EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The Order prohibits the incorporation of any metallic form of copper or zinc in the articles mentioned in the Schedule: except as a surface finish for articles mentioned in Part I of the Schedule. But a limited exemption is given for work in progress and stocks in hand immediately before the 1st March, 1951.

The Copper and Zinc Prohibited Uses (Board of Trade) Order, 1951 (S.I. 1951 No. 275), which comes into operation at the same time as the above Order, contains a similar prohibition in relation to other articles.

The Copper and Zinc Prohibited Uses (Minister of Supply) (No. 2) Order, 1951

1951 No. 1960

Made - - - -	*14th November,* 1951
Laid before Parliament	*17th November,* 1951
Coming into Operation	*20th November,* 1951

The Minister of Supply in exercise of the powers conferred on him by Regulations 55 and 98 of the Defence (General) Regulations, 1939, as having effect by virtue of the Supplies and Services (Transitional Powers) Act, 1945(**a**) (as extended by the Supplies and Services (Extended Purposes) Act, 1947(**b**), and the Supplies and Services (Defence Purposes) Act, 1951(**c**), and continued in force by the Supplies and Services (Continuance) Order, 1950(**d**)), hereby orders as follows:—

Amendment of the Principal Order

1. The Principal Order (that is to say, the Copper and Zinc Prohibited Uses (Minister of Supply) Order, 1951(**e**)) is hereby varied in the Schedule thereto in the manner set out in the Schedule to this Order.

Limited exemption for work in progress and stocks in hand

2. Nothing in Article 1 of the Principal Order, as varied by this Order, shall prohibit or restrict the incorporation, by any person, before the 1st day of February, 1952, in any article mentioned in Part II of the Schedule to this Order, of any controlled material which, being in a fabricated or partly processed state, was owned by that person immediately before the 20th day of November, 1951.

Coming into operation; Citation

3. This Order may be cited as the Copper and Zinc Prohibited Uses (Minister of Supply) (No. 2) Order, 1951; and shall come into operation on the 20th day of November, 1951.

Dated this 14th day of November, 1951.

Duncan Sandys,
Minister of Supply.

"ix Rail chair screws";

and in Item x, by deleting the words "scaffold fittings"

PART II

(Additions to Part I of the Schedule to S.I. 1951 No. 277)

Part I of the Schedule to the Principal Order is hereby further varied by adding thereto the following:—

Head

2. Agricultural and Garden Requisites of the following descriptions—

v Hoes
vi Spades
vii Trowels
viii Weeders and dibbers

4. Electrical and Gas, Equipment, Fittings, Accessories, and Appliances, of the following descriptions—

x Flashlight cases: except contact points for carrying current
xi Portable electric lamps and lanterns: except current carrying parts
xii Permanent wave equipment: except current carrying parts and replacement parts
xiii Hair driers: except current carrying parts, bearings and bearing housings, and replacement parts
xiv Vibrators: except current carrying parts, bearings and bearing housings
xv Electric hair clippers and shavers: except current carrying parts and bearings

8. Builders' Hardware Fittings and Sundries of the following descriptions—
   - i Anchors and dowels: except window cleaners' and steeplejacks' safety anchors and equipment
   - ii Bands on pipe insulation
   - iii Blinds including fixtures and fittings: except where essential for operating parts
   - iv Chimneys and flues
   - v Doors
   - vi Door checking, closing, stopping and holding devices: except gland nuts, regulating screw assemblies and fusible links
   - vii Elevators and escalators: except for worm gears and parts for conducting electricity
   - viii Escutcheons and plates for floor, ceiling and wall use
   - ix Facias
   - x Fences
   - xi Grids
   - xii Grilles and Shields including fresh air inlet boxes and radiator and convector enclosures
   - xiii Locks and latches: except cylinder locks and latches
   - xiv Louvres
   - xv Mouldings for joining cabinet sinks
   - xvi Shower pans
   - xvii Sliding door gear: except bearings and fusible links
   - xviii Traps: except tube traps in 18 gauge
   - xix Ventilators
   - xx Vents
   - xxi Windows
   - xxii Window frames

9. Furniture and equipment—
   - i Drip trays for cookers
   - ii Space heaters: except valves, controls and current carrying parts
   - iii Stoves and ranges of all fuels for household cooking use: except valves, compression fittings, controls including timers, thermostats and current carrying parts
   - iv Washing tubs and Washing Boilers: excluding pans

10. Household Appliances using electricity, gas or solid or liquid fuel (except current carrying parts and bearings and bearing housings), of the following descriptions—
   - i Bed warmers and airers
   - ii Curling tong heaters
   - iii Curling and waving irons
   - iv Dish washing machines
   - v Drying cabinets
   - vi Drying machines
   - vii Egg boilers
   - viii Floor polishers: except shaft distance pieces
   - ix Fans: except gears
   - x Footwarmers
   - xi Fruit juice extractors
   - xii Glue pots
   - xiii Health exercisers
   - xiv Hot cupboards
   - xv Immersion heaters
   - xvi Irons and ironing machines
   - xvii Milk heaters and porringers
   - xviii Motor Car heaters: other than heaters designed solely for heating motor car engines or radiators or for the demisting or defrosting of motor car windscreens
   - xix Razors
   - xx Sealing wax heaters
   - xxi Shoe Polishers

xxii Teapots and Teamakers
xxiii Tie and Trouser pressers
xxiv Toasters
xxv Vacuum cleaners: except shaft distance pieces and cylinder end rings
xxvi Warming plates
xxvii Washing machines
xxviii Wringing machines

11. Equipment for Passenger Transport (including railway carriages, trams trolley-buses and trailers: but excluding locomotives) of the following descriptions—

i Bands on pipe covering
ii Ornamental metal work
iii Sinks and draining boards
iv Towel rails and luggage racks
v Water containers for humidification

12. Air conditioning equipment, of the following descriptions—

i Decorative trim on air conditioning units
ii Doors, chart plates, cases, links, baffle units and springs of automatic temperature and humidity controls
iii Fans: except bearings
iv Filters

13. Miscellaneous, the following—

i Alarm and protective systems: except current carrying parts and indicator drops
ii Bar and counter equipment and fittings: except equipment for the boiling of water or storage of liquids and foods
iii Barrels, boxes, cans, jars and other containers
iv Hand tools: except spiral ratchet and ratchet screwdrivers and drills, hand and breast drills and kit braces, soldering irons, welding torches, portable spot welders and non-sparking tools designed to prevent explosion hazards
v Name plates
vi Non-electric carpet sweepers: excluding bearings

viii Puttying and scraping knives: except rivets
ix Scissors, hedge and other trimmers, including tinman's snips and shears
x Sealing, branding, marking and labelling appliances: except government, notarial and corporate seals, laundry marking machines and transfer applying machines.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

The Order amends the Copper and Zinc Prohibited Uses (Minister of Supply) Order, 1951. The changes are as follows :—

(1) The prohibition on the incorporation of metallic forms of copper and zinc (except as a surface finish) is extended to the articles set out in Part II of the Schedule to this Order. But material for these articles which was in a fabricated or partly processed state before the 20th November, 1951, may be completed up to the 1st February, 1952.

(2) Minor revisions have been made to the lists of articles in the Schedule to the principal Order.
