EXPLANATORY NOTE

(This Note is not part of the Order.)

Section 18 of the Agriculture Act 1986 ("the 1986 Act") gives the Minister of Agriculture, Fisheries and Food ("the Minister") power to designate an area in England as an environmentally sensitive area where it appears to him particularly desirable to conserve, protect or enhance environmental features in that area by the maintenance or adoption of particular agricultural methods.

This order designates an area in the Pennine Dales as an environmentally sensitive area (article 3). The area is defined by reference to maps which are available for inspection during normal office hours at the offices of the Ministry of Agriculture, Fisheries and Food at Great Westminster House, Horseferry Road, London SW1P 2AE, and at

(b) Carlisle Divisional Office, Eden Bridge House, Lowther Street, Carlisle CA3 8DX;

(c) Newcastle Divisional Office, Government Buildings, Kenton Bar, Newcastle-upon-Tyne NE1 2YA;

(d) Northallerton Divisional Office, Government Buildings, Crosby Road, Northallerton, North Yorkshire DL6 1AD.

Section 18(3) of the 1986 Act enables the Minister to enter into a management agreement with any person having an interest in agricultural land in a designated area if the Minister considers that conservation of environmental features in that area may be thereby facilitated, and the Order specifies requirements as to agricultural practices, methods and operations and the installation or use of equipment which must be included in such an agreement (article 4 and the Schedule).

The Order also contains provisions for recovery of sums paid under an agreement by the Minister in the event of a breach of the specified requirements, and for the determination by arbitration of any question as to whether a breach of those requirements has occurred (article 5). Payments to be made by the Minister under an agreement are to be at the rate of £100 per year per hectare of grassland to which the agreement relates (article 6).
