EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order, which comes into operation on 1st January 1982, replaces the Customs Duties (Greece) Order 1980. It implements obligations of the United Kingdom under the Treaty of Accession of Greece to the European Economic Communities by providing for the second stage of reductions in the customs duties between the United Kingdom and Greece applicable during 1982.

The reduction of duty is of a further 10 percent in respect of all products listed in Schedule 1 and will apply from 1st January 1982 (Article 2). The further 20 percent reduction of duty on products covered by the European Economic Community's common organisation of the market in beef and veal which are listed in Schedule 2 will apply from 5th April 1982 (the start of the beef and veal marketing year)(Article 4). From 1st January until that date the duties on these products will continue at the existing rates (Article 3). If, however, the European Economic Community reduces the duties to be charged by means of any directly applicable Community legislation such lower rates of duty will apply (Article 5).

The characteristics of goods which are entitled to benefit from the reduction (and eventual abolition) of duties between Greece and the other Member States of the Communities are described in Commission Regulation (EEC) 49/81 (OJ No L4, 1.1.1981, p.1) on methods of administrative cooperation to safeguard during the transitional period the free movement of goods in trade between Greece and the other Member States.

The Order also revokes the Orders listed in Article 7 of this Order.
