COMMISSION DECISION

of 3 March 1977

authorizing the Kingdom of Belgium to permit temporarily the marketing of seed not complying with the requirements of Council Directive 66/401/EEC

(77/217/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 66/401/EEC of 14 June 1966 on the marketing of fodder plant seed [1], as last amended by Directive 75/444/EEC [2], and in particular Article 17 thereof,

Having regard to the request made by the Kingdom of Belgium,

Whereas in Belgium the production of Westerwold ryegrass seed complying with the requirement of the said Directive has been insufficient in 1976 and therefore will not be adequate to meet that country's needs ;

Whereas it is not possible sufficiently to cover this demand with 'certified seed' from other Member States, or from third countries, of varieties included either in the common catalogue of varieties of agricultural plant species or in the Belgian national catalogues of varieties ;

Whereas the Kingdom of Belgium should therefore be authorized to permit, for a period expiring on 31 July 1977, the marketing of seed of the abovementioned species of varieties not included either in the common catalogue of varieties of agricultural plant species or in the Belgian national catalogues of varieties ;

Whereas moreover other Member States, which are able to supply the Kingdom of Belgium with seed not complying with the requirements of the Directive, should be authorized to permit the marketing of such seed provided that it is intended for Belgium ;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seed and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION :
