EXPLANATORY NOTE

(This Note is not part of the Instrument, but is intended to indicate its general purport.)

The rules approved by this Instrument amend certain of the Midwives Rules, 1955. The changes made by the amendments are—

(*a*) the rules in Section B of the principal rules dealing with the training of midwives are amended so as to enable enrolled assistant nurses, registered fever nurses, mental nurses, orthopædic nurses and tuberculosis nurses to complete the course of training in eighteen months instead of the normal period of two years hitherto required in the case of all but registered general and sick children's nurses;

(*b*) the rules in Section E of the principal rules dealing with the conditions under which a midwife may administer an inhalational analgesic which is not administered by means of an approved apparatus and/or in which she has not had the prescribed training, are amended in order to make it clear that the midwife may not do so unless a doctor is actually present;

(*c*) Section G.2 of the principal rules is amended in order to specify new time limits within which the refresher course mentioned therein shall be taken.
