COMMISSION DECISION

of 4 June 1975

specifying the extent to which applications for import licences lodged in May 1975 for young bovine animals of alpine breeds for fattening can be accepted

(75/382/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community ;

Having regard to Council Regulation No 805/68/EEC (1) of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 (2), and in particular Article 21 (2) thereof ;

Whereas in application of Article 2 (2) of Commission Regulation (EEC) No 1208/75 (3) of 30 April 1975 on the issuing of import licences for certain young bovine animals of alpine breeds for fattening while protective measures are in force, as amended by Regulation (EEC) No 1407/75 (4), a decision must be taken, subject to an overall monthly limit of 5 000 head, regarding the extent to which applications for import licences can be accepted ;

Whereas, if the applications for import licences exceed the estimated volume, the Commission fixes percentage reductions in the quantities requested ; whereas, the applications submitted during the period from 16 to 25 May 1975 exceeded the estimated volume ;

Whereas, in view of the considerable differences existing between the quantities requested for each country of origin, different percentage reductions should be fixed for each of these quantities,

HAS ADOPTED THIS DECISION :

Article 1

1. The quantities of young cattle of alpine breed for which an application for an import licence has been submitted pursuant to Regulation (EEC) No 1208/75 in May 1975 shall be reduced by :

— 72·53 % for animals originating in and coming from Austria ;

— 87·24 % for those originating in and coming from Yugoslavia ;

— 100 % for those from other non-member countries.

2. The quantities reduced in this way shall, for each of the licences issued, be rounded up to the nearest whole number.

Article 2

This Decision is addressed to the Member States.
