EXPLANATORY MEMORANDUM TO

THE ELMBRIDGE (ELECTORAL CHANGES) ORDER 2016

2016 No. XXXX

1. Introduction

1.1 This explanatory memorandum has been prepared by the Local Government Boundary Commission for England and is laid before Parliament by Command of Her Majesty.

2. Purpose of the instrument

2.1 The Order provides for new district wards and numbers of district councillors for the district of Elmbridge at the district elections in 2016 and thereafter.

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

3.1 None.

Other matters of interest to the House of Commons

3.2 As this instrument is subject to the negative procedure and has not been prayed against, consideration as to whether there are other matters of interest to the House of Commons does not arise at this stage.

4. Legislative Context

4.1 The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 ("the 2009 Act") to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of the district of Elmbridge.

5. Extent and Territorial Application

5.1 This extent of this instrument is England.

5.2 The territorial application of this instrument is England.

6. European Convention on Human Rights

6.1 As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

7. Policy background

What is being done and why

7.1 The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and boundaries of wards or divisions for a specific local authority. The Commission began

the electoral review of Elmbridge in January 2015. The Commission decided to conduct the review following a request by the Council in order to consider a reduction in council size.

7.2 An electoral review aims to ensure that the number of electors represented by each county or district councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a four-stage review process the Commission published its 'Final recommendations - New electoral arrangements for Elmbridge Borough Council'[1] on 5 January 2016.

7.3 The Order provides for changes to the electoral arrangements for the district of Elmbridge at the district elections in 2016 as recommended by the Commission. The existing wards of the district will be replaced by 16 new ones, each returning three councillors. The Commission considered that the evidence received justified two wards having a variance predicted to vary by more than 10% from the authority's average by 2021.

7.4 Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a district council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within that district. Among other things, under Schedule 2 to that Act recommendations must ensure that no parish ward is split between new district wards and under section 56 of that Act recommendations must be made regarding the number of parish councillors for each parish ward. The Commission is not recommending any changes to parish council electoral arrangements as part of this review.

Consolidation

7.5 The Order does not amend or revoke any legislation.

8. Consultation outcome

8.1 The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from January 2015 until January 2016. There was an initial eight-week consultation, during which the Commission asked for proposals on the most appropriate ward boundaries for the district. Having considered the submissions received, the Commission published its 'Draft recommendations - New electoral arrangements for Elmbridge Borough Council'[2] on 30 June 2015. Following an eight-week consultation on the draft recommendations, the Commission considered the further evidence received and published its final recommendations.

8.2 During the course of the review, the Commission received 868 representations. The consultations involved Elmbridge Borough Council, Claygate Parish Council, local

MPs and other interested parties. The Commission based its draft recommendations on 48 members and the proposals of a political group and a local councillor. The Commission made some modifications in specific areas to better reflect the statutory criteria.

8.3 In response to the consultation on the draft recommendations, the Commission modified its recommendations in the Hersham, Long Ditton, Thames Ditton and Walton-on-Thames areas to reflect the localised comments received.

8.4 The Commission also received submissions opposing its proposed boundaries in Burwood Park, Esher, Hinchley Wood, Molesey, Oatlands Park, Weston Green and Weybridge. The Commission did not consider that satisfactory evidence had been received for it to alter its draft recommendations in these areas. The Commission therefore confirmed the remainder of its draft recommendations for the district as final.

8.5 A detailed analysis of the outcome of the consultation is set out in the report 'Final recommendations - New electoral arrangements for Elmbridge Borough Council' which is available at http://www.lgbce.org.uk/current-reviews/south-east/surrey/elmbridge

9. Guidance

9.1 The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

9.2 Once the Order has been made, the Commission will publish a press release and distribute to local media advising that new electoral arrangements will be implemented at the next local elections. The press release will also direct interested parties to the Commission's website where the final recommendations will be available in detail.

10. Impact

10.1 There is no impact on business, charities or voluntary bodies.

10.2 The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new district wards is to be funded by Elmbridge Borough Council.

10.3 An Impact Assessment has not been prepared for this instrument.

11. Regulating small business

11.1 The legislation does not apply to activities that are undertaken by small businesses.

12. Monitoring & review

12.1 The Commission will have no role in monitoring Elmbridge Borough Council's implementation of the Elmbridge (Electoral Changes) Order 2016. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of Elmbridge Borough Council. The Order will be reviewed insofar as the

Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.

13. Contact

13.1 Marcus Bowell at the Local Government Boundary Commission for England (Telephone: 0330 500 1250 or email: marcus.bowell@lgbce.org.uk) can answer any queries regarding the instrument.
