EXPLANATORY NOTE

(*This Note is not part of the Regulations.*)

The Cycle Racing on Highways Regulations 1960, which apply to England and Wales, authorise certain races or trials of speed between bicycles or tricycles, not being motor vehicles, (described in those Regulations as bicycle races) to be held on public highways subject to certain conditions including the condition that the number of competitors taking part must not exceed 40. These Regulations provide for varying this condition in the case of any bicycle race (as defined in the 1960 Regulations) which is comprised in the 29 cycle racing events proposed to be held in 1980 which are specified in the Schedule, by increasing the maximum number of competitors who may take part to 84 in the case of the events specified under the titles "Tour of Britain (Milk Race)" and "Sealink International" and to 60 in the case of the other events so specified.
