COMMISSION DECISION

of 31 May 1983

correcting the Commission Decision of 19 May 1983 amending for the second time Decision 82/827/EEC concerning certain measures of protection against classical swine fever and the Commission Decision of 19 May 1983 establishing second modification of Decision 83/216/EEC concerning certain measures of protection against classical swine fever

(83/293/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 64/432/EEC of 26 June 1964 on animal health problems affecting intra-Community trade in bovine animals and swine [1], as last amended by Directive 82/893/EEC [2], and in particular Article 9 thereof,

Whereas by its two Decisions of 19 May 1983 the Commission reinforced the measures of protection against classical swine fever for live pigs coming from certain areas of the Netherlands and the Federal Republic of Germany;

Whereas, as a result of errors, the Dutch version of Article 1 of Decision 83/261/EEC of 19 May 1983 [3] amending for the second time Decision 82/827/EEC [4] and the Dutch, Danish and Greek versions of Article 1 of Decision 83/262/EEC of 19 May 1983 [5] amending for the second time Decision 83/216/EEC [6] do not correspond with those presented to the Standing Veterinary Committee for its opinion; whereas it is necessary therefore to correct the Decisions in question,

HAS ADOPTED THIS DECISION:
