COMMISSION DECISION

of 19 October 1979

authorizing the Federal Republic of Germany not to apply Community treatment to woven fabrics of regenerated textile fibres (discontinuous or waste), other than narrow woven fabrics, pile fabrics (including terry fabrics) and chenille fabrics, falling within subheading 56.07 B of the Common Customs Tariff (NIMEXE codes 56.07-37, 42, 44, 48, 52, 53, 54, 57, 58, 62, 63, 64, 66, 72, 73, 74, 77, 78, 82, 83, 84, 87) (category 37), originating in South Korea and in free circulation in the other Member States

(79/930/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to the application under the first paragraph of Article 115 of the Treaty, made on 11 October 1979 by the German Government to the Commission of the European Communities, for authorization not to apply Community treatment to woven fabrics of regenerated textile fibres (discontinuous or waste), other than narrow woven fabrics, pile fabrics (including terry fabrics) and chenille fabrics, falling within subheading 56.07 B of the Common Customs Tariff (NIMEXE codes 56.07-37, 42, 44, 48, 52, 53, 54, 57, 58, 62, 63, 64, 66, 72, 73, 74, 77, 78, 82, 83, 84, 87) (category 37), originating in South Korea and in free circulation in the other Member States,

Whereas the importation into the Community of the products in question originating in South Korea is covered by an Agreement negotiated between the Community and that country;

Whereas under that Agreement South Korea has undertaken to take all necessary steps to limit its exports of the products in question to the Community up to the amount of certain ceilings allocated among the Member States;

Whereas it was not possible on that occasion to allocate these ceilings on the basis of the needs of the individual markets; whereas there are therefore disparities existing between the import conditions in the various Member States; whereas uniformity can only be achieved progressively;

Whereas there are serious difficulties in the industrial sector concerned, involving a considerable drop in production and employment;

Whereas further indirect imports, in addition to those already made or proposed, would be likely to aggravate these difficulties and to call into question the objectives sought by the commercial measures concerned;

Whereas it is not possible to set in motion rapidly the machinery for bringing about the necessary cooperation from the other Member States;

Whereas authorization should accordingly be given for the application of protective measures under the first paragraph of Article 115, subject to the conditions laid down in Commission Decision 71/202/EEC of 12 May 1971 [1], and in particular Article 1 thereof;

Whereas, however, the application for a licence which gave rise to the application in question does not need to be covered by such an authorization in view of the small amount involved,

HAS ADOPTED THIS DECISION:

Article 1

The Federal Republic of Germany is authorized not to apply Community treatment to the products indicated below, where they originate in South Korea and are in free circulation in the other Member States, and in respect of which applications for import licences were lodged after 8 October 1979:
