authorizing the French Republic to apply intra-Community surveillnce to imports of gloves, mittens and mitts, knitted or crocheted, products of category 10, originating in Malaysia, Thailand and the Philippines, which have been put into free circulation in the Community and which may be the subject of protective measures under Article 115 of the Treaty

(83/150/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular the first paragraph of Article 115 thereof,

Having regard to Commission Decision 80/47/EEC of 20 December 1979 on surveillance and protective measures which Member States may be authorized to take in respect of imports of certain products originating in third countries and put into free circulation in another Member State [1], and in particular Articles 1 and 2 thereof,

Whereas Decision 80/47/EEC requires Member States to have prior authorization from the Commission before introducing intra-Community surveillance of the imports concerned ;

Whereas the Commission, by Decision 82/205/EEC of 22 December 1981 [2] and other relevant Decisions, authorized certain Member States to introduce such surveillance for the import of certain products ;

Whereas on 25 February 1983 further requests were made under Article 2 of Decision 80/47/EEC by the French Government to the Commission of the European Communities, that is three requests concerning textile products of category 10 originating in Malaysia, Thailand and the Philippines ;

Whereas information given by the French authorities in support of this application has been subjected to close examination by the Commission, in accordance with the criteria laid down by Decision 80/47/EEC and 82/205/EEC ;

Whereas the Commission examined, in particular, whether the imports could be made subject to intra-Community surveillance measures under Article 2 of Decision 80/47/EEC, whether information was given as regards to economic difficulties alleged, whether during the reference years set out in Decision 80/47/EEC there had been deflection of trade and whether intra-Community licence applications had been submitted ;

Whereas this examination has shown that there is a risk that the import of products of category 10, originating in third countries and put into free circulation in the other Member States, which are set out in Article 1 hereto are worsening or prolonging the existing economic difficulties ; whereas, therefore, France should be authorized to make these imports subject to intra-Community surveillance until 30 June 1983,

HAS ADOPTED THIS DECISION :
