EXPLANATORY NOTE

(*This Note is not part of the Regulations.*)

Commission Decision No. 3633/83/ECSC amended Article 3 of Commission Decision No. 37/54/ECSC so as to require undertakings subject thereto to publish price lists and conditions of sale in relation to two products in addition to those already listed in that Article, namely non-alloy tool steels containing 0.6% or more of carbon and alloy tool steels, including high speed steels.

Commission Recommendation No. 1835/ECSC of 3 July 1981 (OJ No L184 of 4.7.1981, p.9) to the Member States, as amended by Commission Recommendation No. 1518/82/ECSC of 11 June 1982 (L169 of 16.6.1982, p.5), required steel dealers to publish price lists and conditions of sale for steel products except, inter alia, products which were not required to be included in the price list and conditions of sale of a steelmaker by reason of Article 3 of Decision No. 37/54/ECSC — Article 8.2 of the former Recommendation as inserted by Article 1.4 of the latter, recited the amendments made to Decision No. 37/54/ECSC up to but not including Decision No. 3633/83/ECSC. These Regulations take account of and implement this later amendment, as respects obligations of steel dealers under S.I. 1982/1590, so as to require steel dealers to produce lists and conditions of sale in respect of the two new products added to the list in Article 3 of Decision No. 37/54/ECSC.
