EXPLANATORY MEMORANDUM TO

THE SOUTHAMPTON (ELECTORAL CHANGES) ORDER 2023

2023 No. [XXXX]

1. Introduction

1.1 This explanatory memorandum has been prepared by the Local Government Boundary Commission for England and is laid before Parliament by Command of His Majesty.

2. Purpose of the instrument

2.1 The Order provides for new city wards and numbers of councillors for Southampton City Council at the city elections in 2023 and thereafter.

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

3.1 None.

4. Extent and Territorial Application

4.1 The territorial extent of this instrument is England and Wales.

4.2 The territorial application of this instrument is England.

5. European Convention on Human Rights

5.1 As the instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

6. Legislative Context

6.1 The Commission has power under section 59 of the Local Democracy, Economic Development and Construction Act 2009 (the 2009 Act) to make an order giving effect to recommendations contained in a report, prepared under section 58(4) of the 2009 Act, after conducting an electoral review under section 56(1) of that Act. This instrument is being made to give effect to the Commission's recommendations for new electoral arrangements set out in its report prepared following an electoral review of Southampton City Council.

7. Policy background

What is being done and why?

7.1 The purpose of an electoral review is to decide on the appropriate electoral arrangements including the number of councillors and the names, number and boundaries of wards or divisions for a specific local authority. The Commission began the electoral review of Southampton City Council in November 2021. The Commission decided to conduct the review as, based on the December 2019 electorate figures, 18.5% of wards had an electoral variance of greater than 10% from the average for the authority and one ward (Bargate) had a variance of greater than 30%.

7.2 An electoral review aims to ensure that the number of electors represented by each councillor is as close to equal as possible, but the recommendations must also have regard to community identities and interests and the need for effective and convenient local government. To achieve these aims, the Commission tries to ensure that the number of electors per councillor in every division or ward is as close as possible to the average for the authority, but is happy to show flexibility in moving away from the average based on the evidence provided during the consultation stages of the review. Following a four-stage review process the Commission published its 'New electoral arrangements for Southampton City Council - Final recommendations' on 1 November 2022.

7.3 The Order provides for changes to the electoral arrangements for Southampton City Council at the city elections in 2023 as recommended by the Commission. The existing wards of the council will be replaced by 17 new ones. 17 wards will each return three councillors. The Commission considered that the evidence received justified no wards having electoral variances of greater than 10% from the authority average by 2023.

7.4 Under section 56 of the 2009 Act, whenever the Commission recommends changes to the electoral arrangements for a borough, district or county council it must also recommend whether, in consequence of those changes, any changes should be made to the electoral arrangements for any parish council that is within the authority. Among other things, under Schedule 2 to that Act, recommendations must ensure that no parish ward is split between new city wards, and under section 56 of that Act, recommendations must be made regarding the number of parish councillors for each parish ward.

7.5 In the case of Southampton City Council, it does not contain any parishes, so no changes of this nature have been made.

8. European Union Withdrawal and Future Relationship

8.1 This instrument does not relate to withdrawal from the European Union.

9. Consolidation

9.1 This Instrument does not amend or revoke any legislation.

10. Consultation outcome

10.1 The Order gives effect to recommendations that were consulted on during the review of electoral arrangements from November 2021 to July 2022. During the course of the review, the Commission received approximately 250 representations. The consultations involved the City Council, local MPs, local residents and other interested parties. There was an initial ten-week consultation, during which the Commission asked for proposals on the most appropriate number of councillors and ward boundaries for the city. The Commission considered that a council size of 51 would ensure effective and convenient local government for the authority. Having considered the submissions received, the Commission published its 'New electoral arrangements for Southampton City Council – Draft Recommendations' on 10 May 2022. Following a ten-week consultation on the draft recommendations, the Commission considered the further evidence received and published its final recommendations.

10.2 In response to the consultation on the draft recommendations, the Commission modified its recommendations to make minor amendments to the boundaries between Bargate and Bevois wards, Bevois and Portswood wards, Swaythling and Bassett wards, Harefield and Bitterne Park wards and Peartree and Sholing wards. It also renamed three wards. It recommended that the proposed Bargate North ward be renamed to Banister & Polygon, Bargate South ward to Bargate and Bitterne ward to Thornhill.

10.3 The Commission confirmed its draft recommendations for the remainder of the city as final.

10.4 A detailed analysis of the outcome of the consultation is set out in the report 'New electoral arrangements for Southampton City Council – Final Recommendations' dated November 2022. As indicated in the Order, the mapping referred to in the Order is normally accessible at all reasonable times at the Commission's offices. If any person wishes to view the map and the report, the Commission will consider this and seek to make appropriate arrangements. Moreover, the relevant map, as well as the report are accessible on our website, which is available at https://www.lgbce.org.uk/all-reviews/south-east/hampshire/southampton-unitary-authority-ua

10.5 All reports can be found at the following location: https://www.lgbce.org.uk/all-reviews/south-east/hampshire/southampton-unitary-authority-ua

11. Guidance

11.1 The Commission does not intend to issue any guidance alongside this instrument. This is not considered necessary as the Order is self-explanatory and gives effect to recommendations following consultation with interested parties as to the changes to electoral arrangements.

12. Impact

12.1 There is no, or no significant, impact on business, charities or voluntary bodies.

12.2 The impact on the public sector will be limited to the area for which the Order makes provision. The one-off cost of producing the map referred to by the instrument is to be funded by the Commission. The one-off cost of amending the electoral register to reflect the new wards is to be funded by Southampton City Council.

12.3 A full Impact Assessment has not been prepared for this instrument because the impact is limited and relates to the specific local authority area under review.

13. Regulating small business

13.1 The legislation does not apply to activities that are undertaken by small businesses.

14. Monitoring & review

14.1 The Commission will have no role in monitoring the Council's implementation of the Southampton City Council (Electoral Changes) Order 2023. The Commission is not required to undertake such monitoring; that is a matter for the relevant officers of Southampton City Council. The Order will be reviewed insofar as the Commission continually monitors local authorities in England to identify any that meet its criteria for electoral reviews.

15. Contact

15.1 Glynn McDonald, Communications & Public Affairs Manager at the Local Government Boundary Commission for England (Telephone: 0330 500 1250 or email: glynn.mcdonald@lgbce.org.uk), can be contacted with any queries regarding the instrument.
