of 28 December 1977

extending for the Federal Republic of Germany in respect of a certain number of varieties the period provided for in Article 15 (1) of Directive 70/457/EEC

(Only the German text is authentic)

(78/125/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 70/457/EEC of 29 September 1970 on the common catalogue of varieties of agricultural plant species [1], as last amended by Directive 78/55/EEC of 19 December 1977 [2], and in particular Article 15 (7) thereof,

Whereas, in accordance with the provisions of Article 15 (1) of the abovementioned Directive, seeds or propagating material of these varieties of agricultural plant species which have been officially approved during the year 1975 in at least one of the Member States and which also fulfil the conditions laid down in the said Directive are, with effect from 31 December 1977, no longer subject to any marketing restrictions relating to variety within the Community ;

Whereas, however, Article 15 (2) of the abovementioned Directive provides that a Member State may be authorized upon application to prohibit the marketing of seed and propagating material of certain varieties ;

Whereas the Federal Republic of Germany has requested such authorization for certain varieties ;

Whereas this request is now being carefully examined by the Commission ;

Whereas it is not possible to complete examination of the varieties of sugar and fodder beet, perennial ryegrass and red clover which are the subject of the request before expiry of the period provided for in Article 15 (1) of the said Directive ;

Whereas it consequently seems desirable to extend, for the Federal Republic of Germany, the period in question for an appropriate time to permit a full examination of the request for those varieties ;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION :
