) The rates in the above Table are subject to the following reductions where the cutting off is not performed by the pan hand:—

(*a*) as respects (i) hair or (ii) hair and fibre mixture (other than in the case of spiral rollers)—a reduction of 7½ per cent.

(*b*) as respects all materials other than hair or hair and fibre mixture and in the case of all spiral rollers—a reduction of 10 per cent.

(3) EXTRAS OR ALLOWANCES ARE AS FOLLOWS:—

	Knots less per penny
Work with synthetic monofilaments up to and including ·008 in. gauge	*1*
Work with synthetic monofilaments of gauges ·009 in. to ·019 in. inclusive	¾
Work with synthetic monofilaments of gauges ·020 in. and over	*1*
Work with mixtures containing synthetic monofilaments	¾
Work cut off under ⅜ in.	½
Where shaft will not allow hold being at least ⅜ in. deep	1¼
If whisk cut by pan hand	½
Pegged work	*1¼*
Setting with glue	1
Setting with cement prepared by pan hand	½
Setting with bass or bassine exceeding 3 in. but not exceeding 3½ in.	¼
Setting with shake-up	¾
Setting with all materials 3 in. and under *except hairs previously used, riflings or shake-up*	½
Setting with hairs *or bristles* previously used or with riflings or drafts	1
Setting with mixture containing whalebone or over one-third Kitool	½
Metal tube dampers	½
Old rollers, boring out or pulling to pieces	½
All rollers, cut slanting	½
Where the pitch of the holes both along and across, but not diagonally is $\frac{5}{16}$ in. centre to centre or less	¼

Cutting off tops and re-using in same job ½d. in 1s. extra.

Nailing 4d. in 1s. extra.

If hollows for French worsted machines set only, 4d. in the 1s. less.

Provided that not more than three of these extras on one job shall be counted being three giving the maximum yield to the worker.

MINIMUM PIECE RATES FOR MALE WORKERS EMPLOYED ON HAIRS

21.—(1) For the purposes of this Part of this Schedule:—

" Dressed bristles " are bristles which have been mixed, dragged, or are from shoe hairs engined in Great Britain or Ireland.

All other materials are classified as follows:—

CLASS 1

Siberian Okatkas.
Siberian Firsts, above 4 in.
Petersburg Okatkas.
Petersburg Firsts, 5 in. and above.
Mezeritz, 4½ in. and above.
Indian, 5 in. and above.
Lecks, 4¾ in. and above.
Shoe.
Genevas and extras, 4¼ in. and above.
Chinas, 5 in. and above.
Auszugs, above 5 in.
China dressed Siberian, 4½ in. and above.
Waste or Engined Refuse.

CLASS 2

Siberian short Firsts, 4 in. and below.
Siberian Souchoys, 4½ in.
Petersburg Firsts, 4¾ in. and below.
Petersburg Souchoys.
Petersburg Seconds, above 4 in.
German Schlager.
Pinsel.
Auszugs, 5 in. and below.
Spitz Spitz.
Hambro.
Bucharest.
Extras, 4 in.
Leck, 4½ in.
French hair.
German bleached, all lengths.
Long bundles.
Indian, 4 in. to 4¾ in.
Mezeritz, 4¼ in. and below.
Chinas, 4 in. to 4¾ in.
Bessarabian, 4½ in. and above.
Dressed horsehair, except as provided in class 4.
German boiled (Gekochte).
Caucasian, 4¼ in. and above.
China dressed Siberian, 4¼ in. and below.
Synthetic monofilaments.

Above materials, if washed, to be reckoned in class 1.

CLASS 3

Fine bone, Finner hair, Kitool, Bass, Bassine.

CLASS 4

Petersburgh Seconds, 4 in. and below.
Siberian Seconds, 4 in. and below
Courland Schuster.
Abfall.
Extras, 3½ in.
Chinas, 3¾ in. and below.
Tops.
Dressed riflings.
Madagascar fibre.
Bessarabian, 4¼ in. and below.
Indian, 3¾ in. and below.
Caucasian, 4 in. and below.
Dressed horse hair cut from up to 9 in. other than best English, American and Australian.

Above materials, if washed, to be reckoned in class 2.

(2) The following materials shall be paid for as extras as provided in paragraph 24:—

Cocoa. Manila. Flagged fibre. Mexican fibre. Gumati fibre.

MIXING

22.—(1) In Tables 1 to 5 of this paragraph the rate per dozen lbs. for the whole job (on weight returned) is governed by:

(*a*) the lowest classed material in the job,
(*b*) the addition of " extras " as provided in paragraph 24,
(*c*) the length of the material which forms the greater part of the job judged by the weight.

(2) Subject to the provisions of paragraph 24 the minimum piece rates for mixing are as follows:—

—	Table 1 Dressed bristles	Table 2 Class 1 materials	Table 3 Class 2 materials	Table 4 Class 3 materials	Table 5 Class 4 materials
	Per dozen lbs.				
	s. d.	s. d.	s. d.	s. d.	s. d.
2¾ in.	8 6	10 0	10 6	11 0	11 6
3 in.	7 6	8 6	9 0	9 6	10 0
3¼ in.	6 6	7 6	8 0	8 6	9 0
3½ in., 3¾ in.	5 6	6 6	7 0	7 6	8 0
4 in., 4¼ in.	5 0	6 0	6 6	7 0	7 6
4½ in., 4¾ in.	4 6	5 6	6 0	6 6	7 0
5 in., 5¼ in.	4 0	5 0	5 6	6 0	6 6
Above 5¼ in.	3 6	4 6	5 0	5 6	6 0

DRAGGING, AND MIXING SIZES

23. Dragging:

(1) In Tables 6 to 8 in this paragraph the rate per dozen lbs. for the whole job (on weight returned) including the sizes, is governed by:

(*a*) the lowest classed material in the job,
(*b*) the addition of " extras " as provided below and in paragraph 24,
(*c*) the lowest length to which the material is dragged.

