Whereas it was not possible to finalize the tables relating to the classification of agricultural holdings on the basis of a Community typology before such typology was established; whereas such typology was established by Commission Decision 78/463/EEC (3); whereas such typology should be employed for the purposes of the survey as prescribed by Regulation (EEC) No 3228/76;

Whereas, pursuant to Article 6 (1) (d) of Regulation (EEC) No 3228/76, the Member States are to transcribe the results of the survey on to magnetic tape using a standard program for all Member States; whereas the method of transcription and the standard program are to be drawn up in accordance with the procedure laid down in Article 8 of the said Regulation;

Whereas, by virtue of Commission Decision 78/73/EEC (4), the standard code and the detailed rules for the transcription on to magnetic tape of the results of the survey on the structure of agricultural holdings for 1977 were laid down in respect of the schedule of tables already drawn up; whereas there are to be added to such schedule the tables relating to the classification of agricultural holdings on the basis of a Community typology;

Whereas, pursuant to Article 6 (1) (e) of Regulation (EEC) No 3228/76, the deadline for the transmission to the Statistical Office of the European Communities of the tables relating to the classification of agricultural holdings on the basis of a Community typology is to be fixed in accordance with the procedure laid down in Article 8 of the said Regulation;
