of 26 March 1976

(76/442/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty made on 17 March 1976 by the French Government to the Commission by telex from the office of its Permanent Representative to the European Communities, for authorization not to apply Community treatment to radio-receivers, whether or not combined with a sound recorder or reproducer, falling within subheading 85.15 A III of the Common Customs Tariff, originating in Japan and in free circulation in the other Member States,

Whereas since the application of Article 115, the importation into France of the product in question originating in Japan is subject to a semestrial quota of 195 000 pieces which is wholly taken up ;

Whereas differences in the measures of commercial policy taken in connection with these products by France and by the other Member States as regards Japan are giving rise to deflection of trade ;

Whereas this deflection of trade is preventing the execution of the abovementioned measures of commercial policy currently being taken by France as regarding Japan ;

Whereas it is not possible at the present time to set in motion the machinery for bringing about the necessary cooperation from the other Member States ;

Whereas authorization should be given, for a limited period, for the application of protective measures, under the first paragraph of Article 115, subject to the conditions laid down by the Commission Decision of 12 May 1971 (1), and in particular in Article 1 thereof ;

Whereas a uniform system of imports could be adopted for the products in question as part of a common commercial policy as regards Japan ; whereas the period of validity of these protective measures should expire upon the introduction of such a system,

HAS ADOPTED THIS DECISION :

Article 1

The French Republic is authorized not to apply Community treatment to imports of the following products, where they originate in Japan and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after 9 March 1976 :

CCT heading No	Description of goods
85.15 A III	Radio-receivers, whether or not combined with a sound recorder or reproducer

Article 2

The period of validity of this Decision shall expire upon the introduction of a uniform system of imports as part of the common commercial policy as regards Japan and in any event not later than 30 June 1976.

Article 3

This Decision is addressed to the French Republic.
