EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order, which implements obligations of the United Kingdom under the Treaty of Accession of Greece to the European Economic Communities, provides for the reductions in the customs duties between the United Kingdom and Greece which are to be made under the Treaty during 1981.

The reduction of duty is of 10 per cent in respect of all products listed in Schedule 1 and will apply from 1st January 1981. The 20 per cent reduction of duty on products covered by the European Economic Community's common organisation of the market in beef and veal which are listed in Schedule 2 will apply from 6th April 1981 (the start of the beef and veal marketing year). From 1st January until that date duties on these goods will continue at the present rate.

The characteristics of goods which are entitled to benefit from the reductions (and eventual abolition) of duties between Greece and the other Member States of the Communities are described in the draft Commission Regulation on methods of administrative cooperation to safeguard during the transitional period the free movement of goods in trade between Greece and the other Member States (OJ No. C259, 6.10.1980, p.2) which the Commission intends to make on 1st January 1981.

The Order also provides that no duty shall be charged on certain eels imported from Greece as long as eels imported from countries outside the Community are entitled to relief from customs duty under Council Regulation (EEC) No. 1469/80.

The Order also amends the Customs Duties (Greece) (No. 3) Order 1977 so that no customs duty shall be charged under it on the importation of goods to which this Order applies.
