COMMISSION DECISION

of 27 January 1976

authorizing the Italian Republic not to apply Community treatment to transistorized radio-receivers, falling within subheading ex 85.15 A III of the Common Customs Tariff, originating in Japan and in free circulation in the other Member States

(76/240/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 16 January 1976 by the Italian Government to the Commission by telex from the office of its Permanent Representative to the European Communities, for authorization not to apply Community treatment to transistorized radio-receivers, falling within subheading ex 85.15 A III of the Common Customs Tariff, originating in Japan and in free circulation in the other Member States,

Whereas differences in the measures of commercial policy taken in connection with these products by Italy and by the other Member States as regards Japan are giving rise to deflection of trade;

Whereas this deflection of trade is preventing the execution of measures of commercial policy taken by Italy as regards Japan, such measures consisting in a prohibition of imports, no quota being at the moment open for the products in question;

Whereas it is not possible at the present time to set in motion the machinery for bringing about the necessary cooperation from the other Member States;

Wherreas authorization should be given, for a limited period, for the application of protective measures, under the first paragraph of Article 115, subject to the conditions laid down by the Commission Decision of 12 May 1971 [1], and in particular in Article 1 thereof;

Whereas a uniform system of imports could be adopted for the products in question as part of a common commercial policy as regards Japan; whereas the period of validity of these protective measures should expire upon the introduction of such a system;

Whereas furthermore the validity of such measures should expire on the opening of direct import possibilities into Italy from Japan,

HAS ADOPTED THIS DECISION:

Article 1

The Italian Republic is authorized not to apply Community treatment to imports of the following products, where they originate in Japan and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after 9 January 1976:

CCT heading No	Description of goods
ex 85.15 A III	Transistorized radio-receivers

Article 2

The period of validity of this Decision shall expire upon the introduction of a uniform system of imports as part of the common commercial policy as regards Japan or on the opening of direct import possibilities into Italy from Japan and in any event not later than 31 July 1976.

Article 3

This Decision is addressed to the Italian Republic.

Done at Brussels, 27 January 1976.
