STATUTORY INSTRUMENTS

1970 No. 1372

ANIMALS

POULTRY

The Diseases of Animals (Approved Disinfectants) Order 1970

Made - - - 15*th September* 1970

Coming into Operation 17*th September* 1970

The Minister of Agriculture, Fisheries and Food in exercise of the powers vested in him by sections 1, 20 and 85 of the Diseases of Animals Act 1950(**a**) (as read with the Transfer of Functions (Animal Health) Order 1955(**b**)) and all other powers enabling him in that behalf as respects the alteration by this order of the Tuberculosis Order 1964(**c**), the Secretary of State in exercise of the powers vested in him by the before mentioned provisions and all other powers enabling him in that behalf as respects the alteration by this order of the Tuberculosis (Scotland) Order 1964(**d**), and (save for such alterations as aforesaid) the Minister of Agriculture, Fisheries and Food and the Secretary of State, acting jointly, in exercise of the powers vested in them under sections 1, 11, 20, 50 and 85 of the Diseases of Animals Act 1950(**a**) (as read with the Transfer of Functions (Animal Health) Order 1955(**b**)) and all other powers enabling them in that behalf, hereby order as follows :—

Citation, extent and commencement

1. This order, which may be cited as the Diseases of Animals (Approved Disinfectants) Order 1970, shall apply to Great Britain and shall come into operation on 17th September 1970.

Interpretation

2.—(1) In this order, unless the context otherwise requires, the following expressions have the meanings hereby respectively assigned to them—

"the Act" means the Diseases of Animals Act 1950 ;

"general order" means an order made under the Act by the Minister of Agriculture, Fisheries and Food or by the Secretary of State or by the said Minister and the Secretary of State acting jointly (other than this order or an order hereafter defined as a special disease order) or an order or regulation of a local authority made thereunder ;

"inspector" has the meaning assigned to it by section 84(4) of the Act ;

"the Minister" means the Minister of Agriculture, Fisheries and Food and the Secretary of State acting jointly ;

(**a**) 1950 c. 36. For change of title of the Minister see S.I. 1955/554 (1955 I, p. 1200).
(**b**) S.I. 1955/958 (1955 I, p. 1184). (**c**) S.I. 1964/1151 (1964 II, p. 2634).
(**d**) S.I. 1964/1109 (1964 II, p. 2463).

"special disease order" means an order listed in column 1 of Part I, Part II or Part III of the Schedule to this order.

(2) The Interpretation Act 1889(**a**) applies to the interpretation of this order as it applies to the interpretation of an Act of Parliament, and as if this order and the order hereby revoked were Acts of Parliament.

Approved Disinfectants

3.—(1) For the purposes of this order, and subject to the provisions of paragraph (4) of this article, an approved disinfectant means a disinfectant for the time being listed as approved by the Minister (in respect of any special disease order or a general order) in column 2 of any Part of the Schedule to this order.

(2) In any special disease order any reference to a disinfectant or an approved disinfectant shall be construed as a reference to any disinfectant for the time being listed in column 2 of the Part of the Schedule to this order in which the special disease order is listed.

(3) In any general order any reference to a disinfectant or an approved disinfectant shall be construed as a reference to a disinfectant for the time being listed in column 2 of Part IV of the Schedule to this order, or in column 2 of Part V of that Schedule (but only for so long as such a disinfectant remains an approved disinfectant in accordance with paragraph (4) of this Article).

(4) An approved disinfectant listed in column 2 of Part V of the Schedule to this order shall remain an approved disinfectant for a period of one year from the date of the coming into operation of this order, and an approved disinfectant listed in any other part of the said Schedule shall remain an approved disinfectant until deleted from the said Schedule by subsequent order of the Minister.

Dilution

4. An approved disinfectant shall be used for the purposes of any order specified in column 1 of any Part of the Schedule to this order only when diluted with water in the proportion specified in respect of that disinfectant in column 3 of the corresponding Part of that Schedule.

Provided always that the dilution so specified in respect of any approved disinfectant may be varied at any time for any particular act or acts or disinfection by notice given under Article 6 of this order.

Testing of Disinfectants

5.—(1) The Minister may test any disinfectant submitted to him by any person for the purpose of having such disinfectant listed as approved in the Schedule to this order in respect of—

(*a*) the efficacy of such disinfectant for use under the provisions of any special disease order or general order in respect of which approval of the disinfectant is sought ; and

(*b*) the physical stability of such disinfectant when diluted, and the identity of its constituents.

