COUNCIL DECISION

of 19 May 1981

amending Decision 80/318/Euratom adopting a research and training programme (1979 to 1983) for the European Atomic Energy Community in the field of controlled thermonuclear fusion

(81/380/Euratom)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Atomic Energy Community, and in particular Article 7 thereof,

Having regard to the proposal from the Commission, submitted after consultation with the Scientific and Technical Committee,

Having regard to the opinion of the European Parliament [1],

Having regard to the opinion of the Economic and Social Committee [2],

Whereas, by Decision 80/318/Euratom [3], the Council adopted a research and training programme (1979 to 1983) in the field of controlled thermonuclear fusion, in which it fixed the upper limit of expenditure commitments for the JET project at 145 million European units of account;

Whereas the most recent analyses have shown that because of changes in economic conditions this figure is no longer sufficient,

HAS DECIDED AS FOLLOWS:

Sole Article

In the second paragraph of Article 2, and in the first sentence of paragraph 6 of the Annex to Decision 80/318/Euratom, the amount of 145 million European units of account shall be replaced by that of 195 million ECU.

Done at Brussels, 19 May 1981.

For the Council

The President

D. F. van der MEI