(2) Mixing Sizes. The rates per dozen lbs. in Table 9 of this paragraph are additional to the rates for dragging and are payable (on weight returned) according to the length of each size.

(3) Subject to the provisions of paragraph 24 the minimum piece rates for dragging and mixing sizes are as follows:—

—	For Dragging only			For mixing sizes and/or bottoms when part of a dragging job
	Table 6. Class 1 materials	Table 7. Class 2 materials	Table 8. Class 4 materials	Table 9.
	Per dozen lbs.			
	s. d.	s. d.	s. d.	s. d.
2½ in.	12 6	14 0	15 0	5 0
2¾ in.	11 0	12 6	13 6	4 6
3 in.	9 6	11 0	12 0	4 0
3¼ in.	8 6	10 0	11 0	3 6
3½ in., 3¾ in.	7 6	9 0	10 0	3 0
4 in., 4¼ in.	7 0	8 6	9 6	2 6
4½ in., 4¾ in.	6 6	8 0	9 0	2 3
5 in., 5¼ in.	6 0	7 6	8 6	2 0
Above 5¼ in.	5 6	7 0	8 0	2 0

(4) The extras are as follows:—

Dragging any of the following materials: Schuster (all lengths), Caucasian (all lengths), Bessarabian (4½ in. and below), Abfall (all lengths), Extras (3½ in.) and Indian (all lengths), 2s. per dozen lbs. extra on the amount put into the job.

24. The EXTRAS ON PIECE RATES SPECIFIED IN PARAGRAPHS 22 AND 23 are:—

	Per doz. lbs. for whole job on weight returned
	s. d.
Manila, flagged fibre and cocoa	1 6
Dressed Mexican and/or Gumati fibre	0 6
Mixing white or yellow into a grey job	0 6
Mixing white Mexican into a grey job	0 6
Tying up bristles in 1 lb. bundles by weight (including weighing)	1 0
Working riflings into job (if unturned)	0 6
Working riflings into job (if turned)	1 0
If bleached bristle mixed in with unbleached	1 0

	Per doz. lbs. of bristles cut back s. d.
Cutting back bristles, 2¾ in.	6 0
Cutting back bristles, 3 in., 3½ in.	4 0
Cutting back bristles, 3¾ in., 4¾ in.	2 0
Cutting back bristles, above 4¾ in.	1 0

	Per doz. lbs. cut down s. d.
Cutting down above 4¾ in.	1 0

	Per doz. lbs. opened s. d.
Indians, opening knots, 4 in. and above	0 6
Indians, opening knots, 3¾ in. and below	1 0
Taking out turned hairs from dressing by engine:	
(*a*) Per doz. lbs. on weight returned, below 4½ in.	1 0
(*b*) Per doz. lbs. on weight returned, 4½ in. and above ...	0 6
Taking out turned hairs from dressing by sieve:	
(*a*) Per doz. lbs. on weight returned, below 4½ in.	5 0
(*b*) Per doz. lbs. on weight returned, 4½ in. and above ...	3 0

Samples of any job to be paid for at the proportionate rates.

25. Minimum piece rates are as follows:—

(1) WASHING AND BLEACHING AND TYING UP

	Per doz. lbs. s. d.
Shoe hairs	6 0
Other dressed bristles, 4½ in. and above	6 6
Other dressed bristles, 4¼ in. and 4 in.	7 0
Other dressed bristles, 3½ in. and 3¾ in.	7 6
Other dressed bristles, 3 in. and 3¼ in.	10 6
Other dressed bristles, 2¾ in.	13 0
Lecks and extras, 4¾ in. and above, 8d. per dozen lbs. extra.	
Other undressed bristles, below 4¾ in., 2s. per dozen lbs. extra.	

(2) POINTING AND STRAIGHTENING

Pointing and straightening washed bristles	2 6
Pointing and straightening other than washed bristles above 4 in.	2 6
Pointing and straightening other than washed bristles 4 in. and below	3 6

26. The minimum piece rates for ENGINING SHOE HAIRS are as follows:—

—	Below 4½ in.	4½ in., 4¾ in.	5 in., 5¼ in., 5½ in.	Above 5½ in.
	Per dozen lbs.			
	s. d.	s. d.	s. d.	s. d.
1 or 2 engines	6 0	5 6	4 3	3 9
3 engines	6 9	6 0	4 9	4 6
4 engines	7 6	6 6	5 6	5 0
5 engines	8 0	7 0	6 0	5 6
6 engines	8 9	8 0	6 6	6 3

	Per doz. lbs. s. d.
Re-engining (cleansing)	6 0
Re-engining (cleansing) if four engines	6 6

Each pull to be calculated as one engine.
All hairs that require roughing for engining, 1s. 6d. per doz. lbs. extra.

27. MISCELLANEOUS MINIMUM PIECE RATES

	Per doz. lbs. s. d.
Jumping to be the same price as dragging (*see* paragraph 23).	
Shake up, any materials:	
3 in.	14 0
3½ in.	12 0
Riflings, getting up:	
3½ in.	13 0
4 in.	12 0
4½ in. and above	10 0
Shoe hairs, mixing and knotting:	
1 oz.	10 6
½ oz.	14 6
¼ oz.	20 6

MINIMUM PIECE RATES FOR MALE WORKERS EMPLOYED ON HAND FINISHING, AS DEFINED IN PARAGRAPH 28.

28. DEFINITIONS

For the purpose of this Part of this Schedule:

(*a*) Hand finishing means the finishing of a brush throughout by one single man, without the assistance of machinery (except so far as the list provides for an allowance to be made in respect of brushes which are partly shaped or finished by machinery).

(*b*) HARD WOODS are

Satinwood.	Ebony.	Sabacu.	Beech.
Rosewood.	Sycamore.	Oak.	Walnut.

(*c*) SOFT WOODS are

Cherry.	Spanish Chestnut.	Lime.	Kauri Pine.
Elm.	Alder.	Ordinary Chestnut.	Mahogany.

29. Subject to the provisions of paragraph 31 the minimum piece rates for hand finishing are as follows:—

	Per doz. pairs of brushes s. d.
APHIS BRUSHES	2 0
APHIS BRUSHES including fitting up	3 0
	Per doz. brushes s. d.
BILLIARD BRUSHES:	
Flat boards:	
If ¼ in. back, bevelled	5 0
If ¼ in. back, cushioned or domed	5 6
Roached boards:	
Veneers scraped	5 0
¼ in. backs, cushioned	6 6
½ in. backs, roached	7 0

	Per doz. brushes s. d.
BREECHES OR BOOT TOP BRUSHES:	
Solid:	
$\frac{3}{8}$ in. backs, roached	3 4
$\frac{1}{2}$ in. backs, roached	3 8
BREWERS' OR BARREL BRUSHES:	
Cover or veneer:	
Straight sides, pinned	2 0
Grooved	2 8
Solid backs:	
$\frac{3}{8}$ in. nailed up to and including 14 nails, glued ...	3 0
$\frac{3}{8}$ in. screwed up to and including 10 screws	4 0
Handled, bent, cover or thick veneer, pinned, handle already sawn out, finished rounded handle	3 0
Handled, bent, pinned, handle already sawn out, finished flat handle	2 0
Handled, bent, solid backs, glued, handle already sawn out, finished rounded handle	4 0
Handled, bent, glued, handle already sawn out, finished flat handle ... ... (Cover or thick veneer, glued, 2d. per doz. extra.)	3 0
Solid, hollow sides:	
Four screws grooved and glued	4 6
Bent screws grooved and glued	5 0
Flat hollow sides, pinned and grooved	3 0
Cover (thick veneer), dumb-bell or egg-shape:	
Pinned only	3 0
Glued and pinned	3 6
Solid, dumb-bell or egg-shape, screwed	5 0
CLOTH AND HAT BRUSHES:	
Flat, veneer scraped, grooved sides	3 0
Roached, all sizes	3 0
Solid, $\frac{3}{16}$ in. or $\frac{1}{4}$ in. backs, cushioned, straight sides, and grooved:	
Oak, mahogany or walnut	4 0
Rosewood or satinwood	5 0
Ebony	6 0
Ebony sides, rounded	5 0
Ebony, $\frac{3}{8}$ in. back, roached, sides grooved	7 0
Ebony, $\frac{1}{2}$ in. back, roached, sides grooved	8 0
Small (or pocket) size, $\frac{1}{2}$ in. or $\frac{5}{8}$ in. back, mahogany, cushioned	5 0
Extra: Round ends grooved	1 0
Concave backs, straight sides, grooved, not hollowed:	
Mahogany, walnut, oak	7 0
Satinwood, rosewood	10 0
Ebony	12 0
Dumb-bell shape, rosewood	12 0
Dumb-bell shape, ebony	14 0
Leather or flexible, oblong, $\frac{1}{8}$ in., rosewood or satin backs 9 in. long and upward and rounded	6 0
Leather or flexible, oblong, $\frac{1}{16}$ in. flat veneer up to 9 in. long	4 0

CLOTH AND HAT BRUSHES (*contd.*)	Per doz. brushes s.	d.
Handled:		
Veneered mahogany board	6	0
Veneered cherry board	5	0
With solid back of oak, mahogany or walnut	7	0
With solid back of rosewood or satinwood	8	0
Extra: Splash	1	0
Handled, extra large, or Stock Exchange	10	0

Bath brushes, S.B., per doz.	—	—	4 10	4 8	4 6	4 4	—	4 2	—	4 0	—	—	—	—	—	—	—	—
(B) Zinc socket, S.B. (per doz.) ...	—	—	—	—	—	—	—	—	3 4	2 10	2 10	2 8	2 6	2 2	2 2	2 2	2 2	—

All intermediate weights to be charged to the size above.

(2) EXTRAS ARE AS FOLLOWS:—

(A).—Tying with iron wire, 1s. per doz. for one knot; 6d. per doz. for each additional knot.
Above four knot, 8d. per doz. knots for making.
Damping and pointing, 6d. per doz.
Cornering, 4d. per doz. Soldering, 4d. per doz.

(B).—Binding with copper wire, 1s. 4d. per doz. Iron wire, 2s. per doz.

38. COMMONWEALTH FIBRE STOCK

Made on a handle bored in a similar manner to a string stock brush, using 12-in. Fibre, 1½ oz. to each knot passed through each hole and tied with four rounds of copper wire.

	s. d.		s. d.		s. d.
Five knot, per doz.	5 4	Four knot, per doz.	4 6	Three knot, per doz.	3 8

Rates include trimming.