(a) 1889 c. 63.

(2) For the purpose of conducting the tests specified in paragraph (1) of this Article, the Minister may require such samples as he considers necessary of any disinfectant and its ingredients submitted to him to be supplied by the person submitting the disinfectant, together with such information concerning the said disinfectant and its ingredients as the Minister may require, and an application for the listing of any disinfectant as approved for the purposes of this order shall be made in a form prescribed by the Minister.

Application of Approved Disinfectants

6.—(1) An inspector may, in respect of any act of disinfection required to be carried out under any special disease order or any general order, by notice served on the person by whom disinfection is to be carried out, specify the mode of disinfection to be adopted, including in particular the dilution at which the approved disinfectant is to be applied.

(2) The requirements contained in any such notice shall (except where the notice otherwise provides) be in addition to and not in derogation of the requirements of this order or of the orders referred to in paragraph (1) of this Article.

(3) Failure by a person on whom any such notice is served to comply with the requirements thereof shall be an offence against the Act.

Labelling

7. Every container in which any approved disinfectant is sold or offered or exposed for sale which is marked with any label, statement or other indication that the disinfectant contained is an approved disinfectant shall in addition be clearly marked with a label in a form approved by the Minister and including such particulars as the Minister may require, including—

(*a*) the diseases of animals (if any) in relation to which the use of the disinfectant is approved or the name of any special disease order for the purposes of which the use of the approved disinfectant is authorised by Article 3(2) of this order ;

(*b*) the dilution specified by this order as appropriate in the case of any diseases of animals or special disease order referred to on the label in pursuance of sub-paragraph (*a*) of this Article ;

(*c*) in the case of an approved disinfectant tested in accordance with the provisions of Article 5 of this order, a statement that the disinfectant contained is of the same quality and composition as the sample submitted to the Minister under the provisions of Article 5 aforesaid.

Sampling of Disinfectants

8. Where under any special disease order or general order the use of a disinfectant or of an approved disinfectant is required, the person using the disinfectant shall if so required by an inspector, furnish him with a sample of the disinfectant used, or permit him to take such sample, and so furnish the inspector with all such particulars as may be reasonably required as to the name and composition of the disinfectant used.

Offences

9. If any person falsely marks or causes or permits to be falsely marked any container of disinfectant with a label, statement or other indication that the disinfectant contained therein is an approved disinfectant for the purpose of this order or has been listed as approved by the Minister in this order, or (being an approved disinfectant so listed after the Minister has tested a sample of it under the provisions of Article 5 hereof) is of the same quality and composition as the said sample submitted to the Minister, he shall be guilty of an offence against the Act.

Revocation

10. The Diseases of Animals (Disinfection) Order of 1936(**a**) is hereby revoked.

Transitional Provisions

11. Notwithstanding the preceding provisions of this order, it shall be lawful for a period of 3 months from the date of coming into operation thereof to use for the purposes of any special disease order or general order in which a reference to a disinfectant or an approved disinfectant occurs a disinfectant which it was lawful to use for such purposes immediately before the coming into operation of this order.

In Witness whereof the Official Seal of the Minister of Agriculture, Fisheries and Food is hereunto affixed on 15th September 1970.

(L.S.) *J. M. L. Prior,*
Minister of Agriculture, Fisheries and Food.

Given under the Seal of the Secretary of State for Scotland on 15th September 1970.

(L.S.) *Gordon Campbell,*
Secretary of State for Scotland.

(a) S.R. & O. 1938/191 (Rev. II, p. 320: 1938 I, p. 303).

SCHEDULE

PART I (Disinfectants approved by the Minister in respect of Foot-and-Mouth Disease Orders)

