EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order, which comes into operation on 11th January 1985, further amends the Customs Duties (ECSC) Order 1981 which charges customs duties in accordance with the unified ECSC tariff on ECSC products imported into the United Kingdom except from other member states of the European Coal and Steel Community and from certain other countries named in Schedule 1 to the 1981 Order. The amendments are to the list of countries mentioned in Schedule 1. First, they take account of the change of name of Upper Volta to Burkina Faso. Secondly, they delete the reference to Greenland which had been inserted by the Customs Duties (ECSC) (Amendment No. 7) Order 1984 in the expectation that Greenland's participation in the Community would be terminated by 1st January 1985. This has not taken place.
