As to water rate.

**57.** Once or oftener in every year the Commissioners may make a special assessment, to be called "The Drumcondra, Clonliffe, and Glasnevin Township Water Rate," the amount to be raised in any one year by which rate shall not exceed the amount required in the year for the purposes of this Act with respect to water supply, including the payment of rent, the provision of a sinking fund, the laying of mains, and all other works and things incidental to such supply; and the Drumcondra, Clonliffe, and Glasnevin township water rate shall in no case exceed in one year the rate of one shilling in the pound, and shall not, including all other rates for the time being assessed or leviable under this Act, exceed the total rate of three shillings in the pound: Provided always, that not more than one year's water rate shall be levied until water has been brought into the township.

As to sinking fund special rate.

**62.** In case the Commissioners shall hereafter borrow any money under the authority for that purpose in this Act contained, they may make a special assessment, to be called "The Sinking Fund Rate," to be levied in all respects like the township or water rates by this Act authorised: Provided always, that the total amount to be raised in any one year by means of the "The Sinking Fund Rate" shall be included in the limit of taxation under this Act, and shall not exceed the amount required for the year to pay the interest on money borrowed and from time to time remaining due on mortgage under this Act, and for providing the amount to be set apart as a sinking fund for discharging the principal money so borrowed upon mortgage.

And the Commissioners may from time to time pay off any portion of the debt so created, and re-borrow the amount so paid off, if the money with which the debt so paid off was provided from any other source than the sinking fund by this Act authorised, but any moneys paid off by the operation of the sinking fund shall not be re-borrowed by the Commissioners.

As to appointment of a receiver.

**65.** The persons to whom any mortgages shall be granted by the Commissioners under this Act may enforce payment of any arrears of interest or principal, or of principal and interest, due upon their mortgages by the appointment of a receiver; and in order to authorise the appointment of a receiver in respect of principal, the amount owing to the mortgagees by whom the application for a

receiver is made shall not be less one tenth of the sum secured by all the mortgages.

Application of moneys borrowed.

**66.** All moneys borrowed by the Commissioners under the authority of this Act shall be applied only in payment of costs, charges, and expenses of this Act, and for the purchase of land and construction of works or buildings by this Act authorised to be acquired or constructed, and for the costs and charges attending or consequent thereon, and of the laying down of water mains and pipes.

If it appear to the Local Government Board for Ireland, by such return or otherwise, that the said Commissioners have failed to set apart the sum required by this Act for the sinking fund, or have applied any portion of the moneys set apart for that fund to any purposes other than those authorised by this Act, the Local Government Board for Ireland may, by order, direct that a sum not exceeding double the amount in respect of which such default shall have been made shall be set apart and invested as part of the sinking fund; and such order shall be enforceable by writ of Mandamus, to be obtained by the Local Government Board for Ireland out of the Queen's Bench Division of the High Court of Justice in Ireland.

Power to determine appeal or amend rates.

**74.** The chairman of quarter sessions in and for the county of Dublin for the time being shall have power to hear and finally determine the matter of any appeal brought before him under this Act, and shall make such order thereon as to him shall seem meet, which order shall be final and conclusive on all parties; and he shall have power to order the name of any person interested or concerned in the event of such appeal, and having had notice thereof as herein is provided, to be inserted in such rate, and to be rated at such sum or sums of money, or to order the name of any such person to be struck out of such rate, or the sum or sums at which any such person is rated therein to be altered, or the amount of the rate to be reduced or increased, as the said chairman of quarter sessions shall think right: Provided always, that the

chairman of quarter sessions to whom such appeal shall be made shall not examine or inquire into any other cause or ground of appeal than such as is stated and specified in the notice of appeal, nor alter any such rate with respect to other persons or matter than are mentioned and specified in the notice of appeal; but if, upon an appeal from the whole of any rate, it shall be found necessary to quash or set aside the same, the chairman of quarter sessions shall quash the same, and shall in that case order the Commissioners to make a new rate in accordance with the provisions of this Act, and they are hereby required to make the same accordingly.

If rate decreased on appeal amount thereof to be returned.

**75.** If, upon the hearing of any appeal from any rate made under this Act, the chairman of quarter sessions shall order the name of any person to be struck off such rate, or the sum or sums rated on any person to be decreased or lowered, and if it shall be made to appear to the chairman of quarter sessions that such person, previously to the hearing of such appeal, paid any sum or sums of money in consequence of such rate which he ought not to have been charged with, then and in every such case the chairman of quarter sessions shall order all and every such sum and sums of money to be repaid by the said Commissioners, together with all reasonable costs, charges, and expenses occasioned by such person having been required to pay the same, to be recovered as penalties and forfeitures under this Act.

Notice of appeal and grounds thereof.

**76.** The person so appealing shall give or cause to be given at least fourteen days notice in writing of his intention of appealing as aforesaid, and of the matter or cause thereof, to the clerk of the Commissioners, and the chairman of quarter sessions upon the hearing of such appeal shall not examine or inquire into any other cause or ground of appeal than such as is stated and specified in the notice of appeal; and if any person shall appeal against a rate because any other person is rated therein at any greater or less sum than the net annual value of the hereditaments in respect of which such other person shall be rated, or for any cause that shall require any alteration to be made in such rates with respect to any other person, then and in every such case the person so appealing shall give such notice of appeal as aforesaid, not only to the clerk of the Commissioners, but also to every other person so interested or concerned in the event of such appeal, and every such other person shall, if he so desire, be heard upon such appeal.

Costs may be awarded.

**78.** The chairman of quarter sessions, upon hearing and finally determining the matter of any appeal, shall and may, according to his discretion, award such costs to the party appealing or appealed against as he shall think proper, and his determination in or concerning the premises shall be conclusive and binding on all parties to all intents and purposes whatsoever.

Expenses of Act.

**79.** All the costs, charges, and expenses of and incident to the preparing and passing of this Act, or otherwise in relation thereto, shall be paid by the Commissioners out of moneys raised by or on the credit of the Drumcondra, Clonliffe, and Glasnevin township rate under this Act, and within the limit of taxation: Provided always, and be it enacted, that so much of the township rate as shall be made for defraying the expenses of preparing and applying for, obtaining, and passing this Act, or in any way incidental thereto, shall be distinctly set forth in the said assessment, and it shall be lawful for every occupier paying such rate to deduct and retain a proportion of so much thereof as shall be expressed to be for such expenses from and out of any rent due or payable from him to his landlord, in like manner and in the same proportion as a tenant is now entitled by law to deduct from his landlord a proportion of the rate levied for the relief of the poor in Ireland.