FLAT TIN FIBRE.—1 oz. made in stencil tin, compressed at top, 1s. 10d. per doz, including 2 pins and trimming.

39. FLAT LIMERS AND NAIL STOCK

(1) (Excluding (*a*) all fibre brushes; and (*b*) brushes of 5½ oz. and under, made of a mixture of fibre and draft (i.e., without bristle), uncapped or capped with bristle or any other material.)

Width of handle, inches	11	10½	10	9½	9	8½	8	7½	7	6½	6	5½	5	4½
Weight (ozs.) ...	14	13	12	11	10	9	8	7	6	5	4	3	2	1
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Uncapped (per doz.)	9 2	8 9	8 4	7 11	7 6	7 1	6 8	6 3	5 10	5 5	5 0	4 7	4 2	3 9
Capped (per doz.) ...	10 1	9 8	9 2	8 9	8 3	7 10	7 4	6 11	6 5	6 0	5 6	5 1	4 7	4 2

Rates include finishing, trimming flat, washing handles, and one coat of varnish.

Any of the above weights made on a smaller handle to be charged by weight; made on a larger handle to be charged by width of handle.

(2) For brushes of 5½ oz. and under, made of a mixture of fibre and draft (i.e., without bristle):—

Size (measurement by width of handle), inches...	10	9½	9	8½	8	7½	7	6½	6	5½	5	4½
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Uncapped (per doz.)	8 2	7 6	7 2	6 6	5 10	5 6	5 2	4 8	4 4	4 2	3 10	3 6
Capped with bristle or other material (per doz.)	9 0	8 4	7 11	7 3	6 6	6 2	5 9	5 3	4 10	4 8	4 3	3 11
(3) For fibre brushes:— Per doz.	7 6	6 10	6 6	5 10	5 2	4 10	4 8	4 2	3 10	3 10	3 6	3 2

Rates include finishing, trimming flat, and one coat of varnish.

(4) EXTRAS ARE AS FOLLOWS:—

Perforated metal bands with ordinary brush flats, 1s. 4d. per doz.
Small-headed nails, 8d. per doz. brushes extra up to 7 in.; above 7 in., 1s. per doz.
Setting, 2d. per doz. knots.
Making with shellac, 7 in. and above, 8d. per doz.; below 7 in., 4d. per doz.

ROUND LIMERS

(1) (Excluding (*a*) all fibre brushes; and (*b*) brushes of 5½ oz. and under, made of a mixture of fibre and draft (i.e., without bristle), uncapped or capped with bristle or any other material.)

Uncapped—weight (ozs.)	12	11	10	9	8	7	6	5	4	3	2	1
Handle (diameter in inches)	4½	4¼	4	3¾	3½	3¼	3	2¾	2½	2¼	2	1½
(Per doz.)	s. d. 7 4	s. d. 7 0	s. d. 6 8	s. d. 6 4	s. d. 6 0	s. d. 5 8	s. d. 5 4	s. d. 4 10	s. d. 4 4	s. d. 4 0	s. d. 3 6	s. d. 3 2

Prices include finishing same as flat limers.

(2) For brushes of 5½ oz. and under, made of a mixture of fibre and draft (i.e., without bristle):—

Size (diameter of handle), inches	3¼	3
	s. d.	s. d.
Uncapped (per doz.)	4 3	4 0
If capped with bristle or any other material	4 9	4 6

(3) For fibre brushes:—

Per doz. 3 11 3 8

Rates include finishing, trimming flat, and one coat of varnish.

Any of the above weights made on a smaller handle to be charged by weight; made on a larger handle to be charged by width of handle.

(4) EXTRAS ARE AS FOLLOWS:—

Perforated metal bands with ordinary brush flats, 1s. 4d. per doz.

Small-headed nails, 8d. per doz. extra up to 7 oz.; above 7 oz., 1s. per doz.

Setting, 2d. per doz. knots.

Making with shellac, 7 oz. and above, 8d. per doz. extra; below 7 oz., 4d. per doz.

Capping, 6d. per doz. extra on all sizes.

41. (1) **WEATHER BOARDS**

Weight (ozs.)	9	8½	8	7½	7	6½	6	5½	5	4½	4	3½	3
Width of handle (inches) ...	8½	8	7½	7	6½	6	5½	5	4½	4	3½	3	2½

Per doz.	9 0	7 10½	6 9	5 7½	4 6	3 4½

The rates include trimming.

47. WHEEL BRUSHES

(As made for Railways)

Handle 3½ in. wide, opened ½ in. wide. Four knots of 1 oz. each made with 4½ in. best white bristle, 3 in. binding with fine thread made with ordinary cement, unground. Length, 3 in. out of stock. Six brass pins.

	s. d.
Per doz.	13 3

For three knots of 1 oz. each, 2s. per doz. less. Rates include trimming and glueing bindings.

48. MARKING TOOLS

Size, in.	1	¾	½ and below
	s. d.	s. d.	s. d.
Per doz.	2 3	2 0	1 9

Binding with copper wire, 1 in., 1s. per doz. extra, ¾ in. and below, 8d. per doz. extra.

Rates include one coat of glue or varnish on bindings.

49.—(*a*) SHAVING BRUSHES, other than those made with hog hair.

Including the following patterns: Dwarf, Imperial Stump Case, Broom, Club Alberts, made with badger hair.

Size	6	5	4	3	2	1	0
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Per doz.	6 0	6 0	5 0	4 0	4 0	3 0	3 0

Silver and ivory, 6d. per doz. extra. Case, 4d. per doz. extra.

Making with black capping, 6d. per doz. extra.

