COMMISSION DECISION

of 10 October 1984

determining the world market price for peas and field beans

(84/488/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2036/82 of 19 July 1982 adopting general rules concerning special measures for peas, field beans and sweet lupins (1), as last amended by Regulation (EEC) No 1734/84 (2), and in particular Article 2 (1) thereof,

Whereas, under Regulation (EEC) No 2036/82, the world market price for peas and field beans, as referred to in Article 3 (2) of Council Regulation (EEC) No 1431/82 (3), as last amended by Regulation (EEC) No 1032/84 (4), is to be determined on the basis of offers made on the world market, disregarding those which cannot be considered representative of actual market trends; whereas in cases where no offer can be used for determining the world market price, this price is determined from prices recorded on the markets of the principal exporting countries; whereas, in cases where no offer or price can be used for determining the world market price, this price is fixed at a level equal to the guide price for the products in question;

Whereas, under Commission Regulation (EEC) No 2049/82 (5), as amended by Regulation (EEC) No 574/83 (6), and under Regulation (EEC) No 2036/82 and Council Regulation (EEC) No 1033/84 (7), the average world market price should be established per 100 kilograms of products in bulk, delivered at Rotterdam, of sound quality; whereas, for the purpose of establishing this price, only the most favourable offers should be used relating to deliveries closest in distance, excluding those relating to products being transported by ship;

Whereas for offers and prices which do not comply with the conditions laid down above, the necessary adjustments should be made, and in particular those referred to in Article 5 of Regulation (EEC) No 2049/82;

Whereas the world market price may be amended during the intervening period if the factors taken into consideration at the time of its fixing undergo a significant change;

Whereas the world market price has considerably decreased during recent weeks;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Management Committee for Dried Fodder,

HAS ADOPTED THIS DECISION:

Article 1

The world market price referred to in Article 2 of Regulation (EEC) No 2036/82 shall be 25 ECU per 100 kilograms.

Article 2

This Decision is addressed to the Member States.

It shall enter into force with effect from 1 October 1984.

Done at Brussels, 10 October 1984.

For the Commission

Poul DALSAGER

Member of the Commission
