EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations replace the Training of Teachers Regulations, 1948 (as amended).

The principal changes made are, first, the prescription, in terms of the new General Certificate of Education, of the minimum examination qualifications for admission to College: and, second, the introduction of provision for dealing, as part of the ordinary Training College system, with Training Colleges which train teachers of technical subjects for employment in institutions of Further Education and Secondary Technical Schools.

The changes in the regulations are shown in heavier type.
