relating to the urgent supply to the League of Red Cross Societies of vitaminized skimmed-milk powder to be bought on the Community market, for use as food aid for Mauritania

(Only the German text is authentic)

(77/175/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 804/68 of 27 June 1968 on the common organization of the market in milk and milk products (1), as last amended by Regulation (EEC) No 559/76 (2), and in particular Articles 7 (5) and 28 thereof,

Having regard to Council Regulation (EEC) No 1298/76 of 1 June 1976 laying down general rules for the supply of skimmed-milk powder as food aid to certain developing countries and international organizations under the 1976 programme (3), as amended by Regulation (EEC) No 2017/76 (4), and in particular Article 6 thereof,

Whereas Council Regulation (EEC) No 1299/76 of 1 June 1976 on the supply of skimmed-milk powder to certain developing countries and international organizations under the 1976 food-aid programme (5), provides *inter alia* for 1 000 tonnes of skimmed-milk powder to be made available to the League of Red Cross Societies (RCS League); whereas the RCS League has requested 500 tonnes of vitaminized skimmed-milk powder for Mauritania;

Whereas Regulation (EEC) No 1298/76 provides in Article 2 (2) that, if the amounts of skimmed-milk powder in public stocks do not have the characteristics necessary for their particular destination where this requires, in particular, the addition of vitamins, supply shall be ensured by the buying in of skimmed-milk powder on the Community market;

Whereas Article 5 of Regulation (EEC) No 1298/76 provides that, for the purpose of determining the forwarding costs in case of emergency, a private contract may be concluded;

Whereas in view of the need to provide immediate aid, it is apparent that mutual agreement must be sought in respect of this supply;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS DECISION:
