EXPLANATORY NOTE

(*This Note is not part of the Regulations.*)

Part II of the Control of Pollution Act 1974 relates to the pollution of various categories of water, including "controlled waters".

Section 56(1) of the Act defines "controlled waters" for the purposes of Part II of the Act. The definition covers the sea within 3 nautical miles of the coast and such other parts of the sea adjacent to Great Britain as are prescribed by regulations made by the Secretary of State. These regulations prescribe those parts of the territorial sea which are within the seaward limits set out in the Schedule to the regulations so far as they are not already controlled waters for the purposes of Part II. Separate regulations are to be made jointly by the Secretary of State for the Environment and the Secretary of State for Wales as respects England and Wales.