Column 1 Orders in respect of which disinfectant approved by the Minister	Column 2 Description of Disinfectant	Column 3 Dilution rate
The Foot-and-Mouth Disease Order of 1928 as amended **(a)**; The Foot-and-Mouth Disease (Infected Areas Restrictions) Order of 1938**(b)**, as amended**(c)**	Action Approved Disinfectant	One part to 240 parts of water
	Castrol Solvex ICD 109	One part to 50 parts of water
	Citric Acid BP	One part to 500 parts of water
	Combat	One part to 240 parts of water
	Compass Lysol BP	One part to 9 parts of water
	Crown Special Detergent Disinfectant	One part to 240 parts of water
	Dairy Iodicide	One part to 250 parts of water
	Delta Farm Disinfectant	One part to 240 parts of water
	Disteola	One part to 240 parts of water
	FAM	One part to 240 parts of water
	Famosan	One part to 160 parts of water
	Famosan Mark II	One part to 139 parts of water
	Formalin BP (containing not less than 34% formaldehyde)	One part to 9 parts of water
	GR 250	One part to 10 parts of water
	Hygasan	One part to 20 parts of water
	Iodel X	One part to 130 parts of water
	Iodet	One part to 240 parts of water
	Ortho-phosphoric acid (Technical Grade)	One part to 330 parts of water
	Resiguard F	One part to 80 parts of water
	Ropolik	One part to 240 parts of water
	Sani-Squad	One part to 5 parts of water
	Sodium Carbonate (Decahydrate) Complying with BS 3674 of 1963	One part to 24 parts of water

(a) S.R. & O. 1928/133, 1938/192 (Rev. II, p. 499: 1928, p. 94, 1938 I, p. 151): S.I. 1969/1444 (1969 III, p. 4661).
(b) S.R. & O. 1938/1434 (Rev. II, p. 528: 1938 I, p. 155).
(c) The relevant amending instrument is S.I. 1969/1445 (1969 III, p. 4667).

PART II (Disinfectants approved by the Minister in respect of Fowl Pest Orders)

Column 1 Orders in respect of which disinfectant approved by the Minister	Column 2 Description of Disinfectant	Column 3 Dilution rate
The Fowl Pest Order of 1936(a), as amended(b); The Fowl Pest (Infected Areas Restrictions) Order 1956(c), as amended(d);	Action Approved Disinfectant	One part to 80 parts of water
	Basol 99	One part to 20 parts of water
	Combat	One part to 80 parts of water
	Compass Lysol BP	One part to 39 parts of water
	Coopers Farm Disinfectant	One part to 29 parts of water
	Crown Special Detergent Disinfectant	One part to 80 parts of water
	Dellaphen General Purpose Soluble Disinfectant	One part to 60 parts of water
	Delta Farm Disinfectant	One part to 80 parts of water
	Disteola	One part to 80 parts of water
	FAM	One part to 80 parts of water
	Famosan Mark II	One part to 79 parts of water
	Hygasan	One part to 60 parts of water
	Iodel X	One part to 49 parts of water
	Iodet	One part to 80 parts of water
	Iodicide	One part to 30 parts of water
	Izal Germicide	One part to 30 parts of water
	Izal Green Label Germicide	One part to 30 parts of water
	Ropolik	One part to 80 parts of water
	Sudol	One part to 60 parts of water
	Tekresol	One part to 32 parts of water

(a) S.R. & O. 1936/1297, (Rev. XVIII, p. 422; 1936 II, p. 2086).
(b) The relevant amending instrument is S.I. 1963/629 (1963 I, p. 760).
(c) S.I. 1956/1611 (1956 II, p. 1883).
(d) The amending order is not relevant to the subject matter of this order.

PART III (Disinfectants approved by the Minister in respect of Tuberculosis Orders)

Column 1 Orders in respect of which disinfectant approved by the Minister	Column 2 Description of Disinfectant	Column 3 Dilution rate
The Tuberculosis Order 1964 (a) The Tuberculosis (Scotland) Order 1964 (b)	Action Approved Disinfectant	One part to 25 parts of water
	Basol 99	One part to 20 parts of water
	Boots Farm Disinfectant	One part to 55 parts of water
	Byro Disinfectant Fluid	One part to 55 parts of water
	Combat	One part to 25 parts of water
	Compass Lysol BP	One part to 39 parts of water
	Coopers Farm Disinfectant	One part to 99 parts of water
	Crown Special Detergent Disinfectant	One part to 25 parts of water
	Dellaphen General Purpose Soluble Disinfectant	One part to 65 parts of water
	Delta Farm Disinfectant	One part to 25 parts of water
	Disteola	One part to 25 parts of water
	FAM	One part to 25 parts of water
	Horton Extra Strong White Disinfectant Emulsion	One part to 105 parts of water
	Iodet	One part to 25 parts of water
	Izal Germicide	One part to 90 parts of water
	Izal Green Label Germicide	One part to 80 parts of water
	Lenfectant White Fluid	One part to 55 parts of water
	Ropolik	One part to 25 parts of water
	Sterilite 20/22 Farm Disinfectant	One part to 55 parts of water
	Sterilite WD White Disinfectant	One part to 49 parts of water
	Sudol	One part to 65 parts of water
	Summit	One part to 55 parts of water
	Tekresol	One part to 80 parts of water
	White Cresanol	One part to 55 parts of water
	Youngs White Septol 'B'	One part to 100 parts of water

