COMMISSION DECISION

of 20 March 1978

authorizing the French Republic not to apply Community treatment to bleached or unbleached cotton fabric and woven fabrics of man-made fibres (discontinuous or waste), falling within heading No ex 55.09 or subheading ex 56.07 A of the Common Customs Tariff, originating in Thailand and in free circulation in the other Member States

(78/405/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 15 March 1978 by the French Government to the Commission of the European Communities, for authorization not to apply Community treatment to bleached or unbleached cotton fabric and woven fabrics of man-made fibres (discontinuous or waste), falling within heading No ex 55.09 or subheading ex 56.07 A of the Common Customs Tariff, originating in Thailand and in free circulation in the other Member States,

Whereas the importation into the Community of the products in question originating in Thailand is covered by an Agreement negotiated between the Community and this country;

Whereas under that Agreement Thailand has undertaken to take all necessary steps to limit its exports of the products in question to the Community to certain ceilings allocated among the Member States;

Whereas it was not possible on that occasion to allocate these ceilings on the basis of the needs of the individual markets; whereas for that reason disparities persist between the import conditions in the various Member States; whereas uniformity can be achieved only progressively;

Whereas disparities in the commercial policy measures applied in connection with these products by the Member States are giving rise to deflection of trade, thus preventing the execution of those commercial policy measures, which are in force because of the difficult economic situation in the sector concerned;

Whereas according to the application submitted there are serious difficulties in the industrial sector concerned, involving a considerable drop in production and employment and a progressive decline in its market share;

Whereas further indirect imports, in addition to those already effected, would be likely to aggravate these difficulties;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States;

Whereas authorization should accordingly be given for the application of protective measures under the first paragraph of Article 115, subject to the conditions specified in the Commission Decision of 12 May 1971 [1] and in particular Article 1 thereof;

Whereas, however, the request for a licence which gave rise to the application in question does not need to be covered by such an authorization in view of the small amount involved,

HAS ADOPTED THIS DECISION:
