COMMISSION DECISION

of 8 January 1988

making an initial allocation to Luxembourg of part of the resources to be charged to the 1988 budget year for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community

(88/37/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3730/87 of 10 December 1987 laying down the general rules for the supply of food from intervention stocks to designated organizations for distributions to the most deprived persons in the Community [1],

Having regard to Council Regulation (EEC) No 3744/87 of 14 December 1987 laying down the detailed rules for the supply of food from intervention stocks to designated organizations for distribution to the most deprived persons in the Community [2], and in particular Article 10 thereof,

Whereas, in order to implement the scheme for the supply of such food to that section of the population, to be financed from resources available in the 1988 budget year, it is necessary to allocate the resources between the Member States;

Whereas provisional statistical data concerning the needs under this action upon which the allocation between Member States may be made is now available; whereas final data is expected to be available only in the first part of 1988;

Whereas on 4 January 1988, Luxembourg requested Commission authorization to initiate the action on its territory and indicated the quantities of produce that it wished to distribute; whereas it is desirable to initiate the scheme now in those parts of the Community where implementation may commence at an earlier date than in other parts; whereas different starting dates must not lead to discrimination between the various parts of the Community; whereas this absence of discrimination can be ensured by making an initial partial allocation; whereas decisions have already been taken by the Commission to make initial partial allocations of resources to several Member States [3];

Whereas, in accordance with the provisions of Article 1 (4) of Regulation (EEC) No 3744/87, the Commission has sought the advice of major organizations familiar with the problems of the most deprived persons in the Community when drawing up this Decision,

HAS ADOPTED THIS DECISION:

Article 1

1. An initial partial allocation of the resources referred to in Article 10 of Commission Regulation No 3744/87 shall be made as follows:

— Luxembourg: 15 000 ECU.

2. Subject to the limit set out in paragraph 1, the following quantities of produce may be withdrawn, from intervention, for distribution in Luxembourg:

— up to three tonnes of beef.

3. The withdrawals referred to in paragraph 2 may be made from 7 January 1988.

Article 2

Further decisions shall be taken relating to the allocation of resources for all Member States, including the granting of additional resources to Luxembourg, once the requirements are known.

Article 3

This Decision is addressed to the Member States.

Done at Brussels, 8 January 1988.

For the Commission

Frans ANDRIESSEN

Vice-President