PART IV (Disinfectants approved by the Minister in respect of general orders until further notice)

Column 1 Orders in respect of which disinfectant approved by the Minister	Column 2 Description of Disinfectant	Column 3 Dilution rate
Any general order	Action Approved Disinfectant	One part to 145 parts of water
	Basol 99	One part to 20 parts of water
	Boots Farm Disinfectant	One part to 99 parts of water
	Byro Disinfectant Fluid	One part to 99 parts of water
	Combat	One part to 145 parts of water
	Compass Lysol BP	One part to 49 parts of water
	Coopers Farm Disinfectant	One part to 99 parts of water
	Crown Special Detergent Disinfectant	One part to 145 parts of water
	Dellaphen General Purpose Soluble Disinfectant	One part to 70 parts of water
	Delta Farm Disinfectant	One part to 145 parts of water
	Dettol	One part to 20 parts of water
	Disteola	One part to 145 parts of water
	FAM	One part to 145 parts of water
	Horton Extra Strong White Disinfectant Emulsion	One part to 116 parts of water
	Iodet	One part to 145 parts of water
	Izal Germicide	One part to 90 parts of water
	Izal Green Label Germicide	One part to 120 parts of water
	Jeyes Fluid	One part to 50 parts of water
	Kilcrobe W.O. White Disinfectant Fluid Special Grade	One part to 99 parts of water
	Lenfectant White Fluid	One part to 99 parts of water
	Ropolik	One part to 145 parts of water
	San Izal	One part to 16 parts of water
	Sterilite 20/22 Farm Disinfectant	One part to 99 parts of water
	Sterilite WD White Disinfectant	One part to 89 parts of water
	Sudol	One part to 70 parts of water
	Summit	One part to 99 parts of water
	Tekresol	One part to 80 parts of water
	White Cresanol	One part to 99 parts of water
	Youngs White Septol 'B'	One part to 100 parts of water

PART V (Disinfectants approved by the Minister in respect of general orders until 17th September 1971)

Column 1 Orders in respect of which disinfectant approved by the Minister	Column 2 Description of Disinfectant	Column 3 Dilution rate
Any general order	AES Disinfectant Fluid	One part to 69 parts of water
	Agricultural Supplies Disinfectant Fluid	One part to 69 parts of water
	Albafect Disinfectant Fluid	One part to 99 parts of water
	Allens Disinfectant Fluid	One part to 49 parts of water
	Allen & Neal's Disinfectant Fluid	One part to 49 parts of water
	Animal Health Products Disinfectant Fluid	One part to 69 parts of water
	Animal Health Services Disinfectant Fluid	One part to 69 parts of water
	Anstees Disinfectant Fluid	One part to 69 parts of water
	Antox Disinfectant Fluid	One part to 59 parts of water
	Applied 8-57 White Disinfectant Fluid	One part to 99 parts of water
	Aram's Disinfectant Fluid	One part to 69 parts of water

EXPLANATORY NOTE

(This Note is not part of the Order.)

This order revokes and re-enacts with amendments the Diseases of Animals (Disinfection) Order of 1936.

The order sets out in the Schedule separate lists of disinfectants approved by the Minister and the Secretary of State in relation to orders under the Diseases of Animals Act 1950 dealing with Foot-and-Mouth Disease, Fowl Pest and Tuberculosis and other orders under that Act which require the use of an approved disinfectant, and provides that references in any such order to the use of an approved disinfectant are to be taken as references to the disinfectants listed in the Schedule to this order as approved in relation to the order concerned.

The rate at which an approved disinfectant is to be diluted with water in general circumstances is also specified, but provision is made for this rate to be varied in particular cases by written notice given by an inspector of the Minister or of the local authority.

Other provisions include a requirement for containers marked as containing an approved disinfectant to carry a label with particulars of the dilution rate at which the disinfectant is to be used in general circumstances and the types of disease against which the use of the disinfectant is approved etc.
