COMMISSION DECISION

of 30 December 1974

extending for the Federal Republic of Germany in respect of a certain number of varieties the period after which seeds and propagating material of varieties of agricultural plant species are no longer subject to any marketing restrictions relating to variety

(75/86/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Directive No 70/457/EEC [1] of 29 September 1970 on the common catalogue of varieties of agricultural plant species, as last amended by the Council Directive of 11 December 1973 [2], and in particular Article 15 (7) thereof;

Whereas, in accordance with the provisions of Articles 15 (1) and 16 of the abovementioned Directive, seeds and propagating material of these varieties of agricultural species, which have been officially approved before 1 January 1973 in at least one of the original Member States and which also fulfill the conditions laid down in the said Directive, are with effect from 31 December 1974 no longer subject to any marketing restrictions relating to variety within the territory of the Community as originally constituted;

Whereas, Article 15 (2) of the abovementioned Directive however provides that a Member State may be authorized to prohibit the marketing of seeds and propagating material of certain varieties;

Whereas the Federal Republic of Germany has requested by letter of 18 December 1974 such authorization for a certain number of these varieties;

Whereas this request is now being carefully examined by the Commission; whereas it is not possible to complete examination of all the varieties which are the subject of the request before expiry of the period in question;

Whereas it consequently seems desirable to extend, for the Federal Republic of Germany, the period in question for an appropriate time to permit a full examination of the request;

Whereas the measures provided for in this Decision are in accordance with the Opinion of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION:

Article 1

The period provided for in Article 15 (1) of Directive No 70/457/EEC, after whose expiry seeds and propagating material of varieties of agricultural plant species are no longer subject to any marketing restrictions relating to variety within the territory of the Community as originally constituted, shall be extended for the Federal Republic of Germany beyond 31 December 1974 until 30 June 1975 in respect of the following varieties:

I. BEET

1. **Sugar beet**

Cebeta
Delitzschpoly [1]
Kaweaa [1]
Kawecercomono [1]
Kawecercopoly [1]
Kawegigapoly [1]
