COMMISSION DECISION

of 18 February 1988

approving the plan relating to the examination for hormone residues submitted by the Hellenic Republic

(Only the Greek text is authentic)

(88/205/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 86/469/EEC of 16 September 1986 concerning examination of animals and fresh meat for the presence of residues [1], and in particular Article 4 thereof,

Whereas, by document of 22 September 1987, Greece sent the Commission a plan setting out the national measures taken on the examination for residues of the substances referred to in Annex I (A), Groups I and II to Directive 86/469/EEC;

Whereas examination of this plan, as modified, has shown that it conforms to the provisions laid down in Directive 86/469/EEC, and in particular Article 4 (1) thereof, except for the analysis to be made for the examination for trenbolone and zeranol; whereas for these two substances, Greece will present the necessary information in relation to the analysis to be performed;

Whereas the measures provided for in this Decision are in accordance with the opinion of the Standing Veterinary Committee,

HAS ADOPTED THIS DECISION:

Article 1

The plan relating to the examination for residues of the substances referred to in Annex I (A), Groups I and II to Directive 86/469/EEC submitted by Greece is hereby approved, except for the analysis to be made for the examination for trenbolone and zeranol.

Article 2

Greece shall adopt the necessary laws, regulations and administrative provisions for the implementation of the plan referred to in Article 1.

Article 3

This Decision is addressed to the Hellenic Republic.

Done at Brussels, 18 February 1988.

For the Commission

Frans ANDRIESSEN

Vice-President
