EXPLANATORY NOTE

(This Note is not part of the Order.)

This Order implements obligations of the United Kingdom concerning Spain under the Treaty of Accession of Spain and Portugal to the European Communities from 1st January 1987 until 31st December 1995. Obligations for the first 2 months of 1986 were implemented by the Customs Duties (Spain and Portugal) Order 1985 (S.I. 1985/2019) and ECSC products for that period were taken account of in the Customs Duties (ECSC) (No. 2) (Amendment) Order 1985 (S.I. 1985/2020). Obligations for the remainder of 1986 were implemented by the Customs Duties (Spain) Order 1986 (S.I. 1986/346).

This Order provides for the reductions in the customs duties charged on the importation of goods into the United Kingdom from Spain which are to be made under the Act annexed to the Treaty from the beginning of each calendar year during the remainder of the transitional period, (see European Communities No. 27 and 28 (1985) Cmnd 9634 and 9635). The basic duties in the Communities as constituted immediately before the accession of Spain and Portugal to the Communities, to be adopted for the purpose of calculating the successive reductions in the customs duties between the Communities and Spain under the Treaty, are calculated on the basis of the duties applied on 1st January 1986 or any lower rate applied in 1985 in accordance with Council Regulation (EEC) No. 443/1986 (OJ No. L50, 28.2.1986 p.9) and Commission Decision No. 511/1986 (OJ No. L51 28.2.1986 p.41).

Certain duties are charged by reference to a number of ECUs per unit of quantity. The present rate of conversion for 1987 is 1 ECU equals £0.712521 (see Commission Notice of 1.10.1986, (OJ No. C245, 1.10.1986, p.1)).

This Order also charges duties on products covered by the European Economic Community's common organisation of the market in beef and veal which are listed in Schedule 2 from 1st January 1987 until the end of the beef and veal marketing year which begins in 1992. The rate of duty chargeable is determined by reference to the beef and veal marketing year in force at the date of importation rather than the calendar year. The beef and veal marketing year is determined in accordance with Article 4 of Council Regulation EEC No. 805/68, which provides that the marketing year shall begin on the first Monday in April of each year and end on the day preceding that day in the following year except where the Council decides otherwise. Thus the beef and veal marketing year for 1987/8 will commence on 6th April 1987, unless the Council decides otherwise.

Goods in Schedule 3 are subject to a total exemption from customs duty and goods in Schedule 4 are subject to a partial exemption from customs duty instead of any higher rate which would otherwise apply under Schedule 1.