(*b*) SHAVING BRUSHES MADE WITH HOG HAIR

Size	6	5	4	3	2	1	0
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Per doz.	2 0	2 0	2 0	1 6	1 6	1 6	1 6

Case, 4d. per doz. extra.

(*c*) SHAVING BRUSHES MADE ON PEG-TOP HANDLE, weights of bristle ¾-oz. to ⅞-oz. bound with string

	Per doz. s. d.
Ground	2 9
Unground	2 6

50. VARNISH BRUSHES (VARIOUS) FRENCH TOOLS, etc.

(1) Rates include trimming

COMMON VARNISH BRUSHES OR "CARD WORK"

Bevelled varnish in tin made dry, one row of nails if possible. To include two rows of nails, and up to and including $\frac{7}{8}$ in. thickness:—

Size, in.	4	3½	3	2½	2	1½	1
Per doz. ...	s. d. 12 0	s. d. 11 0	s. d. 10 0	s. d. 8 6	s. d. 6 8	s. d. 5 4	s. d. 4 0

Small bevelled varnish metal band or one knot, put on wheel, pegged or not, but not finished. Made with glue or cement:—

Weight, oz.	3	2½	2	1½	1¼	1	¾	½
Per doz. ...	s. d. 5 6	s. d. 5 2	s. d. 4 10	s. d. 3 6	s. d. 3 0	s. d. 2 10	s. d. 2 10	s. d. 2 10

Including trimming.

52. IRON BAND MAN HELPS

Including grinding and pointing, cutting off handles and singeing.

Made in 1¼-in. glue ring (per doz.), 2s. 7d.

If made in narrow ring, 6d. per doz. extra.

53. (*a*) TAR BRUSHES SHORT

(Not exceeding 4½ oz.)

Including trimming and washing handles

Mixture not containing bristle turned out, 1s. 5d. per doz., turned in, 4½d. per doz. extra.

Mixture containing bristle or pure bristle; turned out, 2s. 2d. per doz., turned in, 5d. per doz. extra.

(*b*) TURK'S HEAD TAR BRUSHES

(Not exceeding 4½ oz.)

Uncapped (per doz.), 4s. 5d. Capped (per doz.), 4s. 11½d.

Setting knots, 2d. per doz. knots extra, including trimming and washing handles.

(*c*) TAR HEADS

(Not exceeding 4½ oz.)

Mixture not containing bristle; turned out, 1s. 8d. per doz.; turned in, 4½d. per doz. extra.

Mixture containing bristle, or pure bristle; turned out, 2s. 4d. per doz.; turned in, 5d. per doz. extra.

Nailing on long handles, 1s. per doz. extra on short tar brush prices. Nailing limer stocks, 1s. per doz. heads extra.

Screwing with 1 or 2 screws, 1s. 4d. per doz. heads extra. Bolting, 1s. per doz. heads extra.

TAR HEADS—*contd.*

Long tar handling, above 50 in. in length, 4d. per doz. extra on above prices.

Navy tar, narrow ring, 3s. 4d. per doz., including pinning, trimming and washing handles.

Extra long driving handles, 4d. per doz. extra for all tar brushes.

Making with a plug driven on a metal dummy driving handle, 5d. per doz. extra.

(*Note.*—For tar brushes over 4½ ozs. in weight, see paragraph 43.)

54. IMPROVED OR TINNED GLUE

Size	6	5	4	3	2	1
Weight (ozs.) ...	2½	2	1½	1	¾	½
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Per doz. ...	2 4	2 2	2 0	1 10	1 8	1 6

Rates include trimming. Intermediate weights to be charged to the size above.

55. WHISK, FIBRE, OR BASS CAUSTIC BRUSHES

	s. d.
Made in 1¾-in. Tar rings (per doz.)	1 8

Rate includes trimming and washing handles.

56. PASTRY BRUSHES

	s. d.
Tin band or box (per doz.)	1 3
Turned in (per doz.)	1 9

Making with glue, 4d. per doz. extra, including trimming.

57. YACHT BRUSHES

	s. d.
Made of bass. Small, middle, and large (per doz.)	6 0

58. WASHING AND BLEACHING AND TYING UP

	s. d.
Shoe hairs, per doz. lbs.	6 0
Other dressed bristles:—	
4½ in. and above, per doz. lbs.	6 6
4¼ in. and 4 in., per doz. lbs.	7 0
3½ in. and 3¾ in., per doz. lbs.	7 6
3 in. and 3¼ in., per doz. lbs.	10 6
2¾ in., per doz. lbs.	13 0

Lecks and extras, 4¾ in. and above, per doz. lbs. extra, 8d.; other rough bristles, below 4¾ in., per doz. lbs. extra, 2s.

Pointing and straightening, 2s. 6d. per doz. lbs.

59. GENERAL

All work given out in quantities of less than ½ doz. to be charged 1d. per brush extra.

All work requiring pinning, 1d. per doz. pins extra.

Finishing ground work: anything after pointing to be paid extra.

Unground driven work includes trimming.

Dry tied work includes trimming, singeing, washing handles, and one coat of varnish on wires and across the handle.

Dry work, with the exception of tar and glue brushes, includes finishing, trimming, washing handles, and one coat of varnish or paint, not stamping.

All work, unless specially excluded, to be charged extra if made with cement other than the ordinary resin mixture.

Cornering and soldering to be charged extra, and to be reckoned as part of the making.

All rates per doz., etc., refer to per doz. brushes except where otherwise stated.

MINIMUM PIECE RATES FOR MALE DRAWING HANDS ON MACHINE BRUSHES

60.—(1) The minimum piece rates are in respect of boring, drawing and trimming unless otherwise specified.

(2) In this Part of this Schedule:—

DEFINITIONS

LAG—means a detached segment, made of wood, aluminium or other metal, to be attached to a centre core or bearer with screws or bolts. A set of lags fitted together forms a roller or part of a roller.

SLIP—means a flat or roached faced stock, bored through pattern, up to and including 1 in. thick at thickest part; if over 1 in. thick whether bored through pattern or not, or more than 72 in. long irrespective of the thickness, to be regarded as a lag.

61.—(1) The minimum piece rates for male drawing hands on machine brushes are:—

Types of Brushes	Filling Material									
	All materials other than wire and those specified in Cols. 3–7	Badger hair drawn root in hole	Bass, African or Bahia (other than fine drawing Bahia)	Monkey bass or bassine other than H.V. bassine	H.V. bassine or fine drawing Bahia	Bone	Wire (inclusive)

PART VIII

MINIMUM PIECE RATES FOR FEMALE WORKERS

MINIMUM PIECE RATES FOR FEMALE PAN HANDS (OTHER THAN FEMALE APPRENTICES TO PAN SETTING TO WHOM THE MINIMUM RATES SPECIFIED IN PARAGRAPH 7 APPLY)

63. Workers employed on work other than:—

(i) Cocoa and any other fibre brooms and banisters of any length (except bass and bassine heads on stocks over 12 in. in length and more than 30 knots round, and whisk brooms and banisters).

Bass heads up to 12 in. stock, 30 knots round and other than

(ii) Broom heads up to 11½ in. stock and banisters up to 8½ in. blade, middles made of all fibre or fibre and drafts mixed up to 3½ in., and outsides of any material up to and including 3¼ in.

Banisters (whisk) up to 7½ in. blade made with common Venetian tops (imported as tops).

Sweeps' brushes up to and including 5 in. head and toy hearth brushes up to and including 3½ in. both made with fibre, fibre and drafts, drafts only or china below 3 in.

(*a*) Pan hands who set but neither bore nor trim work other than that specified in (i) and (ii) above.	The piece rates for male workers employed on pan work set out in paragraph 16.—Less 25 per cent.
(*b*) Pan hands who set and trim but do not bore work other than that specified in (i) and (ii) above.	The piece rates for male workers employed on pan work set out in paragraph 16.—Less 15 per cent.
(*c*) Pan hands who set and bore but do not trim work other than that specified in (i) and (ii) above.	The piece rates for male workers employed on pan work set out in paragraph 16.—Less 10 per cent.
(*d*) Pan hands who set, bore and trim work other than that specified in (i) and (ii) above.	The piece rates for male workers employed on pan work set out in paragraph 16.

MINIMUM PIECE RATES FOR FEMALE DRAWING HANDS

64.—(1) Subject to the provisions of paragraph 67 the minimum piece rates for hand drawing TOILET BRUSHES are as follows:—

	Per 100 knots d.
Cloth	4¼
Flesh	4¼
Flesh long handled	4½
Hair	4¼
Hair bristle mixed with horn or bone	4½
Hair ball cut or cushion	4¾
Hair whalebone, flat cut	5
Hair whalebone, ball cut	5¼
Hat	4
Nail	4
Trepanned brushes:	
Cloth	6
Hair	6
Hat	5½
Nail	5½

Ivory brushes:

1s. 6d. per dozen extra on rates for hair, hat and cloth brushes.

1s. 0d. per dozen extra on rates for nail and other small brushes.

(2) In the case of hair brushes the minimum piece rates specified in this paragraph include trimming but are payable without deduction where the drawing hand is not required to do the trimming.

In the case of all brushes other than hair brushes, the minimum piece rates specified in this paragraph include trimming. The deduction to be made where the brushes are trimmed by a worker other than the drawing hand is set out in paragraph 67 (*a*).

Work with synthetic monofilaments and mixtures containing more than one-third of same, 15 per cent. extra.

65. Subject to the provisions of paragraph 67 the minimum piece rates for hand drawing HOUSEHOLD BRUSHES are as follows:—

	Per 100 knots d.
Billiard	4½
Boot top:	
Shear cut	4
Hard, shear cut	4¼
Can:	
Fibre or bass, shear cut	4
Pure Bahia, shear cut	4½
Carriage washing:	
Drawn doubled	5
Root in hole	6½
Churn, long handled, shear cut	4½
Churn bass, shear cut	5¼
Crevice or sash, single end, bristle	5
Crumb	4¼
Dandy:	
Whisk, shear cut	5
Bassine, shear cut	4½
Bass, shear cut	5¼
Bone, shear cut	5
Quill, shear cut	5½
Davy lamp	5½

HOUSEHOLD BRUSHES (*contd.*)	Per 100 knots d.
Dish:	
Shear cut	4
Hard, shear cut	4½
Floor polishing:	
Up to 10 in. by 5 in.	4½
Over 10 in. by 5 in.	5½
Furniture	4¼
Furniture porcupine	6½
Horse:	
Fibre or mixed, shear cut	4½
Bristle, shear cut	5
Moulders' pattern brushes	4½
Paperhanging, drawn, root in hole	6½
Pick and Lye	4¼
Plate:	
Shear cut	4
Hard, shear cut	4¼
Round oil, shear cut	4
Saucepan, drawn-handled, shear cut	4½
Scrubs, deck	5¼
Scrubs, household:	
'Bristle and mixed, shear cut	4¼
Fibre, bass (other than Bahia) and union, shear cut	4
Pure Bahia, shear cut	4½
Shoe:	
Blacking and polishing, shear cut	4
Hard, shear cut	4¼
Sink, bristle, oblong pattern, shear cut	4¼
Spoke:	
Fibre or mixed, shear cut	4½
Bristle, shear cut	5
Porcupine, shear cut	5½
Stove:	
Shear cut	4
Hard, shear cut	4¼
Porcupine, shear cut	4½
Water:	
Fibre or mixed, shear cut	4½
Bristle, shear cut	5
W.C., porcupine, shear cut	5½

Work with synthetic monofilaments and mixtures containing more than one-third of same, 15 per cent. extra.

66. Subject to the provisions of paragraph 67 the minimum piece rates for hand drawing BROOMS, SWEEPS, etc., are as follows:—

Brooms:	d.
Cocoa	5¼
Whisk	5½
Drawn bass—single wire	6
Drawn bass—double wire	7
Window	4½
Bassine, monkey bass, Madagascar fibre, kitool and union fibre	5¼
Brooms and banisters, double drawn	5

	d.
Banisters:	
Cocoa	5¼
Whisk	5½
Bassine, monkey bass, Madagascar fibre, kitool and union fibre	5¼
Bass	6
Hair work, root in hole	6

67. The extras and allowances on the minimum piece rates specified in paragraphs 64–66 are as follows:—

(*a*) As respects all brushes other than hair brushes:
5 per cent. deduction to be made where the brushes are trimmed by a worker other than the drawing hand.

(*b*) As respects shoe and stove brushes made with C. Hong Kong, ½d. per 100 knots extra.

(*c*) As respects brushes referred to in paragraphs 65 and 66, for each wing snout or tuft, 2d. extra per dozen brushes.

68. The minimum piece rates for hand drawing TOOTH BRUSHES are as follows:—

	Per gross s.	d.
9 or 10 holes, total holes 38–42	17	6
10 or 11 holes, total holes 42–46	18	6
12 or 13 holes, total holes 50–54	20	0
14 or 15 holes, total holes 58–62	21	0
3 rows (40 holes and upwards)	17	6
Tom Thumb (28 holes and upwards)	15	0
Child's (34 holes and upwards)	16	6
5 rows	28	0

Work with synthetic monofilaments and mixtures containing more than one-third of same, 15 per cent. extra.

69. The minimum piece rates for hand drawing (including trimming) POTTERY BRUSHES are as follows:—

		Per 100 knots d.
BISCUIT STUMPER	New	5¾
BISCUIT STUMPER	Refills	6¼
GLOST STUMPER (hair, bristle or a mixture of hair and bristle)	New	6¾
GLOST STUMPER (hair, bristle or a mixture of hair and bristle)	Refills	7¼
JUG	New	7½
JUG	Refills	8½
MACHINE DISC BRUSHES—		
Face of brush not exceeding 6 in. diameter	New	7
Face of brush exceeding 6 in. diameter	New	8
Face of brush not exceeding 6 in. diameter	Refills	7½
Face of brush exceeding 6 in. diameter	Refills	8½

The diameter means the diameter of the stock occupied by the holes, not the diameter of the whole stock.

The rates for refills set out above are applicable only when the old brush is pulled to pieces by the drawing hand.

Work with synthetic monofilaments and mixtures containing more than one-third of same, 15 per cent. extra.

MINIMUM PIECE RATES FOR FEMALE DRAWING HANDS ON MACHINE BRUSHES

70.—(1) The minimum piece rates are in respect of drawing only.

DEFINITIONS

(2) In this Part of this Schedule:—

LAG—means a detached segment, made of wood, aluminium or other metal, to be attached to a centre core or bearer with screws or bolts. A set of lags fitted together forms a roller or part of a roller.

SLIP—means a flat or roached faced stock, bored through pattern, up to and including 1 in. thick at thickest part; if over 1 in. thick whether bored through pattern or not, or more than 72 in. long irrespective of the thickness, to be regarded as a lag.

71.—(1) The minimum piece rates for female drawing hands on machine brushes are:—

(2) EXTRAS ARE AS FOLLOWS :—

Lags when over 100 in. long—½d. per 100 knots extra.
All work drawn through side—½d. per 100 knots extra.
All work drawn root in hole (other than badger)—1d. per 100 knots extra.
All work drawn penetrating—1d. per 100 knots extra.
All work, *other than with synthetic monofilaments*, cut off or trimmed by drawing hand, except metal work—1d. in 1s. extra.
All metal work cut-off and trimmed by drawing hand—2d. in 1s. extra.
All work drawn for materials 2¼ in. and under—½d. per 100 knots extra.
All work drawn in holes $\frac{6}{64}$ in. diameter and under $\frac{7}{64}$ in. diameter—½d. per 100 knots extra.
All work drawn in holes $\frac{4}{64}$ in. diameter and $\frac{5}{64}$ in. diameter—1d. per 100 knots extra.
All work drawn in holes $\frac{2}{64}$ in. diameter and $\frac{3}{64}$ in. diameter—1½d. per 100 knots extra.
All work drawn with double wire 1½d. per 100 knots extra.
Cols. 2 to 4 inclusive—Lags and wheel or pulley drawn especially tight—½d. per 100 knots extra.
Cols. 2 to 8 inclusive—Wheel or pulley below 3 in. diameter stock—¼d. per 100 knots extra.
Cols. 2 to 8 inclusive—Roller Brushes in two halves below 3 in. internal diameter—½d. per 100 knots extra.
Cols. 2 to 4 inclusive—Lags, wheel or pulley, slips and roller brushes in two halves in metal work—1¼d. per 100 knots extra.

Work with synthetic monofilaments and mixtures containing more than one-third of same, cut off or trimmed by the drawing hand, except metal work, 1½d. in the 1s. extra.

SECOND SCHEDULE

HOLIDAYS AND HOLIDAY REMUNERATION

The Brush and Broom Wages Council (Great Britain) Wages Regulation (Holidays) Order, 1952 (a), (Order M. (75)) shall have effect as if in the Schedule thereto—

1. after sub-paragraph (2) of paragraph 2 (which relates to customary holidays) there were added the following sub-paragraph:—

" (2A) *Where in England and Wales, Christmas Day or Boxing Day, or in Scotland, New Year's Day (or any day substituted for any one of these days under the provisions of (b) of sub-paragraph (2) of this paragraph), falls on a Saturday, the employer shall allow:—*

(a) to a worker who normally works for the employer on five days a week but does not normally work for him on a Saturday, instead of the customary holiday, a holiday on a day on which the worker normally works for the employer during the eight weeks immediately following the customary holiday;

(b) to a worker who normally works for the employer on six days a week (including Saturday) but normally works on a Saturday for not more than five hours, in addition to the customary holiday, a holiday on a Saturday during the eight weeks immediately following the customary holiday;

Provided that a worker shall not be entitled to a holiday in pursuance of this sub-paragraph:—

(i) if he is not qualified under sub-paragraph (1) of this paragraph to be allowed the customary holiday and would not be so qualified if he normally worked for the employer on a Saturday; or

(ii) if, in the case of a worker to whom (a) of this sub-paragraph applies, he has been allowed a day of holiday (not being a customary holiday or a day of annual holiday) on a day on which he would normally work for the employer in the four weeks immediately preceding the customary holiday and has been paid for that holiday not less than the amount to which he would have been entitled had the day been a customary holiday allowed to him under sub-paragraph (1) of this paragraph; or

(iii) if, in the case of a worker to whom (b) of this sub-paragraph applies, he has been allowed not less than 4 hours off from work during his normal working hours on a day on which the worker would normally have worked for the employer (not being a customary holiday or a day of annual holiday) during the ten days immediately preceding the customary holiday and has been paid in respect of the hours off so allowed to him not less than the statutory minimum remuneration to which he would have been entitled as a time worker if he had worked throughout those hours on his usual work."

2. for paragraph 6 (which relates to remuneration for customary holidays) there were substituted the following paragraph:—

"Paragraph 6

(1) Subject to the provisions of this paragraph, for each day of holiday which a worker is *allowed* under Part II of this Schedule he shall be paid by the employer holiday remuneration equal to the appropriate statutory minimum remuneration to which he would have been entitled as a time worker if the day had not been a day of holiday and he had been employed on work entitling him to statutory minimum remuneration for the time normally worked by him on that day of the week:

Provided that payment of the said holiday remuneration is subject to the condition that the worker (unless excused by the employer or absent by reason of the proved illness of the worker) presents himself for employment at the usual starting hour on the first working day following the holiday.

(a) S.I. 1952/2288 (1952 III, p. 3550).

(2) Holiday remuneration in respect of any holiday allowed under Part II of this Schedule shall be paid to the worker not later than on the pay day on which the wages are paid for the first working day following the holiday: Provided that where a worker ceases to be employed before being allowed a holiday in lieu of a customary holiday *or a holiday under sub-paragraph* (2A) *of paragraph 2 of this Schedule*, he shall be paid the holiday remuneration for that day immediately upon the termination of his employment and in such a case the condition contained in the proviso to sub-paragraph (1) of this paragraph shall not apply."

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order has effect from the 4th May, 1955. The First Schedule sets out the statutory minimum remuneration payable in substitution for that fixed by the Brush and Broom Wages Council (Great Britain) Wages Regulation Order, 1949 (Order M.(67)), as amended by the Brush and Broom Wages Council (Great Britain) Wages Regulation (Amendment) Order, 1954 (Order M.(77)).

The Second Schedule amends the provisions relating to customary holidays set out in the Schedule to the Brush and Broom Wages Council (Great Britain) Wages Regulation (Holidays) Order, 1952 (Order M.(75)) by providing for additional holidays to be allowed in certain specified circumstances where a customary holiday falls on a Saturday.

Order M.(67) and Order M.(77) are revoked.

New provisions in the Schedules are printed in italics.

1955 No. 189

The Button Manufacturing Wages Council (Great Britain) Wages Regulation Order, 1955

Made - - - - 1*st February*, 1955
Coming into Operation 16*th February*, 1955

Whereas the Minister of Labour and National Service (hereafter in this Order referred to as "the Minister") has received from the Button Manufacturing Wages Council (Great Britain) the wages regulation proposals set out in the Schedule hereto;

Now, therefore, the Minister, by virtue of the powers conferred on him by section 10 of the Wages Councils Act, 1945(a), and of all other powers enabling him in that behalf, hereby makes the following Order:—

1. This Order may be cited as the Button Manufacturing Wages Council (Great Britain) Wages Regulation Order, 1955.

2.—(1) In this Order the expression "the specified date" means the 16th day of February, 1955, provided that where, as respects any worker who is paid wages at intervals not exceeding seven days, that date does not correspond with the beginning of the period for which the wages are paid, the expression "the specified date" means, as respects that worker, the beginning of the next such period following that date.

(a) 8 & 9 Geo. 6. c. 17.
