1. The expressions "diameter" and "longer axis" respectively mean the outside diameter and longer axis measured where they are greatest, except in the case of scollops, where "diameter" means the inside diameter so measured. Both "diameter" and "longer axis" refer to the actual measurements of the goods and not to the measurements known as "trade sizes".

2. The sizes of vegetable dishes shall be computed by multiplying the number of inches in the length or longer axis by the number of inches in the width or shorter axis (as the case may be), each dimension being measured where it is greatest.

EXPLANATORY NOTE

(This Note is not part of the Order, but is intended to indicate its general purport.)

This Order supersedes the current Orders fixing maximum prices for manufacturers, importers, wholesalers and retailers of domestic pottery. The principal changes are as follows:—

(*a*) manufacturers' maximum prices for "scheduled pottery" (i.e. domestic pottery of any description specified in the Second Schedule to the Order) except pottery marked "Y" ("once fired" ware) are increased; manufacturers' maximum prices for two types of cup marked "Y" (i.e. those described in items 1 (*a*) and 3 (*a*) of Part I of the Second Schedule having a capacity of not less than 7 ozs.) are also increased; for all other scheduled pottery marked "Y" manufacturers' maximum prices are reduced; corresponding adjustments have been made to the retailers' overriding maximum prices specified in the Second Schedule;
(*b*) manufacturers' maximum prices for decorated export rejects are fixed at costs of production and sale plus 6 per cent.;
(*c*) where a manufacturer's maximum price is to be computed by reference to the price charged by him during a specified period in the past (the "basic period") it is now fixed at the price so charged with a percentage addition thereto and a new "basic period" is provided (Articles 4 and 13 (1));
(*d*) manufacturers are now required to give the same discount to all wholesalers;
(*e*) the definition of "purchase price" has been amended to allow wholesalers and retailers to include in their maximum prices the costs of collecting domestic pottery from the manufacturers' premises, while wholesalers may make a separate charge for delivery where the price of the pottery supplied (excluding delivery charges and purchase tax) does not exceed £4; hitherto the limit has been £2;

(*f*) the provisions of the Price-Controlled Goods (Invoices) Order, 1943 (S.R. & O. 1943 No. 604) have been modified in relation to export rejects supplied in crates under Board of Trade licences bearing the appropriate reference (see Article 12 (2));

(*g*) the cost-plus provisions have been revised;

(*h*) the maximum and overriding maximum prices which have hitherto been set out in a separately printed Related Schedule (Domestic Pottery Related Schedule No. 1), are now specified in the Second Schedule to this Order.
