COMMISSION

COMMISSION DECISION

of 18 February 1988

approving the plan relating to the examination for hormone residues submitted by the United Kingdom

(Only the English text is authentic)

(88/196/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 86/469/EEC of 16 September 1986 concerning examination of animals and fresh meat for the presence of residues [1], and in particular Article 4 thereof,

Whereas, by document of 8 July 1987, the United Kingdom sent the Commission a plan setting out the national measures taken on the examination for residues of the substances referred to in Annex I (A), Groups I and II to Directive 86/469/EEC;

Whereas examination of this plan, as modified, has shown that it conforms to the provisions laid down in Directive 86/469/EEC, and in particular Article 4 (1) thereof;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

The plan relating to the examination for residues of the substances referred to in Annex I (A), Groups I and II to Directive 86/469/EEC submitted by the United Kingdom is hereby approved.

Article 2

The United Kingdom shall adopt the necessary laws, regulations and administrative provisions for the implementation of the plan referred to in Article 1.

Article 3

This Decision is addressed to the United Kingdom.

Done at Brussels, 18 February 1988.

For the Commission
Frans ANDRIESSEN
Vice-President
