COMMISSION DECISION

of 7 May 1982

authorizing the Federal Republic of Germany to permit temporarily the marketing of wheat seed not satisfying the requirements of Council Directive 66/402/EEC

(82/341/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 66/402/EEC of 14 June 1966 on the marketing of cereal seed [1], as last amended by Directive 81/561/EEC [2], and in particular Article 17 thereof,

Having regard to the request submitted by the Federal Republic of Germany,

Whereas in Germany the production of wheat seed satisfying the requirements of Directive 66/402/EEC has been insufficient in 1981 and therefore is not adequate to meet that country's needs;

Whereas it is not possible to cover this demand satisfactorily with seed from other Member States, or from third countries, satisfying all the requirements laid down in the said Directive;

Whereas the Federal Republic of Germany should therefore be authorized to permit, for a period expiring on 30 April 1982, the marketing of seed of category 'certified seed' of the abovementioned species belonging to varieties included neither in the common catalogue of varieties of agricultural plant species nor in the national catalogues of varieties of the Member States or of the category 'commercial seed';

Whereas, moreover, other Member States, which are able to supply Germany with such seed not satisfying the requirements of the Directive should be authorized to permit the marketing of such seed provided that it is intended for Germany;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Seeds and Propagating Material for Agriculture, Horticulture and Forestry,

HAS ADOPTED THIS DECISION:
