EXPLANATORY NOTE

(This note is not part of this licence, but is intended to indicate its general purport.)

The Electric Lighting (Restriction) Order, 1949, prohibits the use for business advertisement of lighting fittings consuming electricity supplied by an Electricity Board and restricts the standard of lighting of shops, hotels, restaurants, places of entertainment or sport and meeting places between the hours of 7 a.m. and 7 p.m. from Monday to Friday inclusive during the winter months.

This licence allows the use of lighting fittings not exceeding a power specified between sunset and the hour of closing to indicate that premises are open for the service of customers or clients, for illuminating shop windows, or bills of fare, or for giving information about the programmes at places of entertainment or sport.
