(79/548/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Decision 77/186/EEC of 14 February 1977 on the exporting of crude oil and petroleum products from one Member State to another in the event of supply difficulties [1], and in particular Article 1 thereof,

After consulting the group of delegates from Member States as provided for in Directive 73/238/EEC [2],

Whereas the present reduction of production affects the exports of crude oil to the Community;

Whereas this development could bring about disturbances in traditional trade flows of crude oil and petroleum products between Member States;

Whereas, therefore, in order to prevent such a situation, it is necessary to continue to monitor these trade flows regularly by means of a Community system;

Whereas in particular, in view of the supply situation in Belgium, France, Luxembourg and the Netherlands, provision should be made in respect of trade involving these Member States for a second extension of the system provided for by Decisions 79/126/EEC [3], 79/135/EEC [4] and 79/397/EEC [5]; whereas the Member States in question have made a request to this effect,

HAS ADOPTED THIS DECISION:

Article 1

In Articles 2 of Decision 79/126/EEC and of Decision 79/135/EEC the date '31 March 1979' is replaced by '30 September 1979', unless a contrary decision is taken on the basis of Article 5 of Decision 77/186/EEC.

Article 2

This Decision is addressed to the Kingdom of Belgium, the French Republic, the Grand Duchy of Luxembourg and the Kingdom of the Netherlands.

Done at Brussels, 31 May 1979.
