1. These regulations may be cited as the Condensed Milk (Scotland) Regulations, 1959, and shall come into operation on the 3rd day of July, 1959.

2.—(1) In these regulations unless the context otherwise requires—

"condensed milk" means milk, partly skimmed milk or skimmed milk which has been concentrated by the removal of part of its water, whether with or without the addition of sugar, and includes the article commonly known as evaporated milk but does not include the article commonly known as dried milk or milk powder;

"local authority" means the council of a county or of a large burgh within the meaning of the Local Government (Scotland) Act, 1947(b); and any small burgh within the meaning of that Act shall for the purposes of these regulations be included in the county in which it is situated;

3. The provisions of these regulations shall be enforced and executed in any area by the local authority of that area.

4. The following provisions of these regulations shall not apply in relation to any condensed milk which is intended for exportation to a destination outside the United Kingdom or which is contained in a container whose gross weight exceeds five pounds.

(*a*) no person shall sell any condensed milk intended for human consumption except in a container bearing a label in accordance with the provisions of the First Schedule to these regulations;

(*b*) no person shall expose or offer for sale by retail any such container wrapped in paper or some other wrapper through which the label on the container is not clearly visible unless the outermost wrapper also bears a label as if it were a container to which sub-paragraph (*a*) of this paragraph applies.

(2) For the purposes of this regulation "sale by retail" means any sale to a person buying otherwise than for the purpose of re-sale, but does not include a sale to a caterer for the purposes of his catering business, or a sale to a manufacturer for the purposes of his manufacturing business.

2. The declaration shall in each case be completed by inserting at (x) the appropriate number in words and figures, e.g., "one and a half (1½)" any fraction being expressed as eights, quarters or a half.

For the purposes of this Schedule full cream milk means milk which contains not less than 12·4 per cent. of milk solids (including not less than 3·6 per cent. of milk fat), half cream milk means milk which contains not less than 10·8 per cent. of milk solids (including not less than 1·8 per cent. of milk fat) and skimmed milk means milk which contains not less than 9 per cent. of milk solids other than milk fat. All the said percentages shall be calculated by weight.

3.—(1) The prescribed declaration shall be printed in dark block type upon a light coloured background.

(2) There shall be a surrounding line enclosing the declaration and in the cases in which the words "unfit for babies" or "not to be used for babies" are required to be used there shall be another such line enclosing those words.

(3) The distance between any part of the words "unfit for babies" or "not to be used for babies" and the surrounding line enclosing those words shall be not less than one-sixteenth of an inch.

(4) No matter other than hereinbefore prescribed shall be printed within either surrounding line.

(5) The type used for the declaration shall not in any part be less than one-eighth of an inch in height (or if the gross weight of the container does not exceed twelve ounces, one-sixteenth of an inch in height) and the type used for the words "unfit for babies" or "not to be used for babies" shall not be less than twice the height of any other part of the declaration.

4. The label shall in addition bear the name of the packer or the labeller of the condensed milk and the address at which such person carries on business:

Provided that—

(*a*) where the condensed milk is packed or labelled on behalf of or on the instructions of another person and such other person carries on business at an address in the United Kingdom the label may bear the name and address of that other person instead of the name and address of the packer or labeller, as the case may be;

(*b*) it shall be sufficient if instead of the particulars specified in this paragraph there appears prominently on the label a trade mark (other than a certification trade mark) of which there is in the Trade Marks Register kept under the authority of the Trade Marks Act, 1938(a), a subsisting entry in respect of such condensed milk, and if there is associated therewith on the label the words "Registered Trade Mark" or "Regd. Trade Mark".

(a) 1 & 2 Geo. 6. c. 22.

5. The label shall be securely affixed to or be part of the container and in any case shall be so placed as to be clearly visible and the prescribed declaration shall be part of any main label.

6. There shall not be placed on any container containing condensed milk—

(*a*) any comment on, explanation of, or reference to either the statement of equivalence contained in the prescribed declaration or the words "partly skimmed", "machine-skimmed", "skimmed" or "unfit for babies" or "not to be used for babies"; or

(*b*) any instructions as to dilution, unless either—

(i) the fluid produced in accordance with such instructions would contain not less milk fat and not less milk solids than full cream or half cream milk or skimmed milk as defined in paragraph 2 of this Schedule as the case may require; or

(ii) such instructions clearly specify that the fluid so produced is not of equivalent composition to full cream milk or half cream milk or skimmed milk as the case may be.

7. Wherever the word "Milk" appears on the label of a container of condensed partly skimmed milk or condensed skimmed milk as the description or part of the description of the contents, it shall be immediately preceded or followed by the words "Partly Skimmed" or "Machine-Skimmed" or "Skimmed" as the case may require.
