EXPLANATORY NOTE

(*This Note is not part of the Regulations, but is intended to indicate their general purport.*)

The manufacture, sale, possession and distribution of the drugs to which Part III of the Dangerous Drugs Act 1951 applies (that is to say the drugs specified in section 10 (1) of the Act and other drugs to which Part III has been applied by Order in Council made under the section) are controlled by the Dangerous Drugs Regulations 1953 as subsequently amended, made under section 9 of the Act. The majority of such drugs are controlled under Part II of those Regulations, but a smaller number are subject only to less stringent control under Part III thereof. These Regulations provide for this less stringent control in the case of nicocodine and its salts, which are drugs to which Part III of the Act has been applied by the Dangerous Drugs Act 1951 (Application) Order 1962 (S.I. 1962/2349) which came into operation on 12th November 1962.
