(78/804/EEC)

Having regard to Fifth Council Decision 76/538/EEC of 17 May 1976 on the equivalence of field inspections carried out in third countries on seed-producing crops (1), as last amended by Decision 79/234/EEC (2), and in particular Article 2 thereof,

Whereas on 14 June 1977 the Council of the Organization for Economic Cooperation and Development (OECD) accepted a scheme for the varietal certification of maize seed moving in international trade ;

Whereas this system is intended to serve in future as a reference basis for the equivalence of maize seed produced in third countries ;

Whereas it is therefore necessary, as a first step, to establish, in addition to the equivalence of certain national systems, the equivalence also of this OECD system for the field inspection of maize seed harvested after 30 June 1979 in those third countries already able to apply the OECD system ; whereas Spain has applied this scheme since 1 July 1979 ;

Whereas Yogoslavia and Sweden have given notice that the name of the competent authority for the certification of seeds has changed ;

Whereas it is therefore necessary to amend the Annex to the abovementioned Decision in relation to Yugoslavia, Sweden and Spain ;
