COMMISSION DECISION

of 1 September 1983

establishing that the apparatus described as 'Dionex — Stopped-flow Spectrophotometer, model D-110, with accessories' may be imported free of Common Customs Tariff duties

(83/456/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1798/75 of 10 July 1975 on the importation free of Common Customs Tariff duties of educational, scientific and cultural materials (1), as last amended by Regulation (EEC) No 608/82 (2),

Having regard to Commission Regulation (EEC) No 2784/79 of 12 December 1979 laying down provisions for the implementation of Regulation (EEC) No 1798/75 (3), and in particular Article 7 thereof,

Whereas, by letter dated 7 March 1983, Italy has requested the Commission to invoke the procedure provided for in Article 7 of Regulation (EEC) No 2784/79 in order to determine whether or not the apparatus described as 'Dionex — Stopped-flow Spectrophotometer, model D-110, with accessories', ordered on 28 November 1979 and intended to be used for research on the reaction mechanisms of transition metal complexes, should be considered to be a scientific apparatus and, where the reply is in the affirmative, whether apparatus of equivalent scientific value is currently being manufactured in the Community ;

Whereas, in accordance with the provisions of Article 7 (5) of Regulation (EEC) No 2784/79, a group of experts composed of representatives of all the Member States met on 6 July 1983 within the framework of the Committee on Duty-Free Arrangements to examine the matter ;

Whereas this examination showed that the apparatus in question is a spectrophotometer ; whereas its objective technical characteristics such as the sensibility and the use to which it is put make it specially suited to scientific research ; whereas, moreover, apparatus of the same kind are principally used for scientific activities ; whereas it must therefore be considered to be a scientific apparatus ;

Whereas on the basis of information received from Member States, apparatus of equivalent scientific value capable of use for the same purpose is not currently manufactured in the Community ; whereas, therefore, duty-free admission of this apparatus is justified,

HAS ADOPTED THIS DECISION :

Article 1

The apparatus described as 'Dionex — Stopped-flow Spectrophotometer, model D-110, with accessories', which is the subject of an application by Italy of 7 March 1983, may be imported free of Common Customs Tariff duties.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 1 September 1983.

For the Commission

Étienne DAVIGNON

Vice-President
