COMMISSION DECISION

of 20 March 1979

authorizing the French Republic to permit temporarily the marketing of seed not complying with the requirements of Council Directive 69/208/EEC

(79/356/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 69/208/EEC of 30 June 1969 on the marketing of seed of oil and fibre plants (1), as last amended by Directive 78/1020/EEC (2), and in particular Article 16 thereof,

Having regard to the request made by the French Republic,

Whereas in the French Republic the production of sunflower seed complying with the requirements of the said Directive has been insufficient in 1978 and therefore will not be adequate to meet that country's needs ;

Whereas it is not possible sufficiently to cover this demand with seed from other Member States, or from third countries, meeting all the requirements laid down in the said Directive ;

Whereas the French Republic should therefore be authorized to permit, for a period expiring on 31 July 1979, the marketing of seed of the abovementioned species of varieties not included either in the common catalogue of varieties of agricultural plant species or in the French national catalogues of varieties ;

Whereas, moreover, other Member States, which are able to supply the French Republic with seed not complying with the requirements of the Directive, should be authorized to permit the marketing of such seed provided that it is intended for France ;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seed and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION :
