COMMISSION DECISION

of 20 October 1975

specifying the extent to which applications for import licences lodged in October 1975 for young bovine animals of highland breeds for fattening can be accepted

(75/640/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 805/68 (1) of 27 June 1968 on the common organization of the market in beef and veal, as last amended by Regulation (EEC) No 1855/74 (2), and in particular Article 21 (2) thereof;

Whereas Article 2 (2) of Commission Regulation (EEC) No 2475/75 (3) of 29 September 1975 concerning the issue while protective measures are in force of import licences for certain young bovine animals of highland breeds for fattening provides that a Decision must be taken, subject to an overall monthly limit of 5 000 head, regarding the extent to which applications for import licences can be accepted;

Whereas, if the applications for import licences exceed the prescribed limit, the Commission shall specify percentages by which the quantities applied for are to be reduced; whereas the applications submitted during the period 1 to 10 October 1975 exceed the prescribed limit;

Whereas, in view of the considerable differences existing between the quantities applied for in respect of the various countries of origin, a percentage should be specified by which those quantities which originate in and come from Yugoslavia are to be reduced,

HAS ADOPTED THIS DECISION:

Article 1

1. The quantities of young bovine animals of highland breeds for which applications for import licences have been submitted pursuant to Regulation (EEC) No 2475/75 shall, during October 1975, be reduced by 25·23 % for animals originating in and coming from Yugoslavia.

2. After such reduction the quantities in respect of each licence issued shall, where appropriate, be rounded up to the nearest whole number.

Article 2

This Decision is addressed to the Member States.
