EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order imposes an anti-dumping duty on imports of iron or steel coils for re-rolling as described in the Order, originating in the Republic of Korea, and of certain sheets and plates of iron or steel as described in the Order, originating in Bulgaria, the German Democratic Republic and Berlin (East) or Romania, at a rate equal to the amount by which the price paid by the importer for the goods inclusive of insurance and freight and the duty under the ECSC unified tariff is lower than the price last published by the Commission of the European Communities at the time of importation.

This Order also provides that the amount of duty shall be reduced to the extent that the importer establishes to the satisfaction of the Commissioners of Customs and Excise that the difference between the two prices referred to in the first paragraph above is due wholly or partly to the quality of the goods in question being inferior to the lowest quality described in relation to the price last published by the Commission.

This Order replaces the Customs Duties (ECSC) Anti-Dumping (No. 1), (No. 2) and (No. 8) Orders 1978 in so far as those Orders relate to goods originating respectively in the Republic of Korea, Bulgaria, the German Democratic Republic and Berlin (East) or Romania. The postponement of the collection of the duty charged by those Orders in accordance with the provisions of the Anti-Dumping and Countervailing Duties (Postponement of Collection) Regulations 1978 (S.I. 1978/77) has come to an end in respect of goods originating in the said countries and the duty is now payable in respect of the goods by virtue of those Orders and Regulations subject to reduction as specified in the second paragraph above. This Order also provides that those Orders shall continue to apply in respect of goods originating in Czechoslovakia, Japan or Spain, but duty has ceased to be charged on goods originating in Japan under the Customs Duties (ECSC) Anti-Dumping (Amendment) Order 1978.

The Order provides, in accordance with Recommendations 788/78/ECSC (O.J. L106, 20.4.78, p. 19) and 812/78/ECSC (O.J. L108, 22.4.78, p. 29), that the amount of duty charged by the Customs Duties (ECSC) Anti-Dumping (No. 1), (No. 2), (No. 4) and (No. 5) Orders 1978 in so far as they relate to goods originating in Czechoslovakia and by the Customs Duties (ECSC) Anti-Dumping (No. 6) Order 1978 (relating to goods originating in Poland or Spain) shall be reduced to the extent that the importer establishes to the satisfaction of the Commissioners of Customs and Excise that the difference between the two prices referred to in the first paragraph above is due wholly or partly to the quality of the goods in question being inferior to the lowest quality described in relation to the price last published by the Commission. Collection of the duties charged on those goods by those Orders continues to be postponed in accordance with the Anti-Dumping and Countervailing Duties (Postponement of Collection) Regulations 1978.

The United Kingdom is under a Community obligation by virtue of the Recommendations referred to in the Order to make the impositions of duty effected by the Order.
